HEARING SET FOR KGEF

Shuler's License at Stake

Trinity Methodist Church Pastor Must Answer to Charges January 8

Commission's Examiner Will Be Here to Hear About Strife Over Radio

By "Times" Staff Correspondent

WASHINGTON, Nov. 13. (Exclusive)—The charges filed against radio station KGEF, operated at Los Angeles by Rev. R. P. Shuler, pastor of Trinity Methodist Episcopal Church, South, will be sifted by the Federal Radio Commission at a public hearing at Los Angeles on January 8, 1931, the commission announced today.

On that date Shuler will be required to appear with witnesses and show cause why his broadcasting license should not be rescinded because of asserted numerous violations of the law through personal attacks on the judiciary and courts, false statements, etc. The burden is on Shuler to prove affirmatively that he has not violated the law and has operated his station in the public interest. Three weeks ago the commission decided the charges against the broadcasting pastor were serious enough to warrant thorough investigation and gave Shuler only a temporary thirty-day extension of his license to December 1, next, pending such an inquiry. Ordinarily licenses are extended for ninety-day periods as a routine matter.

NIX GIVES ADVICE

At the same time the commission asked Lloyd S. Nix, Los Angeles attorney, representing George D. Lyon, complainant against the Shuler station, to Washington to advise the legal staff of the details of the case. Nix has been here the past two weeks. He and the commission counsel completed their work yesterday, it was submitted to the commission today and at once received unanimous action.

Pending the final outcome of the case the commission gave Shuler a temporary operating extension to January 31, 1931.

The hearing at Los Angeles will be before an examiner of the commission sent from Washington, with a member of the legal division of the commission acting as prosecutor. All evidence will be in the form of direct oral testimony instead of by depositions, as would be the case if the hearing were held in Washington.

TEXT OF ORDER

The formal order for the hearing issued by the Radio Commission reads as follows:

"In view of information received which raises a doubt in the mind of the commission whether the renewal of license to station KGEF, the Trinity Methodist Church, Los Angeles, Cal., would be in the public interest. Therefore, application for renewal of this license is set for hearing in order to give all parties interested an opportunity to be heard.

"The hearing will be held in Los Angeles on January 8, 1931, by an examiner.

"A temporary license to operate station KGEF on 1300 kilocycles, unlimited, to January 31, 1931, is granted."

Will Rogers Remarks:

BEVERLY HILLS, Nov. 13.—[To the Editor of The Times:] It kinder looks like we might get a little touch of good times pretty soon if we can only stop these "big boys" from predicting it.

They say Al Capone is here in Los Angeles. Guess he is figuring on opening a western branch here. This branch idea has just got this country by the nape of the neck.

Now it looks like the little home talent bootlegger who lived among us, raised his family and paid his taxes, is to go the way of the local banker and little grocery man. There is no chance for personal initiative any more; we are all just a cog in a big machine that's controlled from New York or Chicago.

Yours,
WILL ROGERS.

DAM WORK OUTLINED

Wilbur Will Ask for $15,000,000

Boulder Construction to Be Speeded to Reduce Unemployment

Contract to Be Let About March 1, According to Dr. Mead

WASHINGTON, Nov. 13. (AP)—Secretary Wilbur said today the returning Congress will be requested to appropriate approximately $15,000,000 for continuing construction on the Boulder Dam project during the next fiscal year.

The appropriation for the present year was $10,660,000.

Mr. Wilbur explained the amount to be requested will be entirely for work connected with the dam, exclusive of the all-American canal.

WORK OUTLINED

The new funds will be used for construction of the cofferdams necessary to divert the Colorado River, to continue work on the diversion tunnels, and for commencing construction on the dam proper.

The board of consulting engineers for the project will meet within the next two weeks at Denver to review the final plans for the cofferdams and for the dam proper.

Funds appropriated this year provided for construction of the railroad from a point near Las Vegas, Nev., to the dam site; for the highway, for electric power plant con-

ARMS RULE IN HAVANA

American Shot in Riot

Cuban President Declares Martial Law to Quell Political Violence

Florida Student Wounded During Demonstration Expected to Die

HAVANA, Nov. 13. (AP)—The tense Cuban political situation, marked by desultory shooting for several days and the deaths of at least four persons, tonight caused the serious injury of an American citizen, while Havana and its environs were placed under martial law.

Arturo Tagle y Soria, a 23-year-old student of Key West, Fla., was shot by a policeman while engaging in a student demonstration at Prado and Virtudes avenues, in the center of the capital's downtown district, and was not expected to live when taken to the Emergency Hospital.

RETAINED CITIZENSHIP

The youth, it was reported, had resided in Havana for four years but retained his American citizenship.

Soldiers took control of Havana and its suburbs today after President Machado exercised the authority invested in him by Congress more than a month ago to suspend constitutional guarantees. The decree at first was interpreted to cover all Cuba, but the President announced tonight that only Havana and its environs were affected.

The President's action followed sporadic disorders since one person was killed and fifty were injured at Santiago de Cuba in a clash between several hundred demonstrators and police Monday.

This was followed by rioting in the streets of Havana and a disturbance last night caused the accidental death of Mercedes Barbarrosa, who was hit by a stray bullet as she watched a street disturbance from a window. Four other persons were killed in shooting in various parts of the city today.

STUDENTS BLAMED

Much of the trouble is laid to students. The government ordered normal and elementary schools closed and prohibited students from gathering in the streets, the clashes later resulting from their refusal to obey the decree.

One incident of the trouble was the refusal of the newspaper El Pais and Diario de la Marina to publish because they objected to the government censorship of certain articles intended for today's issues. It was the first time in ninety-eight years that the Diario had been closed. Senorita Barbarrosa, the girl killed last night, was a sister-in-law of the chief editor of Diario.

With the proclamation of martial law the police were relieved of their seventy-two-hour vigil, heavily armed soldiers taking over the patrolling of the capital.

WOUNDED MAN DECLARED NOT AMERICAN CITIZEN

WASHINGTON, Nov. 13. (AP)—Ambassador Orestes Ferrara of Cuba said tonight he had received a message from the Cuban Foreign Office saying that Arturo Tagle y Soria, who was wounded in an encounter with Havana police, was not an American citizen.

Town in Burma Reported to Have Been Destroyed by Sweep of High Wind

LONDON, Nov. 13. (AP)—An Exchange Telegraph dispatch from Rangoon today reported hundreds of lives were lost in a cyclone which wiped out the town of Kyauk-Pyu on the west coast of Lower Burma.

All buildings are reported destroyed, trees uprooted and vessels in the harbor carried out to sea.

The news agency reported all communications have been cut.

Kyauk-Pyu is visited by vessels of the British India Navigation Company and reports say one of these sank.

It is feared many villages in the neighborhood were destroyed.

The homeless are reported to number thousands. Relief work was in progress.

Guzik Tax Lists Shown to Court

CHICAGO, Nov. 13. (AP)—The income-tax returns of Jack Guzik, reputed business manager for the Capone syndicate, were spread on the Federal court records today showing he filed earnings of $60,240 in all for the years 1927, 1928 and 1929.

The government, prosecuting him for asserted evasion of income-tax payments, charges his income in those years exceeded $1,000,000.

ROCKS REVEAL EARTH'S AGE

Findings of Yale Scientist Indicate Planet Cast Off by Sun 1,850,000,000 Years Ago

NEW HAVEN (Ct.) Nov. 13. (AP)—Evidence gathered from radio-active rocks that the earth may be 1,850,000,000 years old, was made public here tonight by Alois F. Kovarik, professor of physics at Yale. This age was calculated from the rate of radio discharge in a piece of uraninite rock from Sinyana Pala, Karelia, in Northwestern Russia.

Another specimen of uraninite from Keystone, S. D., showed an age of 1,465,000,000 years.

Still other rocks of different kinds from Norway, but all radio-active, yielded calculated ages ranging from 825,000,000 to 986,000,000

NEW FORMULA TOLD

The highest figure agrees approximately with recent astronomical calculations which have placed the time when the sun cast off the flaming earth as about 2,000,000,000 years ago.

Prof. Kovarik presented his findings in a paper before the Connecticut Academy of Arts and Sciences, in which he announced for the first time a new mathematical formula he has developed for measuring the earth's age through radio-active minerals.

This radio active time clock" method, as scientists call it, is not new, having been widely used by others, but Prof. Kovarik's formula in effect increases the number of these "clocks" by including more of the radio active rocks and their final forms of lead as measuring sticks.

FINDING NOT FINAL

The basis of all these "clocks" is a well-demonstrated fact that radio-active minerals disintegrate finally into some form of lead. The change occurs because the discharge is composed of particles of helium electrons which are forever lost to the original mineral, changing both its atomic weight and its chemical nature. It is a natural form of transformation.

The rate of radio active discharge never varies a hair, so far as scientists have learned, so that it is considered an almost perfect timing mechanism.

But Prof. Kovarik pointed out that the calculations he announced tonight are far from being final. There must be, he said, further complete examinations to establish reasonable assurance that the minerals analyzed have not also been altered by conditions other than their radio activity.

MARY HUGS M'DVANI AT WINDY CITY

Miss McCormic Also Bestows Kisses Aplenty in Greeting Prince

CHICAGO, Nov. 13. (Exclusive)—Prince Serge M'Dvani today stepped off the Twentieth Century Limited into hugs and kisses presented by Mary McCormic, lyric soprano of the Civic Opera.

It wasn't Mary's fault that they were noticed by reporters. In fact, she did all she could to hide the fact of her presence. Slipping unobtrusively into the train shed, her coat collar raised in shield fashion against her cheek, she ran to the car bearing her fiance from New York.

But when the 26-year-old Prince from Paris stepped off the train there was no use pretending any longer. The magnetic sleekness and the radiant smile of the Prince simply made Mary forget all her reserve and rush into a sure-fire embrace. The Prince didn't exactly object to the proceedings, but smiled happily and mumbled inaudible somethings in her ear.

Both refused to say whether a wedding is in the offing.

International Commission Members Ready to Begin Final Survey of Flood-Control Problem

BY JACKSON S. BERGER
"Times" Staff Representative

YUMA (Ariz.) Nov. 13. (Exclusive)—Seeking basic facts on which to found recommendations for flood control of the lower Colorado River and an allocative treaty between the United States and Mexico, American and Mexican members of the International Water Commission arrived here tonight to begin a final survey of the problem.

Headed by L. M. Lawson, chief of the American group, and Vasquez Schaffino, Undersecretary of Mexican Foreign Affairs, the international commission tomorrow plans an inspection tour to Laguna Dam, twelve miles north of here, and over a vast fertile area to the south, which is watered by the Colorado.

After a luncheon, which is to be given the visitors by the Yuma Chamber of Commerce, the commission plans to depart by automobiles to El Centro. Other facts pertaining to the river and its control will be obtained there over the week-end, and the commissioners and delegates are due in San Diego Monday.

TIA JUANA TRIP PLANNED

At San Diego next week Commissioners Lawson and Schaffino will include in their survey a trip over contemplated reservoirs and water concentration projects on the Tia Juana River, a stream that is so situated geographically as to be a water source for immediate communities of the two nations.

"We are here," Lawson said, "to make a survey and gather all the facts we can pertaining to the flood control of the Colorado, a most important undertaking to this section of the country. After we have ob-

AMERICANS ATTACKED BY CHINESE

Ships Fired on Along Yangtze River, State Department Learns

WASHINGTON, Nov. 13. (AP)—Reports of continued firing upon American vessels by Chinese on the Yangtze River were announced by the State Department today as Secretary Stimson disclosed that the United States has made proposals to China with a view to gradual abolition of American extraterritorial privileges.

The proposals of the American government, similar to those made to the Chinese by the British, are in line with the statement last year that the United States is prepared to negotiate toward gradual relinquishment of the privileges under which Americans are in effect not subject to Chinese law.

Scattered rifle and cannon fire on the U.S.S. Panay along the Yangtze was reported to both the State and Navy departments by American authorities in China. American Consul-General Frank P. Lockhart, at Hankow, reported that firing on passing vessels had been resumed near Wusueh. Two privately owned American vessels reported having been fired upon.

Lockhart in another message said Chinese troops were being sent to Hwangan, Hupeh Province, where Rev. Burt N. Nelson of Minneapolis was reported recently to have been captured by bandits. Chinese authorities have advised Lockhart they are taking steps to protect Americans at Kwangchow.

British-American Deal Discussed

Service Planned Via Azores and Bermuda as Rival to Franco-Italian Route

Yankee Company Slated to Fly One Leg of System; Mail Rights Sought

NEW YORK, Nov. 13. (Exclusive) Tentative proposals have been discussed between two of the largest aircraft operating units of the world, one of them British, the other American, which have as their foundation and ultimate objective the establishment of a trans-Atlantic airplane service between England and the United States over a southern route by way of the Azores and Bermuda, it was learned today.

The negotiations are expected to take a definite form with the arrival here on Sunday on the Franconia of Maj. G. Woods Humphrey, general manager of Imperial Airways, who, it has been learned on reliable authority, has come to discuss with officers of Pan-American Airways airplane landing rights in Bermuda and the possibility of American planes meeting and transferring oversea airplane cargoes bound for America at that point.

DATE NOT TO BE SET

The discussions between the American and British aviation groups are not expected to be immediately concerned with anything as definite as operating schedules and a possible date for opening a trans-Atlantic service.

However, a factor of larger significance to international air transport is seen in the program of the negotiations. While none of the principals representing the American interests would discuss the matter, observers stated that the move indicates a willingness to divide a trans-Atlantic route with this country in order to shut out other European rivals and particularly to offset the project of France and Italy in the South Atlantic. Imperial Airways has for some time held exclusive commercial air concessions in Bermuda and is understood to have secretly concluded similar arrangements in the Azores, thus capturing the natural stepping stones across the Atlantic.

The proposal that planes of the Pan-American Airways, which today operate a total of 22,000 miles of airways in Latin America through the West Indies, Central America and Mexico, meet the British planes at Bermuda was made by the British company because the American Air Commerce Act forbids foreign-owned planes having commercial air line bases in this country. The basis for an operating agreement which would permit Imperial Airways to achieve its purpose indirectly will be the sharing of the air concession at Bermuda with the American planes.

MAIL EXCLUSIVELY

Although Pan-American Airway officials declined to discuss the proposal it was learned that overtures have been made to the Postoffice Department to fly American mail to Bermuda. A New York-to-Bermuda line, it was pointed out, is well within the range of present aircraft. The operation to Bermuda would be started with mail exclusively.

Pan-American Airways now has building at the Sikorsky aircraft plant at Bridgeport, two of the world's largest amphibians, capable of carrying forty passengers. But it is understood that the operating engineers of the line have recommended that the service, when it is opened, be operated with a new type of high-speed mail plane. It is understood that Pan-American representatives have made extensive surveys for the establishment of a land base at Bermuda and that all

PREMIER OF JAPAN SHOT

Youth Seized as Assassin

Son Gives Blood as Wound Proves More Serious Than Expected

Assailant Member of Society Preaching Reactionary Patriotism

TOKIO, Nov. 14. (Friday) (AP)—Yuko Hamaguchi, warrior of peace and Premier of Japan, whose voice thousands of Americans heard eighteen days ago when he joined President Hoover and Prime Minister MacDonald of Great Britain in an international broadcast, lies in Imperial University Hospital today, the victim of an assassin's bullet.

His condition was serious, but physicians considered his chances of recovery good. The bullet penetrated the right side of the abdomen, ranging toward the hip.

The Premier, whose contribution to the success of the London naval conference was not spectacular but nevertheless of vital importance, was struck down at 8:55 a.m. on the platform of Tokio Central Station, where he was about to entrain for Okayama.

ASSASSIN SEIZED

As he approached his train, a youth wearing western clothing and who was hitherto unnoticed, emerged from the crowd lining the platform. He fired a single pistol shot from a distance of six feet. The Premier fell without a cry, clapping his hand to his wound.

Police, of whom there were scores on the platform, seized his assailant before he had a chance to turn and flee. The assassin was identified as Tomeo Sagoya, 23 years of age, a member of the Aikokusha, which, translated, means "Love of Country Association," a reactionary patriotic organization.

Members of his entourage and police carried the Premier to the station master's office and summoned physicians, also the Premier's wife, who arrived shortly after the shooting.

Hamaguchi was en route to Okayama, where the annual army maneuvers began today under the personal supervision of Emperor Hirohito, who left Tokio for that purpose Wednesday morning.

Following a cursory examination, physicians announced the Premier's condition was not serious. Later, however, they resorted to blood transfusions, the Premier's second son, Iwane, supplying the blood. It appeared then the Premier's condition was more dangerous than first indicated.

TAKEN TO HOSPITAL

At noon Hamaguchi was removed to the hospital. Physicians had not then attempted to remove the bullet.

Members of the Cabinet which Hamaguchi heads, including Baron Shidehara, Minister of Foreign Affairs, gathered at the railroad station soon after the shooting, awaiting news of the Premier's condition.

Although police were silent concerning the result of their grilling of Sagoya, it was learned the assassin is a native of Nagasaki. He formerly lived in Manchuria, recently removing to Tokio. As far as could be determined he is not connected with any major political party or society.

The Premier is 60 years of age.

GRAPEMEN DEFY GANGLAND

California Industry Will Sell New Concentrates in Chicago Despite Capone Threats

BY JOHN P. GALLAGHER
"Times" Staff Correspondent

CHICAGO, Nov. 13. (Exclusive)—Donald D. Conn, managing director of the California Vineyardists' Association and Fruit Industries, Ltd., tonight took official cognizance of the reported threats of "Scarface" Al Capone and his cohorts banning the introduction of new California grape concentrates into Chicago with a defi that his organizations will go ahead and "take a chance" with the Capone machine or other hostile bootleggers

Mr. Conn was here for a stopover visit preparatory to his departure tomorrow for San Francisco. During his first few hours stay he was besieged with telephone messages and telegrams from all sections of the country inquiring into the truth of published reports on the Pacific Coast that Capone gangsters had warned officials of Fruit Industries and kindred concerns that their new grape by-product would not be permitted in Chicago, or other large eastern centers.

THOUSAND THREATS

"I know the bootleggers and racketeers are after us," admitted Mr. Conn. "Threats have poured in upon myself, my associates and the organizations like rain drops. More than 1000 of them have been received. And why not? The most vicious elements in the country are perhaps the bootleggers and racketeers who have lived on law violations. But Fruit Industries is backed by government funds. We are conducting all our activities according to law, and shall take our chances with the bootleggers and racketeers.

"Our products will protect the law itself, its agencies and its customers."

Capone and his lieutenants for years have more or less controlled the grape market in Chicago. They have been careful to see that the city was not overrun with vinous, malt or hop fermentations or any kind of distillations. The gangsters were able to control the grape market by limiting the supply that could be purchased here. Only men under Capone's control can do the buying.

OPPOSITION EXPECTED

Commenting upon these facts, Mr. Conn said:

"Well, then, the threats are to be expected. Those engaged in unlawful distribution of illegal liquors naturally resent any plan of industry to conform with the law. However, we intend to market our

Only Three Bodies Found in French Disaster

Scores Believed Beneath Heaps of Debris

Searchers Halt Labors as Darkness Comes

LYONS (France) Nov. 13. (AP)—This was a bitter night in Lyons as workmen thrust crowbars under the debris of ruined homes, half fearful of what they would find beneath, following a landslide today that took perhaps as many as 100 lives. As night fell they had recovered only three bodies in the ruins along the slope of the Fourviere hill where the ground slid from under a dozen houses, tumbling them in upon themselves and burying men, women and children.

Police and firemen hurried to the vicinity as the first thunderclap of the catastrophe startled the city. Twenty-five of them moved into the ruins to rescue the injured, and were buried under walls which toppled in upon them without warning.

HORROR AND GRIEF

About the scene of horror the families of those lost sobbed as the work went slowly along. Volunteers were scarce after that group of police and firemen had perished, and the task of caring for the living appeared of even greater importance than that of searching for the bodies of the dead.

Engineers called from Grenoble hastily shored up buildings which remained standing; hospitals near the ruins were evacuated as a precautionary measure. The cathedral was opened to the survivors and hundreds of homeless crowded in, for it was the only place they had to spend the night.

CARDINAL BRAVES DEATH

Cardinal Maurin himself, who had narrowly escaped death or injury many times during the day as he moved about the ruins giving consolation where it was needed, supervised the temporary barracks into which he had turned his church.

As the night advanced and darkness made work impossible, the task of excavating the debris was halted.

Mayor Herriot, who once was Premier of France, came with the earliest contingent of police and remained most of the day. A landslide like this had been feared, he was told, because of heavy rains and some of the buildings along the hill had been emptied of tenants.

INQUIRY BEGINS

The Mayor instituted an investigation to determine whether any of his officials had neglected their duty in failing to take precautionary measures which might have averted the disaster.

It was a "geological slip" which caused the catastrophe, engineers say, and they express grave fears more rain tonight or during the next day or so may bring another landslide. With heavy rains, they say the whole Fourviere hill may come down in an avalanche which will be extremely dangerous.

WIFE TO HELP PAY ALIMONY

Opera Star Told She Must Aid Husband in Settling With First Spouse

CHICAGO, Nov. 13. (AP)—Irene Pavloska, Chicago Civic Opera star, was informed today she will be asked to contribute toward her husband's back alimony, due his first wife.

The husband, Dr. Maurice Mesirow, was ordered by Judge Trude to turn over $690 to the first Mrs. Mesirow, whom he divorced in 1928.

The first wife said she will sue Mme. Pavloska under a contract the singer signed as guarantor for the doctor's alimony, up to $5000.

struction, for commencing construction on Boulder City to house the workers, and for beginning work on the diversion tunnels.

PROGRESS PLEASES

The Interior Secretary expressed satisfaction with the progress made on the project which, he said, is ahead of the department's expectations.

Dr. Elwood Mead, chief of the Reclamation Bureau, told the House appropriations subcommittee for the Interior Department today of plans for next year's work on the project.

He told the subcommittee it is planned to receive bids on the dam within a few weeks and to let the contract about March 1. Some of the money requested is to be applied to the preliminary work and surveys of the projected all-American canal.

The subcommittee was informed that the work will be pushed as fast as possible in order to provide employment during the present economic depression.

EXCAVATION TASK

Dr. Mead said after the hearing he did not get to present all the needs for the project today, but will do so tomorrow.

Before the dam is actually placed under construction, he said, it will be necessary to remove 7,000,000 yards of sand, mud and gravel from the site of the base. It will be necessary, he added, to sink the foundation of the dam 125 to 150 feet below the surface of the river in order to place it on solid rock base. The height of the dam, including the base, will be approximately 740 feet, the reclamation commissioner said.

Work that is to be started right away, he said, will be the stripping of the walls of Black Canyon. The ends of the dam, he said, will be placed in the walls probably thirty to fifty feet in order that there would be no possibility of slipping.

Commissioner Mead said construction of the railroad in connection with the project is progressing rapidly and possibly will be completed soon after the first of the year.

YUMA GREETS WATER BOARD

(Continued from First Page)

tained all the facts and information possible, our commissioners will make reports to their respective governments as to what should be done, cost of the work, and our suggestions as to how it should be accomplished. After that report—which we expect to be able to make within three or four weeks at the latestother governmental agencies will decide future action, if any, on our findings.

"We are concerned principally with water, its control and distribution, on this commission; a concern of great importance to two governments along this boundary, and we shall proceed cautiously to our objective, careful to give due and equable consideration to all parties."

TREATY NEED DOUBTED

In view of the complete harmony that exists among the fact finding members of the two national commissions and the broad understanding that underlies the relations of the United States and Mexico, J. Vasquez Schiaffino, head of the Mexican section, asserts that perhaps a formal water treaty will not be necessary in the allocation problem.

"I do not believe just now," Schiaffino said, "that we need consider so serious a document as a treaty. We have a good understanding in our relations and perhaps an agreement of some other nature might be just as well.

"However, we are going ahead with the gathering of the facts, and I am sure that Mexico and the United States will solve their boundary water problems in a most amicable manner."

ENGINEER HILL ARRIVES

Shortly after the arrival of the American section by automobile from El Paso and Tucson, Louis C. Hill, consulting engineer of the commission, joined the group. He came here from Los Angeles. Others in the party with Lawson and Hill are C. M. Ainsworth, consulting engineer of the boundary commission, and M. B. Moore, secretary, both of El Paso.

Those accompnaying Schaffino in the Mexican group are Fortunato Dozal, chairman of the Mexican section; Ignacio Lopez Bancalari and Gustavo Serrano, prominent engineers; Frederico Ramos, secretary of the section and consulting engineer to the Mexican Department of Foreign Relations; Amando Santa Cruz, Jr., consulting engineer of the Mexican Boundary Commission, and A. Mena, legal adviser to Schaffino.

As to reports that a future treaty may bring about the abandonment of the all-American canal project, Lawson said that thus far the surveys of the international commission have not considered recommendations for such action, and denied the report.

product wherever we can, regardless of gangsters or their threats."

The grape products are to be introduced in Milwaukee and sold in approximately 400 stores and pharmacies. They will next be offered on the markets of Chicago, New York and other cities, Mr. Conn said, and added that New York hoodlums had also issued threats against his company's products.

THREAT REGARDED AS NOT IMPROBABLE

SAN FRANCISCO, Nov. 13. (Exclusive)—An order to the California grape industry, attributed to this country's outstanding gang leader, Scarface Al Capone, to stay out of the grape-juice concentrate business or suffer the reprisals of the racketeers, has not come to the official attention of Fruit Industries, Inc., it was said at their headquarters here today.

At the same time some persons connected with the grape and raisin industry look upon such a threat by Capone as not beyond the range of probability. Fruit Industries officials hope grape-juice concentrate will be accepted by the public and a widespread popular demand will be made for it. If this eventuates, it is considered not unlikely that gangland will resent it because a growing demand for grape juice obtainable in convenient concentrate form is expected to cut deeply into the distribution of illicit wine and beer.

Under such conditions, informed grape men say, gangland can be expected to assert itself.

Publication of the reported threat by Capone was accompanied by the assertion that Capone himself is understood to be in Southern California, personally directing the collection of all available data on the grape industry, with particular attention to the by-products division.

WASHINGTON NEVER HEARD OF THREATS

WASHINGTON, Nov. 13. (AP)—Officials of the Department of Justice and prohibition bureau said today they had never heard of the reported threat by Chicago gangsters to kill officials of Fruit Industries, Ltd., if they sold grape concentrate there.

Some officials recalled that several years ago it was charged that Chicago gangsters had refused to permit unloading of carloads of grapes until a tribute had been paid them.

It was said that frequently because of the gangster interference grapes were sold at less than the cost of shipment and found their way into the hands of gangster winemakers.

THREATS INDICATED

The suggestion was made that the grapes are now being made into grape juice by the growers and the gangsters are losing a profitable source of revenue which might have caused them to resort to intimidation.

From another source here close to the Fruit Industries, Ltd., it was said the president of the company and another officer had been threatened by gangsters several times during the last year.

Atty.-Gen. Mitchell made known that both he and Woodcock are studying the situation presented by the manufacture of grape concentrate capable of easy fermentation into wine, but said there has so far been no change in the Department of Justice attitude toward it.

Mitchell referred to a Supreme Court decision, handed down in January, 1926, as representing his attitude toward home wine making. The ruling was:

RULING CITED

"A person who manufactures fruit juices may lawfully possess the product in his home for exclusive home use, notwithstanding that it has, by process of fermentation, acquired an alcoholic content of one-half of 1 per cent or more by volume, providing that it has not become intoxicating in fact."

The Attorney-General also mentioned instructions about a year ago to prohibition agents, telling them not to interfere with the sale of fruit juices intended only for home use.

BRITISH EMPIRE PARLEY ENDING

Imperial Conference Will Come to Close Today

Part of Press Says Session Has Been Failure

No Important Agreements on Commerce Reached

LONDON, Nov. 13. (AP)—The imperial conference which for six weeks has been trying to perfect plans for the development of imperial trade and commerce, tonight prepared to conclude its deliberations tomorrow without having reached any important economic agreements.

The Prime Ministers of the various dominions continued in session late in the night in an effort to wind up the conference affairs.

The word "failure" is being hurled at Prime Minister MacDonald and the Dominion Premiers by that section of the British press which has been urging abandonment of Great Britain's traditional free trade policy for introduction of reciprocal preferential tariffs among the dominions such as proposed by Premier Bennett of Canada.

The Canadian preferential tariff scheme was turned down and schemes of quotas, import boards and bulk purchase of empire products, were left for further study.

It was stated in the highest circles today Prime Minister MacDonald in his closing speech tomorrow will propose the holding of separate empire economic and constitutional conferences. The first of these, it is said, probably will be assembled in Ottawa next June.

Economic questions on which the Premiers were unable to reach the necessary unanimous decisions are expected to be the basis for the next imperial parley.

Buckley was arrested in January, 1929, and charged with conspiracy to bribe John Eckhart, acting assistant prohibition director of the Ohio-Indiana district, to permit the shipping of beer from Cincinnati breweries. Gov. Cooper threatened to impeach him before the Legislature and he resigned as treasurer. Buckley contended his trouble was the result of connivance among political enemies.

Prince Assumes Prophetic Role

LONDON, Nov. 13. (AP)—The Prince of Wales assumed a prophetic role today in addressing a group of scientific societies.

"It is dangerous to speculate before such an assembly on future developments," he said, "but I have been tempted to wonder whether I may not live to see lorries in which the petrol tanks are replaced by bottles of compressed gas, carrying agricultural products grown with the aid of fertilizers derived from coal to clean towns no longer defiled by coal as used today."

"Turning Point in Health?"
. . . watch yourself
between 20 and 40

HEALTH is best, in average life, between the ages of 20 and 40. The "turning point" begins at 40; the age when strenuous living begins to take its toll.

One of the most prevalent after 40 ailments is kidney breakdown. Over half of men and women are affected. Many unknowingly, for there are no warning signals.

75% of poisonous waste from the system is extracted by kidneys, much in too concentrated form. Overburdened, delicate kidney cells break down. Congestion occurs, throwing these poisons back into the system—the forerunner of many serious ills.

How to Protect Health Between 20 and 40

Doctors advise this daily health precaution: Drink 6 glasses of Puritas water. Puritas dilutes poisonous waste, dissolves and washes it away,

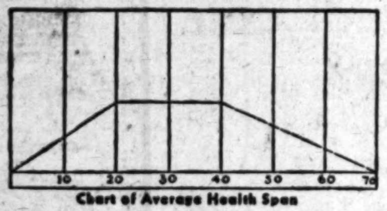

Chart of Average Health Span

thus lightening the load of kidneys. Mineral-free, it leaves no congestion-forming deposits. Thus Puritas constantly protects the normal functioning of kidneys.

Puritas, scientifically distilled and aerated, is mineral-free, impurity-free; drinking water in its *purest state.*

Although its taste seems *different* at first, each drink becomes increasingly enjoyable.

TROOPS PATROL PERUVIAN CITY

Foreigners Flee Andean Strike Center

Americans Mutilated by Rioting Radicals

Twelve Miners Killed in Clash With Soldiers

LIMA (Peru) Nov. 13. (AP)—Soldiers with fixed bayonets tonight patrolled the muddy streets of Malpaso, the Andean mining town where two Americans were killed and several others wounded in labor riots yesterday.

Troops were gathered in the barracks at Lima as a precaution against possible disorders arising from a general strike called by the workers' council after the Malpaso clashes, and a group of Communist agitators, charged with responsibility for the disorders, are in the hands of the police.

Three hundred foreign refugees, jammed into a jerky three-car train, piled into this city from Malpaso and intermediate points today. They brought some of the wounded and told the first detailed story to come out of the mining area.

BATTLE AT BRIDGE

The engineer of the refugee train, a man named Haggard, said the trouble really started at La Oroya, a mining town not far from Malpaso. Radical organizers had aroused the men there to strike, and when news of this action reached Malpaso workmen in that town threw down their tools.

The walkout paralyzed the power house which runs most of the smelting plants, and the local constabulary hurried an armed guard to the bridge on the road between Malpaso and La Oroya. When a group of workmen attempted to cross the bridge the battle began.

Before it was over John W. Chapman of Chicago and E. L. Tripary, an American storekeeper, were killed; J. A. Morger, another American, was critically injured, and the list of wounded included an American named Kelley, an American woman, Mrs. Albert Diamant, her husband and another man named Whitly. Twelve of the rioters were splain and at least twenty-five wounded.

AMERICAN DECAPITATED

The attacking force was driven back by the guard at the bridge and moved against the town, looting stores and offices, and pursuing all foreigners they met on the way. Twenty foreigners fled before one band of workers and their fate is still in doubt tonight.

"The men wounded Chapman," Haggard said, "and bashed in his head with rocks. They shot Tripary to death and cut off his head."

PERU PROMISES AMERICAN PROTECTION

WASHINGTON, Nov. 13. (AP)—The Peruvian government sent word to the State Department today that American lives and property will be fully protected during the troubles there.

Ambassador Dearing, at Lima, asked such assurance on learning of the outbreaks.

The American Embassy at Lima turned over to the Peruvian government a list of agitators alleged to have fomented trouble at certain American-owned mines. The list was given to Ambassador Dearing by Harold G. Kingsmill, American general manager of the Cerro de Pasco mine which has been closed.

NAVY JOINS SEARCH FOR LOST FLYERS

Two Seaplanes Ordered to Aid Hunt for Airmen in Canadian Wilds

VANCOUVER (B. C.) Nov. 13. (AP) Two United States navy seaplanes are awaited in Northern British Columbia where they will join the search for six flyers who have been missing several weeks. They are expected from San Diego in the next two days, orders for their departure having been issued by the Navy Department in Washington, D. C., today after arrangements for their entry into Canada were completed.

Two feet of snow covered the wild and isolated bench country north of Atlin, B. C., today, where Pilot E. J. A. Burke, Emil Kading, his mechanic, and Bob Marten, a prospector, who chartered Burke's plane, have been missing thirty-four days. Sixteen days have passed since Pilot Robin Renahan, Frank Hatcher, his mechanic, and Sam Clerf, wealthy Seattle mining man, disappeared near Prince Rupert, flying over the inside water passage to Alaska to join the search for the Burke party.

Organization Pledges Its Help as Labor Department Reports Encouraging Signs

WASHINGTON, Nov. 13. (AP)—The co-operation of the nearly 900,000 members of the American Legion was pledged today to the President's Emergency Committee on Unemployment in its efforts to provide jobs for those out of work.

The aid of the organization, comprising 10,000 posts in every section of the country, was offered to Chairman Wood of the committee in a telegram from Ralph T. O'Neil, National Commander of the American Legion.

Meanwhile the Labor Department reported there was no increase in unemployment during October, as compared with previous months.

"This in itself is a good sign," it added, "as October is often marked by increased idleness, due to seasonal influences."

Thousand Reds Fight Police in New York Street

NEW YORK, Nov. 13. (AP)—More than 1000 Communist sympathizers battled with police today in a demonstration in front of a cafeteria in West Thirty-fourth street, which has been the scene of labor trouble in recent weeks.

EXTRA SESSION TO BE AVOIDED

Leaders of Both Parties Will Co-operate

Democrats Deny Plans to Block Appropriations

Muscle Shoals Fight Must Be Settled Also

WASHINGTON, Nov. 13. (AP)—Assurance was given President Hoover today by floor leaders of both parties in the Senate no move will be sanctioned to force an extra session of the new Congress next spring by blocking action on vital appropriation measures in the approaching short session.

This announcement was made at the White House as the administration began consideration of plans for meeting the one big obstacle in the way of fulfillment of this course—disposition of the Muscle Shoals power and nitrate plant.

WHITE HOUSE STATEMENT

The White House said:

"The President has been in communication with the floor leaders of the Democratic and Republican sides of the Senate with a view to obtaining co-operation for the prompt passage of the appropriation bills through the Senate at the forthcoming session.

"Both leaders have expressed their desire and full co-operation to accomplish this. The fear and apprehension which have been expressed over reports that delay or filibuster would be resorted to to force an extra session of the Congress have, therefore, no foundation."

Whom the President spoke with was not made known. However, earlier both Senator Walsh of Montana, the assistant Democratic leader, and Senator Glass, Democrat, of Virginia, asserted they knew of no disposition within the party to obstruct legislation at the short session and each resented the "implication."

HOOVER WRITES ROBINSON

The President had written Senator Robinson, Arkansas, the Democratic leader, seeking his views, and Senator Glass observed Mr. Hoover should first seek to get his own party in line. Senator Brookhart, Republican, of Iowa, is one of those who has proposed an extra session be called next spring.

Disposition of the Muscle Shoals controversy is one thing the Republican independents intend to insist on, and the President has been told this dispute demands serious consideration.

It involves the controversy over government and private operation. The Senate has passed the measure of Senator Norris, Republican, Nebraska, for government operation of the plant, and the House has approved a bill for private operation.

OPPOSE EXTRA SESSION

Although Representative Reece, Republican, of Tennessee, has announced Mr. Hoover will veto the Senate plan, the President today called in Senator McNary, Republican, of Oregon, an advocate of the Senate proposal, and McNary indicated later he is standing pat. He also announced he will call the Senate and House conferees together soon.

Senator Watson of Indiana, Republican leader, and Senator McNary, assistant leader, have informed the President they are opposed to the extra session and will lend every aid to the disposition of the heavy calendar of unfinished and new business at the short term.

Unemployment legislation and relief for drought-stricken farmers were named today by Senator Walsh of Montana as measures demanding prime consideration, and Senator Watson said the administration program probably would give first call to these.

REED SEES END OF INCOME TAX CUT

WASHINGTON, Nov. 13. (AP)—Senator Reed, Republican of Pennsylvania, said today he saw no prospects of continuing the 1 per cent income tax cut and favored, as one remedy for the business depression, repeal of the capital-gains tax.

The Pennsylvanian is a member of the important Finance Committee, which would have to pass on any continuance of the cut on income taxes voted last year.

He advocated a speeding up of the Federal building and naval construction programs.

Tree Blasting Kills Child in Near-by School

IRONTON (O.) Nov. 13. (AP)—One child was killed, another was injured possibly fatally, and five others were hurt less seriously today when a 500-pound tree stump fell through the roof of the old Kelly school, four miles north of here, after it was blown 125 yards by dynamite.

James Dean, 12 years of age, died in a hospital here of a crushed skull a few hours after the accident. Rodney Elam, 11, suffered a laceration of his face. His condition was serious.

The tree stump was blown from the Black Fork Highway on which workmen had started paving. County officials said a charge of twenty-two sticks of explosive had been placed under the stump.

The Parker System of Group Dentistry Improves Service and Reduces Cost

Better Teeth for Everybody at Prices Within Reason

Dentists using the E. R. Parker System have done for the masses what old-style dentistry did only for the few. They have made it possible for everybody to have their teeth skillfully cared for at prices they can afford to pay.

When you pay a dentist's bill, you should pay for but two things—material and time.

There is only one way to make moderate prices, and that is to do much work, and to employ every known method of cutting out needless waste and saving precious time.

There are 31 dental offices in the United States and Canada in which dentists use the E. R. Parker System. Collectively these dentists have the largest dental practice in the world.

The E. R. Parker System is to dentistry what the Henry Ford System is to the manufacture of automobiles—a method of giving a fine quality product at prices which the average person can afford to pay.

Savings in cost thru the use of System and the elimination of wasted time and materials are shared with their patients by dentists who use the E. R. Parker System.

Call and have your teeth examined free of charge.

Mueller Now Feels As Fine As Years Ago

street, San Francisco, who is head of the Mueller and Henning Co.

"My troubles started two and a half years ago, with an atttack of acute indigestion and my stomach had been out of order ever since. Nearly everything I ate upset me, I lost considerable weight and became so nervous I could hardly sleep. Bilious and dizzy spells bothered me and at times splitting headaches for hours.

"But since taking seven bottles of Sargon I've gained 12 pounds and I have the strength and vitality of 15 years ago. My appetite is keen and my food agrees with me perfectly. I'm not at all nervous, but sleep like a child and feel in the best of health.

"I haven't had any more trouble from bilious and dizzy spells since Sargon Pills regulated my bowels, and the headches also disappeared. I think my experience with Sargon has been remarkable and should convince anyone of its unusual merit."

ARMS PARLEY MORE TANGLED

Limit on Land War Material Causes Confusion

Flood of Proposals Leaves Delegates Bewildered

Vote Will Be Forced to Determine Method

GENEVA, Nov. 13. (AP)—Caught in a tangle of parliamentary procedure, the League of Nations disarmament commission adjourned today's session without reaching an agreement on how to limit land war material.

The confusion came from a profusion of proposals by various delegations and at one time became so marked Lord Cecil, British delegate, threw his hands in the air and exclaimed to Chairman Loudon: "Let us have something clear and definite to vote on."

VOTE TO BE FORCED

Count Von Bernstorff, German delegate, said he expected to force a direct vote tomorrow on whether the majority of the commission wants direct or budgetary limitation.

First indorsement of the American suggestion of leaving it optional with the nations whether they adopt budgetary or direct limitation came today from the Spanish delegate, Eric Cobian.

He said Spain, like the United States, prefers direct limitation, but like the United States is willing to let the various countries take their choice.

Nicholas Politis, Greece's delegate, said his country preferred the budgetary plan, but is willing to follow the majority in adopting an optional draft.

RUSSIAN STAND

Russia again came out for simultaneous application of both direct and budgetary limitation.

Count Von Bernstorff emphasized Germany's aspiration of bringing all other countries down to her own enforced level in armament.

This drew a reply from Rene Massigli, French delegate, who said in order to enable the commission to finish its work in a "spirit of co-operation" he had abstained from discussing Count Von Bernstorff's references to "symmetry of obligation." But, he said, since Count Von Bernstorff again had raised this point he considered it indispensable to have a thorough "explanation" before the commission adjourned.

The American delegation took no part in today's discussion.

Commons Kills Tariff Motion

LONDON, Nov. 13. (AP)—The House of Commons voted 209 to 95 against a resolution presented by the Conservative, Henry Mond, declaring the institution of a general tariff system to protect home markets is the only method to avoid general reduction of British wages in the near future.

Colorado Springs Mayor Charges Service Company Sought Franchise Vote

DENVER, Nov. 13. (AP)—A story of having been offered money in return for not opposing a natural gas franchise sought by the Public Service Company of Colorado when he was a member of the City Council of Colorado Springs was told from the witness stand today by George J. Birdsall, now Mayor of Colorado Springs, at the Nye campaign fund hearing.

Birdsall, one of four surprise witnesses who will testify before the committee under questioning by Chairman Gerald P. Nye, said Harry McCauley, "connected with the United States Internal Revenue Department," had told him he wanted him to "get off on the right foot" on the franchise question.

Nye introduced the testimony ostensibly in an effort to show the Public Service Company, a Doherty concern, had interested itself in municipal government. His questions also concerned asserted activities of that corporation in the primary and general elections this year in Colorado.

He said he told George H. Shaw, the Republican Senatorial candidate at last week's elections, he believed Shaw had sent him the offer, but Shaw denied it.

"Was there anything to lead you to believe the company was active in this year's campaigns?" asked Nye.

"Yes. Company representatives were very active in the campaign and at the State party assembly."

Three witnesses connected with the Shaw campaign declined to answer questions regarding preprimary election expenditures. They read prepared, identical statements, saying the committee was without jurisdiction in the matter. They were A. W. Hahn and Leonard Anderson, comanagers for Shaw, and W. R. Weeks, manager of the primary campaign fund.

The prison directors itemized the amounts asked for 1931-32 as follows: For support of Folsom prison, $1,236,000, and support of San Quentin prison, $2,816,107; for permanent improvements at San Quentin prison, $1,518,000, and for improvements at Folsom prison, $500,000.

Banker Slays Three Children, Wife and Self

UNIONTOWN (Pa.) Nov. 13. (AP)—R. W. Playford, 65 years of age, prominent banker-attorney, today fatally wounded his wife and three small daughters and then killed himself, the tragedy occurring after a period of depression during which, friends said, Playford worried over financial troubles more fancied than real.

Playford and his children died instantly and Mrs. Playford succumbed tonight.

The shootings took place in the luxurious Playford residence this morning.

SCANDAL HINT IN LEASE QUIZ

Charges by Blaine Feature Postoffice Inquiry

Conspiracies Asserted by Investigation Chief

Committee to End Chicago Hearings Today

CHICAGO, Nov. 13. (AP)—Senator Blaine, chairman of the Senate committee investigating postoffice leases, charged tonight lessors of postoffice buildings and sites have conspired with the Postal Department to deceive the United States budgeting authorities for the benefit of the lessors.

"Moreover," Senator Blaine told newspaper men at the close of today's hearing, "this affair is likely to develop into a nation-wide scandal that will not be dwarfed by Teapot Dome."

The Senator's charges came in the course of his questioning of Jacob Kulp, head of a Chicago investment house, on the latter's leases to the government of the commercial substation at St. Paul and the Quincy station at Chicago.

CONSPIRACY CHARGED

Senator Blaine had asked Kulp what consideration he gave to the government in return for having the cancellation clause removed from the leases of the two postal stations, and Kulp replied he had granted a reduction in the previously agreed rent and had spent money strengthening the footings of the St. Paul office so three additional stories might be built if needed.

"That is absurd!" Blaine declared. "There is not an engineer or architect of repute living who would risk his reputation trying to put three more stories on the (St. Paul) commercial station. The building would collapse.

"The whole business is a conspiracy and nothing more," the Senator said.

Kulp was ordered to produce his records relating to the two leases.

CAUSE FOR INQUIRY

The inquiry is the outcome of charges the government is paying exorbitant rent for space used as postoffices.

Senate investigators deemed the cancellation clause in the Quincy station lease important because it is near the site where the government soon will build a huge postoffice building and its completion probably will throw the substation into disuse.

Senator Blaine declined to explain his reason for bringing the names of Charles H. Inness, Boston Republican leader, and Frank H. Stearns, close personal friend of former President Coolidge, into the hearing today. He read a telegram which he said Inness had sent to Kulp's attorney, informing the latter that the Chicagoan had received the Back Bay postoffice lease in Boston. Then he asked Kulp if he knew of any connection between Inness and Stearns. When Kulp said he did not, the matter was allowed to drop.

The committee expects to end its hearings here tomorrow and will meet next week at St. Paul. With Senator Blaine at the Chicago sessions are Senators Hayden of Arizona and Hebert of Rhode Island.

PASADENA PHYSICIAN DIVORCED

Daughter of F. W. Kellogg, Publisher, Gets Decree From Dr. J. H. McKellar

RENO, Nov. 13. (AP)—Dorothy Kellogg McKellar, daughter of Frederick William Kellogg, Pacific Coast publisher, was granted a divorce here today from Dr. James H. McKellar, Pasadena physician, on grounds of cruelty. They married in Pasadena, November 4, 1914, and have three children.

Custody of the children, by agreement, is awarded to Mrs. McKellar, and a property settlement and provision for support of the children has been made out of court.

Mrs. McKellar charged her husband found fault, insisted on following his own inclinations, broke up social affairs at their home, neglected his home and family and lost interest.

COURT FOE BOLTS MEETING

Richard Washburn Child Hurls Question and Quits Problems Institute Session in "Disgust"

BOSTON, Nov. 13. (AP)—Richard Washburn Child, author and diplomat, today walked out of a meeting of the Institute of Current International Problems of the United States, at which he was to have given a thirty-five-minute address, with the explanation to newspaper men that he was "disgusted."

Child, who was to have spoken in opposition to America's adherence to the World Court, was introduced by Prof. William Allan Neilson, president of Smith College, after Prof. Manley O. Hudson of Harvard University, authority on international law, had traced the development of the World Court and favored American participation.

ADDRESS BRIEF

"I am just going to ask one question," Child said. "You can talk about legal effect of our adherence to the World Court. You can go through the Root formula, in fact, all the formulae (striking the table for emphasis,) but what's going to happen in case the League asks an advisory opinion of a body of which we are members and we exercise our privilege of getting out?

"First there will be an uproar in the Senate. Then there will be racial difficulties in the country. In fact, we will be in a nice trap. That's the whole story and that's all I've got to say."

Prof. Hudson immediately rose and said:

"You're not going to leave now. You're going to be asked some questions. I'm not going to let you get away with that."

Child already had left the platform. He turned to Hudson and said:

HAS THE GRIP

"I have the grip. I've already asked the question. I'm looking at this from the political side."

Afterward, he told newspaper men, he "was disgusted. We are not members of the World Court and we should not join the World Court," he said. "But all we heard was the manner in which World Court judges are elected. I couldn't stand it any longer."

EARLY DRY-LAW REPORT LIKELY

Woodcock Presents Survey on Enforcement

Dyer Sees Possibility of Law Being Revised

WASHINGTON, Nov. 13. (AP)—President Hoover's Law Enforcement Commission delved deep today into the actual enforcement of prohibition in the United States and then recessed for ten days to permit individual work on its dry-law report.

Prohibition Director Woodcock, appearing before the commission for the first time since its prohibition deliberations began, laid before the members the enforcement facts demonstrated by his organization system, which he believes is the best that can be devised.

DENNISON REPORT

Earlier, Henry S. Dennison, a prominent Boston manufacturer who has been engaged for more than a year in studying for the commission the existing enforcement organization and its personnel, delivered his report.

From Capitol Hill, meanwhile, came a statement from Representative Dyer, Republican, Missouri, an antiprohibitionist, predicting that if the Wickersham commission would report favorably for modification to permit the manufacture and sale of beer, and President Hoover approved the report, it would be enacted at the coming short session of Congress.

When the Law Enforcement Commission adjourned today there was some optimism among its members that they could get together on a report, if not by the predicted "early in December" at least by the end of that month.

HARMONY FORECAST

From within the ranks came the prediction, also, that the report might be almost unanimous in its recommendations, but with possible dissension by one or two members.

A majority of the members will remain in Washington during the ten-day recess. Newton D. Baker will not be able to remain. Two other members also have been called away.

Atty.-Gen. Mitchell said today he is backing to the limit the prohibition director's plan to add 500 men to the prohibition enforcement personnel and will urge it before the House Appropriations Committee.

World-wide Prayer Week Projected by Officials at Preconvention Parley

HOUSTON, Nov. 13. (AP)—Expressing no discouragement at wet gains in the recent general election, officials of the National Women's Christian Temperance Union today approved plans for a world-wide week of prayer.

Before entering the preconvention meeting at which the prayer week was authorized, Mrs. Ella A. Boole, national president, said the election has not changed the status of the United States Senate. Dry losses in the House "are too small to be of real significance," she continued.

"We aren't discouraged. We are going to gird for battle at this convention," she said.

As many as 2,500,000 members of the W.C.T.U. may participate in the prayer week, it was said.

The plan will comprehend sending a message of temperance, identically worded, to sister organizations all over the world for reading probably in the week of January 8-15. Heretofore, it was said, the prayer week had been observed only in this country.

"KING" HUBBELL DIES AT POST

Veteran Arizona Trader Had Romantic Career

He Knew Many Presidents of United States

Immense Business Done at Indian Station

GANADO (Ariz.) Nov. 13. (Exclusive)—John Lorenzo Hubbell, known for almost half a century in this region as "the king of Northern Arizona," died at his home here Wednesday, bringing to a close a long and colorful career as a trader among the Indians of the Navajo Reservation, where his post is one of the oldest still in this country. Since a stroke of paralysis two weeks ago he had been in failing health. He was 77 years of age.

Born in Pajarito, New Mexico Territory, in 1853, Hubbell received his early education in Spanish, later went for four years to an English school in Albuquerque and by the time he was 17 was ready to set out upon his own way in the world. For a time he was a clerk in the postoffice in Albuquerque, but romance and adventure beckoned to him, and in 1870 he invested most of his savings in a saddle horse and outfit and started for the newly developed Utah Territory, a distance of 500 miles through little-known and dangerous country.

NURSED BY INDIANS

Two years passed before he reached Kanab, where he spent a short time as a clerk in a trading post. But a scrape in which he became embroiled in Panquitch, Utah, forced him to leave the country and for many days, with bullet wounds in his body and in a delirium of fever, he wandered the country aimlessly. At length he staggered into a Piute camp, where the Indians took pity upon him and nursed him back to health.

Hubbell always said that he felt that he owed his life to the Piute Indians and throughout the years that followed he strove to repay his debt through his fair dealing, his kindness and service to the Indians at his post in Ganado.

Five years of wandering followed, during part of which Hubbell lived among the Hopi Indians. He probably was the first white man ever to witness their ceremonial snake dance, before he finally drifted back to the Arizona Territory and decided to establish himself in business.

LAND HOMESTEADED

In 1876 he took up 160 acres of land to homestead. Later this was included in the Navajo Reservation in Northern Arizona and he was forced to make many trips to Washington, D. C., before he finally obtained a clear title to it. It is the only parcel of land privately owned within the Navajo Reservation.

At Ganado he established his trading post and all of his supplies had to be brought in by ox team from Fort Dodge, Kan., which was then the nearest rail head. Because of his previous experience he knew how to handle the Indians. He knew that he must cater to their whims, to their superstitions and to their child-like psychology. He knew that he must never let them think that he feared them or allow them to take advantage of him, and yet that he must be absolutely honest and fair with them. And with this understanding of them, aided by a thorough knowledge of their difficult, unwritten language, Hubbell soon built up one of the most successful of the trading posts of the country. In wools and hides alone, it is said, his post did about $250,000 worth of business every year.

VARIED ROLES

In 1879 he married Lena Rubi, daughter of a line of Spanish-Americans who had lived in this section since the sixteenth century. They had two sons and two daughters, all of whom are living. They are Mrs. B. M. Goodman of Ganado, Mrs. Parker of Phoenix, John Lorenzo, Jr., and Roman Hubbell. Both of the sons have continued in their father's footsteps in the trading-post business.

During the fifty years that Don Lorenzo, as he was called, was an Indian trader, he served in many capacities in the domain over which he presided, for the life of a trader included everything from white-man merchant to father confessor, justice of the peace, judge, jury, court of appeals, chief medicine man and almost czar. His path was not always a smooth one and there were many occasions when he had to assert himself by force to maintain his position in the post. Throughout his life he applied the theory taught him by his father, "Be sure you are right, then go ahead."

OFFICES HELD

He held various political offices during this period, for through them he felt that he was able to bring about a better understanding between the Indians and the Federal and Territorial governments. He served as Sheriff of Apache county for two terms, he was Territorial Assemblyman for two terms, he sat in the first Senate Arizona ever had when he was elected State Senator in 1912 and he was a member of several national conventions. He knew every President from Grover Cleveland to Warren Harding and he counted Roosevelt, who visited for a week in his home in 1912, as one of his best friends.

Throughout his years in the trading post it had been the Hubbell custom to keep open house at all times and distinguished guests from all parts of this country and from abroad, as well as the humblest wayfarer, have been numbered among those who have enjoyed the bounteous hospitality of his household.

MORROW SAYS MOTHER SHOULD BE EDUCATED

BOSTON, Nov. 13. (AP)—Dwight W. Morrow, Senator-elect from New Jersey and former Ambassador to Mexico, believes education is of supreme importance to mothers of the world. He said so last night at a banquet of seven eastern women's colleges at which his wife and his daughter, Anne, Mrs. Charles A. Lindbergh, attended. Both are mothers, both are college graduates. Col. Lindbergh also attended the banquet. He and his wife flew up yesterday from their Princeton (N. J.) home. The Morrows came by train.

AMPHIBIANS TO SEEK LOST SIX

Two North Island Ships to Aid Canadian Search

Leave San Diego at Dawn Today for Seattle

Pilots Missing in British Columbia Since October

SAN DIEGO, Nov. 13.—Two amphibian planes from North Island will take off at dawn tomorrow for Seattle, from where they will operate in the hunt for six flyers missing in Northern British Columbia since October 23, according to announcement today at headquarters of Rear-Admiral J. M. Reeves, commanding the carrier division, United States fleet.

Lieut. C. F. Greber and Chief Radio Electrician Claude Alexander, who have been selected to pilot the planes, are experienced in Alaskan flying and have been on recent naval air-mapping expeditions over the north country. Greber will be in command of both amphibians. The San Diegans expect to reach Seattle late tomorrow or early Saturday.

Spare parts for the planes will be taken to San Pedro tonight aboard the San Diego-based aircraft tender Gannet. The parts will be transferred at San Pedro to the plane carrier Lexington, which will sail tomorrow for Puget Sound.

On reaching Seattle, Greber and Alexander will operate under orders from Capt. Zeno E. Briggs, commandant of the Puget Sound navy yard, it was reported at Admiral Reeves's headquarters.

It is expected that a base of operations for the two amphibian planes will be established at Ketchikan, Alaska, and a report at North Island says the naval mine sweeper Swallow probably will be used as a movable base for the planes.

AGED PAIR JOINED IN ETERNITY

Mrs. Cora Pierce Dies Day After Husband; Cherished Hope of Couple Fulfilled

COVINA, Nov. 13.—Fulfilling their cherished hope that if one died the other would soon follow to join the other in eternal rest was realized yesterday when Mrs. Cora Pierce, 70 years of age, died at the family home, 156 Orange street, where the day before her husband, Benjamin Pierce, also 70 years of age, died from a severe attack of heart trouble.

Both had been ill for the last seven years and had declared that they hoped to die together. Mrs. Pierce had been a long sufferer from dropsy.

They bought their home here on Orange street twenty-two years ago, and although they had not been blessed with a family, their home life and companionship were thought of as something unusual and beautiful by their friends.

They lived a life of perfect harmony, and unusual also is the fact that there was only a day's difference in their ages, Mr. Pierce being 70 years, 1 month and 15 days, just one day younger than his wife.

Only distant relatives are left to mourn the couple who will be paid final tribute tomorrow at services to be conducted from the chapel of the undertaking establishment of Custer, Christiansen and Moore. Interment will be made in Oakdale, where they will be buried beside each other, according to their desires.

Mexico Holds Two Suspects in Murder Case

CUCAMONGA, Nov. 13.—Luis Morales and Sylvester Vasquez, said to be residents of this district, are held at Calexico as suspects in the slaying of Augustine Jiminez and Arcario Ramirez here Saturday night, Deputy Sheriff Jack Brown announced upon receipt of a telegram from Mexican authorities at Calexico.

Jiminez and Ramirez were slain Saturday night on Turner avenue, in a fight over a jug of liquor, it was reported to police, and the assailants fled. Pablo Ramirez, said to have been one of the attackers, was arrested a short time after the double slaying and was lodged in San Bernardino County Jail.

Jiminez was stabbed through the heart, and Ramirez was shot in the abdomen.

Brown announced that as the two men held at Calexico are residents of Mexico, the Calexico authorities insist that the trial for murder be held in Calexico under Mexican law. The Mexican government will not permit their extradition, Brown said. Ramirez may be removed to Calexico for the trial, it was also intimated.

Plans were made for the trip to Mexico by Judge James Sharp and Deputy Sheriff Brown immediately following the double funeral services for the victims. Brown traced the two men to Calexico through a bloody hammer found in the home of Pablo Ramirez.

MACHINE GUN MENTIONED

First Time This Weapon Figures in Riverside County Court Complaint, in Murrietta Robbery Case

RIVERSIDE, Nov. 13.—Believed to be the first time in the county court's history that the Chicago gangsters' favorite implements of wholesale death has been mentioned in a Superior Court charge, a complaint issued by the District Attorney's office today against four "John Does" who held up and robbed the Murrietta Hot Springs early this week of $5000 asserted the use of "a deadly weapon; to wit a machine gun."

The warrant was issued by Dist. Atty. Ford to Rogers Knowlton, deputy sheriff in charge of the investigation for the Sheriff's office.

Featured by the unwitting part a recently departed guest had taken in setting the stage for the robbery, the complete story of the hold-up, as related by Knowlton, rivaled the detective story fiction. It also became known for the first time that the robbers, displaying persistence at a time when detection might follow any minute, remained on the resort premises, located near Temecula, from 12:45 to 2:20 a.m.

Alex Escallier, the night clerk, was the first to be captured. A woman guest, who had departed a few hours before, had telephoned back to the resort, asking if Escallier would go to the bungalow she occupied and obtain from under the pillow of the bed a watch and lavalliere she had forgotton. Escallier had gone to the building once and found the watch but could not locate the lavalliere.

Later he found a short period of leisure and started to return to the bungalow. Outside he was covered by the guns of two of the bandits. They started to return to the lobby where the safes were but two guests were in the room. So they waited for an indeterminate time and finally the room was clear.

ONTARIO, Nov. 13.—In recognition of the outstanding work that has been done in behalf of the Boy Scout movement in Old Baldy district, an effort is being made to have Pedro Espino, Mexican youth, receive the Harmon Foundation award, which consists of a college scholarship and medal.

Espino made a wonderful record as a student at Chaffey, completing all the requirements with outstanding grades. He has been particularly active in social work among his Mexican friends, and is known in all the colonies of the district.

Through his efforts Boy Scout work has been carried into the Mexican homes, and as a result the boys have become ardent Scout members.

Four Eagle Scouts from each region are eligible to the Harmon Foundation award. To win one of them is considered an outstanding achievement.

Espino has become prominently mentioned as a candidate for honors, and Scout executives have filed his application.

Arcadia Makes Appointments

ARCADIA, Nov. 13.—Approved by the Fire Committee of the City Council, the appointment of Frank Steffel as deputy chief of the fire department will become effective at once, according to Chief of Police Louis J. Richards, who made the appointment.

Steffel has had years of experience in fire work, being affiliated with a similar department near Chicago for sixteen years, Chief Richards stated.

Another appointment made by Chief Richards and approved by the City Council was announced this week when Harry Peterson of 104 La Porte street assumed the office on the local police staff made vacant by Richards, who last week appointed temporary Chief of Police, succeeding A. N. Coberly.

Coberly was dismissed as Chief of Police and Fire Chief several weeks ago by the City Council, which has kept secret its reasons for ousting him. As Coberly, through his activities as Fire and Police Chief, is popular in this vicinity, the action on the part of the Council resulted in a recall movement demanding the removal of Mayor John Walshe and Councilmen Emil Bolz and Henry Seaman.

The petitions, which have been in circulation for ten days, are expected to be submitted to the City Council next week. They now are being checked by City Clerk Mead.

FINAL REHEARSAL CALLED

Tomorrow Sees Opening of Desert Play, "Tahquitz," at Palm Springs for Tenth Season

PALM SPRINGS, Nov. 13.—Prominent members of the art and literary colony and business men and women of this city today were preparing to don grease paint and become Thespians for the day at the opening of the 1930 desert play, "Tahquitz," on Saturday afternoon. Final full-dress rehearsals for the Indian drama were scheduled for tomorrow.

Annually leading citizens here celebrate a holiday while they appear in support of dramatic stars in the community, nonprofit enterprise dedicated to the perpetuation of traditions of the locale. Saturday's presentation, the tenth annual showing, is being staged on a greatly elaborated scale under the direction of Phil. Phiting of Ramona Pageant fame, with Arthur Belasco as production manager.

The production this year has been taken over by a permanent civic organization known as the Palm Springs Associates, headed by Henry S. Reed as president and Warren R. Pinney as general chairman. "Tahquitz" has been rewritten by Whiting and Belasco and will be presented by an augmented cast, including Indians from the St. Boniface School at Banning.

Appearing in the leading romantic roles will be Wallace MacDonald of film fame and Dolores Brown, young screen and stage ingenue, with principal parts taken by such well-known Thespians as Kenneth Randall, Jeffrey Williams, David Henderson, Adelaide Schumann, Arthur Lovejoy, Hal Crane, Jack Carington, James Nudeen, George Gerwing, Elizabeth Ross, Eulalie Jensen, Vivian Pearson, Estelle Essex and others.

The play, starting at 3 p.m., is presented in a natural amphitheater in Tahquitz Canyon, adjoining the Palm Springs city limits, without the use of artificial properties of any kind. The drama, based on one of the most famed of Indian legends of the region, tells the story of a brave from a distant tribe who attempted to invoke the supernatural to win the daughter of a chieftain, with disastrous results. "Tahquitz" will be repeated Sunday afternoon and the afternoons of the 22nd and 23rd inst.

CHILDREN IN VENTURA SHOW GAIN

Increase of 24.26 Per Cent in Number Under 18 Years of Age in County Shown

VENTURA, Nov. 13. — Gain of 24.26 per cent during past three years in the number of children in Ventura county was forecast today by Mrs. Blanche T. Reynolds, county schools superintendent, on the basis of preliminary returns on the minors' census taken throughout the county last month.

Virtually complete returns show 18,500 children of ages from birth to 18 years of age living in the county at present. The figure three years ago, when the last census was taken, was 14,887, according to the records.

The increase was spread out over the various sections of the county, Mrs. Reynolds said.

Although complete and official figures are not yet available, the city of Ventura is credited with 3362 minors, Santa Paula has 2326 and Oxnard has approximately 2300, Mrs. Reynolds estimated.

OUR NAVY AIR SERVICE BEST

Edward P. Warner, Editor of "Aviation," Rates This Country's Better Than England's

PASADENA, Nov. 13.—The United States Navy has the best, and Great Britain the second best, naval aeronautical departments in the world, according to Edward P. Warner, editor of Aviation, national magazine, who is visiting his aunt, Mrs. Edgar J. Cheesewright of 750 South Arroyo Boulevard.

Warner arrived here today by airplane from Amarillo, Tex., and will leave Sunday for his New York headquarters via San Francisco.

"The sparsely settled parts of the West," he asserted, "are ideal for continued development of air transportation, and while the East is still ahead in production of aircraft, the Pacific Coast should realize its opportunity to organize an air transport system which bids fair to become more popular than travel by rail."

As former Assistant Secretary of the Navy for Aeronautics, Warner has kept in close touch with the development of the United States Navy's aircraft achievements.

"Our Navy aeronautical department is undoubtedly the best of its kind, and in specialized development is far ahead of Great Britain, which is running us a close second for general navy aircraft efficiency."

With the exception of new gyromodels, the editor believes that the future of aviation evolution lies in gradual but persistent improvement in design.

The fact that the United States Navy has been able to reduce its percentage of aircraft accidents 60 per cent within a few years cannot be overlooked by the Navy's critics, he declared.

"Although disasters such as that which overtook the R-101 have retarded the progress of dirigible development, I anticipate that such development will continue, perhaps at a slower rate than the development of airplanes," he added.

Man Held as Jaywalker Asks for Jury Trial

SANTA BARBARA, Nov. 13.—Whether he was or was not a "jay walker" when accosted by police at a State-street crossing is a question that Dr. William J. Jacobs demanded be settled by a jury of his peers in Police Court today.

Dr. Jacobs appeared in Police Court in response to a warrant of arrest charging him with violation of the city ordinance prohibiting violation of traffic rules by pedestrians He took twenty-four hours to furnish bail in the amount of $250. Police Officer McCracken asserts that Dr. Jacobs refused to obey when warned not to cross the street against the traffic signal. Instead, McCracken declares the doctor was bellicose and indignant. Likewise he refused to accompany the officer to the station house and insisted he could not be arrested.

In addition to demanding a jury trial on the jaywalking charge, Dr. Jacobs is demanding of the Police and Fire Commission that a hearing be held at which both he and the policeman be present.

DEPARTMENTAL CIVIL SERVICE OPPOSED

GLENDALE, Nov. 13.—Opposition to the proposed adoption of civil service for the local police and fire departments has manifested itself among a number of those who have been studying the ordinance that has been prepared and that has been approved by the City Council. The criticism is based on the contention that the ordinance fails to afford adequate protection for the members of the two departments that it is primarily designed to benefit. They point out the ordinance leaves the appointive power where it has been in the past and does not compel the department heads nor the city manager to accept the recommendations of the civil service board. Bernard C. Brennan, city attorney, defends the ordinance and asserts that he does not believe it can be successfully attacked in case the objectors decide to apply for a court injunction, as they have threatened to do. The ordinance is scheduled to take effect December 5.

Upland Wants New Names for Streets

UPLAND, Nov. 13.—Business men, civic organizations and individuals of Upland are not satisfied with the present street names, and if they have their wishes granted a complete street rechristening will take place soon. At present the streets are indicated by letters of the alphabet and by numerals.

There is no personality or individuality to this system, it is set forth, and more attractive names are wanted.

City Attorney E. E. Gray announced he is receiving many requests for a change of system, and the proposition is to be presented to the City Planning Commission at an early meeting. The planning body members have had the proposal in mind for some time, and are strongly supported in the plan for new names by the City Council, it is intimated.

The Chamber of Commerce, Woman's Club and other organizations are requesting the change.

Names of fruits, flowers and Spanish places would be strongly favored over the present "cold and unattractive" system, it is declared by proponents of the change.

Vandals Burn 'Pep' Bonfire

SANTA BARBARA, Nov. 13.—Vandals last night set fire to and burned to the ground the huge pile of wood on East Cabrillo Beach at the foot of Santa Barbara street, which was to have been the nucleus of the State College pep rally this evening in anticipation of the Occidental game tomorrow night.

The premature bonfire "went over swell," according to members of the city fire department, who were called to stop the blaze. The pyre was lighted about 7 o'clock last evening and burned until about 10 o'clock.

The pile of boxes, etc., which boys of the college freshman class had taken two weeks to gather, was practically complete and ready for tonight's festivities. The boys worked on it all day yesterday raising the perpendicular walls well into the air. Tired, but satisfied with their work, the freshmen then went to a band rehearsal in Pershing Park.

Upon returning from the practice later in the evening they found nothing but smoldering wood and a group of blackened firemen.

Capt. F. K. Dedrick, president of the company. He returned to his home in San Francisco yesterday after meeting his son, F. D. Dedrick, superintendent of the fleet at San Pedro. The latter went by train to Santa Barbara last night to be taken by the killer boat Hawk to Santa Rosa Island this morning, where the fleet moved from San Clemente Island a month ago. Capt. Dedrick anticipates another month of local whaling, when his fleet will outfit for a winter cruise to Peru, providing a permit may be obtained from that government. The oil is regularly discharged at San Pedro and shipped to Ohio for Proctor & Gamble, but the latter is erecting a $5,000,000 plant at Long Beach, which will take all deliveries in another year.

"PUT ON SPOT" PUTS ON DOG

Racketeer Phrase Soon May Get in Dictionary

Total of 75,000 Words on Waiting List Now

Wisecracks Help Slang Crash Linguistic Gate

NEW YORK, Nov. 13. (AP)—It probably won't be long now before a racketeer can be "put on the spot" without a single quotation mark in the sentence.

For this you may take the word of the dean of American lexicographers, Dr. Frank H. Vizetelly, managing editor of the Standard Dictionary.

For knocking at the doors of the dictionary right now are 75,000 words, including all the picturesque argot of the gangsters and the latest sports column and footlight wisecracks.

SOME ALREADY IN

Wisecrack does not have to be placed in quotation marks, for the word is already in the dictionary. So are racket, racketeer, bootlegger and speakeasy. "Put on the spot" is there, too, but in its older sense—as a police detective putting a criminal "on the spot."

One may serve a stretch in the penitentiary, too, without any quotation marks. The word "stretch" in that sense, is already in. But one still "does time" in quotes.

"Not all of the 75,000 new words that fill two cabinets and a vault in my office are slang expressions about to be made respectable," Dr. Vizetelly said. "The number of scientific words coined recently is enormous. One geological work that came out not long ago had 5000 words in it. If I wanted to go into the field of medicine, I could add 5000 words more to the dictionary.

"But these, I believe, should go into scientific and medical dictionaries. I'm for giving colloquial English a chance."

IT TAKES FIVE YEARS

Ordinarily it takes a word five years to get into the dictionary. If a distinguished scholar or literary man happens to use it, the probationary period may be shorter.

For instance, George Bernard Shaw in a recent address which was brought into the United States by radio used the expression "get away with it." His introduction was not needed, however. The expression already was in Dr. Vizetelly's dictionary.

A slang expression may get into the dictionary, but it doesn't always stay there. The dictionary is rather like the social register in that respect. Only words do not disgrace themselves or marry beneath their stations. They just die.

ONE-SHEET WILL GIVES FORTUNE

Phipps Testament, Leaving All to Widow, Written on Note Paper

NEW YORK, Nov. 13. (Exclusive)—Henry Phipps, one of the great steel barons, needed only two sides of a sheet of his personal stationery to dispose of his great fortune. The latter, when he retired from business at the beginning of the century, amounted to $100,000,000.

His will, written in his handwriting and witnessed by three men who since have died, was filed today in Surrogate Howel's court at Mineola, L. I. It leaves all of the estate to his widow, Mrs. Annie C. Phipps. Before his death on September 23, last, Mr. Phipps had provided for his children and for the several charities he founded.

'DEAD MEN' PROTEST IN COURT

Six Testify Against as Many Others Accused of Insurance Frauds

NEW YORK, Nov. 13. (AP)—Six men listed on insurance records as dead marched briskly to the witness stand today in County Court at St. George, Staten Island, and in varying degrees of indignation denied that they were ghosts.

One of the "dead men" testified against six other men who are on trial charged with conspiracy to defraud the Metropolitan Life Insurance Company. It is charged that they proved the "deaths" and were paid the insurance on the lives of the six men who testified today.

John R. Hogan, a watchman, testified he did not die of a fractured skull, although his "son James" had collected on a $1364 life-insurance policy after the "funeral." Hogan said he had never married and had no son. The other witnesses had similar tales to tell.

The defendants are Richard J. Peterson and Angelo Lavori, former employees in the Great Kills (Staten Island) office of the company; Alonzo Van Tine, a grocer; Fred Douglass, attendant at a gasoline station; Joseph Grevia, a shoemaker, and John Gannon, whose business has not been stated.

INDIA SUBMITS REFORM PLANS

Proposals Embraced in Book of 250 Pages

London Opinion Reported as Favorable

Vigorous Central Authority Recommended

LONDON, Nov. 13. (AP)—Visualizing the ideal of a unified federal India—a United States of India as a copartner in the British Commonwealth of nations—the government of India tonight made its contribution to the pool of ideas before the Indian round-table conference.

This long-awaited and much-discussed dispatch on proposals for Indian constitutional reform is a book of 250 closely printed pages. Together with the report of the Simon commission and such proposals as may be made at the round table itself, it constitutes raw material from which a plan of future government of India is to be hammered.

FAVORABLE IMPRESSION

Important in itself, the reaction it stirs in India and among the Indian delegates to the London parley is considered even more significant. First impressions of Indian opinion in London were on the whole favorable, but the effect of the report in India is problematical.

The Indian government's viewpoint, commonly referred to as the "Viceroy's dispatch," makes a definite advance on the recommendations of the Simon report as it outlines plans for a strong centralized government besides agreeing with the Simon commission concerning a largely autonomous status for the British Indian provinces.

The Indian government has outlined a proposed development of British India in a manner consistent with the wider vision of an all-India federation.

RESPONSIBLE AUTHORITY

It recommends a vigorous central authority capable of sustaining the heavy burdens of government. It must be responsible for the defense of India and for maintenance of internal peace; for the finances of India as a whole and its credit in the world markets, and for its commercial and tariff policy.

It holds members of the central government should be appointed by the Viceroy, but suggests the functions of the British Crown should be directly developed upon the Viceroy with power to appropriate the revenues of India. The government of India would then be a distinct entity.

The defense proposals differ from the Simon report recommendations, for while the latter proposed control of the army in India be placed under an imperial authority the new plan envisages the whole administration of defense to be taken over by the government of India.

The Simon commisison's proposal of separation of Burma from India is supported.

Arrest Made in New York Extortion Plot

NEW YORK, Nov. 13. (AP)—The first arrest in a campaign against a vice ring alleged to have extorted $1,000,000 a year from women embroiled with the New York police or the city courts was made today in Baltimore.

The prisoner was arrested on a warrant issued by Chief Magistrate Joseph E. Corrigan who, with Isadore J. Kresel, special prosecutor in the Appellate Court's investigation of the minor judiciary, has been probing the activities of the ring.

The arrested man was variously described as "Hal Gibson," "Harry Milham," and "Harry Copeland." Magistrate Corrigan said he is a former convict.

Restoration of Bishop Asked

NEW YORK, Nov. 13. (AP)—Restoration of former Bishop Anton Bast to the episcopacy is asked in a memorial which has been drawn by a group of Methodist Episcopal clergy and laymen for presentation to the 1932 general conference of the church.

Bishop Bast, for many years Methodist bishop of Scandinavia, was unfrocked by the general conference at Kansas City, May 17, 1928, on charges of imprudent conduct with the wife of a Danish government official and having converted to his own use profits of a magazine published in connection with his church work.

CHURCH UNION VISIONED

English Archbishops See Hope of Consummation for Ideal at Not Distant Date

LONDON, Nov. 13. (AP)—The leaders of the Church of England, the Archbishops of Canterbury and York, today discussed the prospects of a vast union of Christian churches.

Both, however, emphasized the difficulties of misunderstanding between Anglicans and English Free Churchmen, who usually are called "nonconformists" here.

The Archbishop of Canterbury, addressing the lower house of the convocation of Canterbury at Westminster, referred sympathetically to such a union and said it is possible "maybe in our own time."

"There is only one cloud. There is no place at present for the largest and greatest Christian community—the church of Rome," he said.

ONE ISSUE REMAINS

"Maybe in years to come there may arise some movement within the church of Rome to reconsider its claim that unity can only be achieved by absorption into itself and submission to the sovereignty of its Pontiff, but we cannot refuse to open one door because another is closed to us."

The Archbishop of York, speaking to the synod of the convocation of York in the city of that name, stressed the same difficulties, saying that the Anglican and free churches had drifted into misunderstandings because each was assuming that the other intended what was not intended.

He added that there was agreement sufficient for negotiation on three points—scripture, creed and sacraments—but said that the fourth point, the historic episcopate, remained.

The action of the recent Lambeth conference in passing the much-discussed resolution favorable to birth control under certain circumstances was warmly defended by the Archbishop of Canterbury. He said it is a subject impossible to ignore and the bishops were right in not attempting to adopt an "ostrich" policy.

BIRTH CONTROL

"The conference was determined to consider the matter fully and frankly," he said, "well knowing the risks of misinterpretation to which they would be liable."

"The conference asserted the duty and privilege of parenthood," he said. "It declared it was wrong to enter the marriage state with the intention of avoiding, or evading or disregarding that duty.

"The resolution of the conference said that where there is a clear obligation to avoid parenthood, the primary and obvious manner is complete abstention."

The conference recognized, the Archbishop continued, this might be followed "in trustful dependence on the Holy Spirit."

"But," he added, "are there not cases when there is a morally justifiable reason for avoiding complete abstinence and from falling short from this first and clearest method?" In such exceptional cases, he asked, could the use of means to avoid children be denounced as in themselves sinful?

LAMONT SEES ROSY FUTURE

Commerce Secretary Visions Greater Progress

Record of Last Ten Years Cited as Proof

Census Statistics Reveal Wealth Accumulation

CHICAGO, Nov. 13. (AP)—Robert P. Lamont, Secretary of Commerce, said tonight the nation's progress in the last decade is proof that even greater progress is in store for the immediate future.

Speaking at an Association of Commerce banquet, attended by many of the nation's leading industrialists, the Secretary used for the first time statistics gathered in a recent census of manufacturing and distribution.

Secretary Lamont said that in ten years the nation's population had increased 16 per cent; its income 50 per cent, its wealth, estimated in 1922 at $321,000,000,000, has, he recited, increased in seven years by about $40,000,000,000, "an amount equal to the entire accumulation of the first ninety years of our national life."

"Ten years ago there were some 8,000,000 motor cars in use in the United States," Secretary Lamont said, "today there are more than 26,000,000.

"How," he interrogated, "can anyone who considers these evidences of growth and development in every way be pessimistic about the future?"

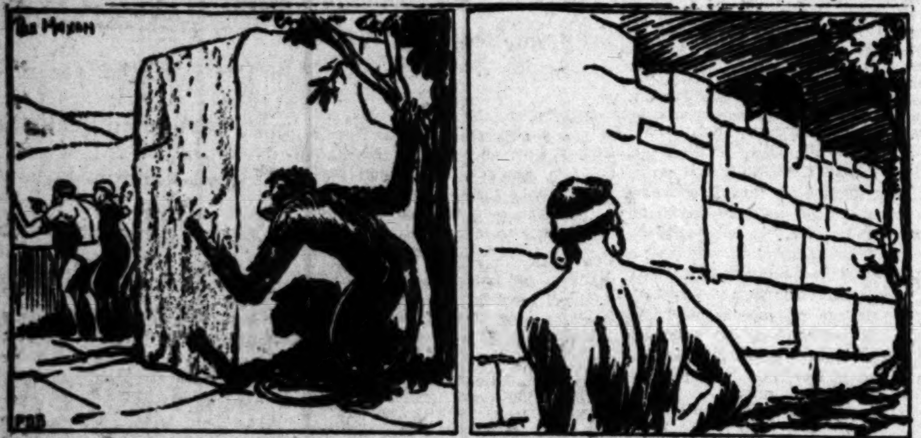
TARZAN AND THE GOLDEN LION

By Edgar Rice Burroughs



In the dim recesses of the monkey's little brain a plan formed to foil the priests and save Tarzan of the apes. This was quite the most important thing that had occurred in the life of Manu. He wanted to dance up and down, screech and jabber—to scold and threaten the hated Oparians. But something told him nothing would be gained by this. So he sprang into a tree and tried very hard to concentrate upon the thing at hand.

Just before darkness fell, Cadj, the High Priest, saw a little gray monkey disappear over the summit of the outer wall some fifty paces from where he and his fellows crouched, waiting for the coming of the fighting men. But monkeys were numerous about the ruins of Opar, and Cadj paid this one little attention. So he did not see the little gray figure scamper off across the valley toward the intruders who were camped now upon a large kopje, about a mile from the city.

Little Manu was very much afraid out there in the growing dusk. But he scampered on very fast, with his tail up and out behind him. He reached the kopje safely, pausing on its summit to take breath. Yes, there below him was the great Tarmangani, Tarzan. With him were some fifty Gormangani. They seemed to be building crude ladders out of small branches lashed against long poles. The purpose of all this, Manu of course did not understand.

If he had, he would have known it was part of the plan born in the fertile brain of Flora Hawkes. By this means her men were to scale the steep kopje, at the top of which lay the hidden entrance to the treasure vaults of Opar. He would have known, too, that the giant white man was Esteban, the "false" Tarzan and not the ape-man himself. But Manu did not know, and so, regaining his breath, he climbed down to deliver his warning to the supposed friend of his people.

The new company, described by its organizers as "the result of a concerted move on the part of strong financial groups in the Monongahela Valley to stabilize the coal industry in Northern West Virginia," will take over about forty-five mining properties located in Harrison, Marion, Monongalia, Barbour and Taylor counties and having an annual production of 5,000,000 tons.

Tile Company Moves Offices

Gladding, McBean & Co., announce the removal of their Los Angeles executive and sales office from South Hope street to the Glendale plant on Los Feliz Boulevard, as of the 15th inst. A part of the corporation's plant, thirty-seven acres in size and the largest clay products plant on the Coast, has been rearranged to house the new offices which it will contain.

It is believed by officials of the company that the concentration of all offices at one location will make for increased efficiency. A considerable amount of the floor space of the company's Glendale office building has been set aside for a display of all the company's products and this will be maintained as a permanent exhibit for the convenience of prospective builders.

BROKERS CUT MARGIN AGAIN

Effort to Stimulate Stock Business Brings Six-Point Minimum Requirement, Lowest in Years

BY EARLE E. CROWE

Like all lines of business confronted with a declining volume and reduced profits, the stock brokerage houses are taking steps to apply artificial respiration. The latest measure to stimulate new business is the reduction of margin requirements to the lowest point since the $2 margins were ruled out.

One of the largest wire houses in the country yesterday introduced the 6-point margin to replace the 10-point minimum on the lower-priced stocks. This house, E. A. Pierce & Co., New York Stock Exchange members, placed into effect a scale running from 6 to 12 points on stocks selling from $10 to $49 7-8 a share. Above $50 the requirement is 25 per cent of the purchase price.

Not so many months ago the 10-point margin had been discarded completely as one of those unbusiness-like practices belonging to the past. Even a 20-point margin was regarded by some houses as poor practice, and customers were more than willing to deposit 25 to 60 per cent of the purchase price for the privilege of trading.

In establishing stiff margin rules the brokers were primarily concerned with protecting themselves in a highly dangerous market in which prices were abnormally inflated. The fact that one of the largest houses is now willing to accept business on a 6-to-12-point basis is evidence that the market, in its opinion, is back to a level where the broker is not running a large risk on narrow margins.

Introduction of the 6-point minimum is direct encouragement to the small speculator who was not particularly desired when the market was booming. Low prices and low margins appeal to the odd-lot buyer, and the odd-lot buyer of today is, under ordinary circumstances, the 100-share trader of tomorrow.

RATES CHANGE

Stock brokers are also able to offer the inducement of low interest rates on margin balances. Call money was unofficially quoted yesterday at 1 per cent with the demand negligible. Gradually this low rate will stimulate speculation, although it is noteworthy that speculative money goes begging at 1 per cent in contrast with the mad scramble for call loans when the rate was around 15 per cent.

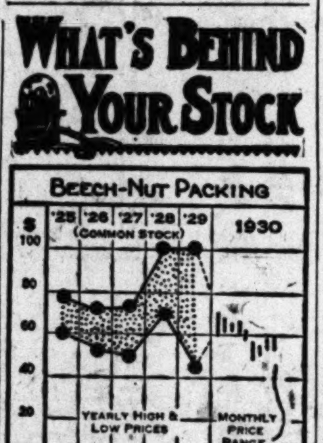
Brokers are not concerned entirely with the speculator at this time, but are giving careful attention to the investor who buys stocks outright. Through surveys, reports, etc., the commission houses are calling attention to the desirability of investment in stocks at the current low prices, knowing at the same time that a fair percentage of the stock investors turn into speculators when the market turns actively upward.

Another device to stimulate business was recently employed by a San Francisco house in announcing a partial payment plan in co-operation with a trust company.

Investment Trust Receiver Asked

CHICAGO, Nov. 13.—A bill asking for appointment of a receiver in equity was filed in the United States District Court here today against H. O. Stone Investment Trust, formerly H. O. Stone & Co., by attorney representing sixteen security holders in Indiana.

The bill charges mismanagement and claims the trust is either heading toward insolvency or already insolvent. Defendants named in addition to H. O. Stone Investment Trust and various affiliated companies are Continental Illinois Bank and Trust Company, which is alleged to hold $4,000,000 of Stone securities as collateral for loans. Others named as defendants are Henry F. Norcott, Claude C. Niles and James G. Alexander.



This company manufactures and distributes a well diversified line of food specialties marketed under the familiar Beech-Nut brand. Manufacturing activities include the curing and packing of meats, the preserving of fruits and the manufacture of jellies, peanut butter, jams, catsup, candies and chewing gum. A ten-year contract with the United Cigar Stores gives the company a good sales outlet for its confection and chewing gum lines, which are said to furnish about 50 per cent of the total volume of business. Three plants are operated in New York State, and subsidiaries in Great Britain and Canada, concentrating on candy and gum manufacture, serve the British Empire.

Earnings in 1929 declined slightly from peak 1928 results, but were well above figures for the previous years. For the first six months of 1930, net income was equivalent to $2.96 per share, as compared with $3.09 in 1929. In the face of generally reduced business activity, this showing must appear as very satisfactory.

RED METAL CONTINUES TO ADVANCE

Copper Consumers Bid Prices Up for Another Half-Cent Gain

NEW YORK, Nov. 13. (AP)—Copper consumers today advanced their bids for the metal to 10½ cents, one-half cent above the domestic level of 10 cents, delivered, established yesterday, after the metal had sold for a few weeks at 9½.

The bidding by consumers first was at 10 1-4 cents, and later in the day they raised their bids another quarter of a cent to 10½ cents. The trade report is that consumers were able to obtain little or no metal at the increasing price.

The 10-cent price established yesterday was an increase of one-half cent and marked the first rise in the price of the metal in several months. Today Copper Exporters, Inc., increased the export price to 10.30 cents, c.i.f. European base ports to bring it in line with the new domestic level.

WASHINGTON, Nov. 13. (AP)—Atty.-Gen. Mitchell said today producers of copper, zinc and other minerals had not approached him seeking his opinion on whether production of the products could be curtailed legally. Reports have been current copper producers and others would seek the opinion of the Department of Justice as to the legality of a proposed curtailment. The Attorney-General, after saying he had not heard of such a move, added the department never expressed an opinion upon a subject until after it had investigated.

Oil Institute Board Defers Tariff Action

CHICAGO, Nov. 13. (AP)—The board of directors of the American Petroleum Institute reached no agreement on the proposed tariff on oil today and issued a statement, after deliberating on the matter for several hours, saying the discussion would be "held over for future consideration."

Since the annual meeting of the institute adjourns tonight, the debate as to whether the body was to recommend or disapprove a petroleum tariff must wait until the next meeting of the board of directors. Meetings are usually held every two or three months, but no date for the next session has been set.

The tariff proposal was one of the most delicate subjects before the oil industry due to the fact that some of the largest companies were heavy importers of oil and would be affected adversely by tariff rates, while the big producing companies would welcome rates which they feel would protect them from foreign competition.

Addressograph Holders to Get Stock Dividend

CLEVELAND, Nov. 13.—Upon approval of the merger of Addressograph International Corporation and the American Multigraph Company by stockholders of the latter, the Addressograph stockholders will receive a dividend of a little better than 15.3 per cent in common stock on the common shares. The dividend will be paid before the completion of the merger and will accrue only to the Addressograph holders. The purpose of the distribution is to equalize the stocks of the two companies.

Addressograph at the present time has 520,000 shares of no-par common stock outstanding, and is offering 160,405 shares to American Multigraph to be distributed on a basis of one share of Multigraph for one and two-fifths shares of Addressograph. The stock dividend evidently will require 79,808 shares, bringing the total to become outstanding to 760,213 shares of no-par common.

Pair of Bankers Long in Harness

Cecil N. Rosenthal, vice-president, and Louie S. Gilhousen, assistant cashier, both of the First National office, Security-First National Bank, yesterday completed a combined total of fifty-five years of banking service with that institution. Mr. Rosenthal, a native son, began his banking career at the age of 16, when he entered the former Bank of Commerce in Los Angeles. He entered what is now the Security-First National Bank in 1905, and worked his way up from a bookkeeper to vice-president.

All of Mr. Gilhousen's banking experience has been obtained in the institution he is now serving. He came here from Kahoka, Mo., in 1900 and started as a messenger boy with the bank. He was auditor before election to an assistant cashiership.

"American Telephone is spending approximately $20,000,000 a year to improve its service and to cut costs," says a report issued yesterday by California Company, Ltd., distributors of Corporate Trust Shares. "This is equivalent to $1.30 a share on the outstanding common stock.

FINANCE KINGS CONFERRING

London Meeting Believed Considering Plans for New Reparations Payments

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, Nov. 13.—Gov. George L. Harrison of the Federal Reserve Bank of New York has arrived in England and begun his "conversations" with European bankers. But he is not alone. Ambassador Charles G. Dawes and Owen D. Young have been holding frequent conferences in the last ten days. J. P. Morgan also is reported to be in London.

While nothing authoritative has been published regarding these conferences, it is generally believed these men are engaged in working out plans for a new deal on reparation payments and inter-Allied debts.

Germany's recent loan of $125,000,000 will carry her over until spring. Had this loan not been secured, a moratorium on her reparation payments appeared to be a certainty.

Germany has never joined hands with the Allies in asking for Allied debt reductions. She has kept her reparation problem on one side of the fence—and the Allied debt problem on the other. Her position has always been that the Allied debts which have been cut from 40 to 60 per cent of their original amount represent the money loaned to the various Allied nations by the United States after the war and that it was and is a purely business transaction, standing on a strictly legal basis.

The reparation situation is different. Reparations were demanded from Germany on the theory that Germany was solely responsible for the war. But there has been some change in this opinion since the conferences at Versailles. There are a number of European statesmen who believe the entire responsibility for the war did not rest on Germany alone, so the basis for reparation has become somewhat weaker.

Official India has spoken—she demands dominion status.

At the very first meeting of the round table conference in London India stated her demands simply, but effectively.

Ramsay MacDonald is the busiest man in Great Britain these days! No sooner does he leave the conference of British Premiers, where everything seems deadlocked, than he enters the great Indian conference to determine the future policy of Great Britain, involving the lives of 350,000,000 people.

Mahatma Gandhi is not there. He is in jail in India. But many of his sympathizers are delegates among the eighty-odd members present. If India receives the dominion status of Canada or Australia the revolt in India will probably die away.

But if Great Britain rejects India's request, many of the delegates will go back and join Gandhi, believing his solution offers India the only way out.

Great Britain knows the job ahead. Her government has not minimized its importance, for it means much to the British Empire. If the delicate situation is bungled and the Indian wishes ignored, it may spell the beginning of the breakdown of the British Empire.

No British statesman envies the Labor Premier his present job at this particular time.

If New York is not "apple-minded" already its citizens will be before the winter is over. On hundreds of corners apples are being sold at 5 cents apiece by the unemployed. In the past two weeks over 4,000,000 apples that would have wasted have been sold by about 2500 men and women now engaged in this work.

STOCKS RESUME PRICE ADVANCE

Fresh Gains Registered on Crash Anniversary

Rally Third Successive Day Since Mid-August

Some Evidence of Turn for Better Reported

NEW YORK, Nov. 13. (AP)—This was anniversary day in Wall street and the stock market celebrated by extending its advance.

On November 13, 1929, share prices made their "panic lows" in three hours of trading. It so happens today's highs, on the average, were considerably under those minimums of 1929, but there was some consolation for injured pocketbooks in the fact the market had rallied in three successive sessions, an accomplishment not duplicated since the middle of August.

The net gains today ranged from 1 to 5 points. However, the average improvement of 3.6 points was larger, increasing the week's advance to 8.4 points. The composite closing price of ninety issues was 131.8, compared with 140.2 a year ago.

Covering seemed to give the chief impetus to the continuation of the rally. Traders in utility, chemical and railroad shares showed considerable anxiety, but it was nevertheless obvious that some recent bears were taking a shot at the long side of the market in the belief the best opportunity for quick profits lay in that direction. Realizing and spotty short selling in the last hour depressed prices from their tops. There was also a brief interval of weakness in the forenoon coincident with another attack on American Telephone and the amusement stocks. Some of the latter closed heavy.

Perhaps it was fitting that on this

STOCKS RESUME PRICE ADVANCE

(Continued from Thirteenth Page)

anniversary day the market should hear that Federal Reserve brokers' loans had dropped $219,000,000 to the lowest total on record. The aggregate at the close of the week ended the 12th inst. was $2,235,000,000, against the previous minimum of $2,409,000,000 on May 19, 1926. Publication of the figures began with that year.

The deflation in brokers' loans since September 24 amounts to $987,000,000, and the decline has not been interrupted in that period, during which stock prices almost steadily tumbled. All three groups of loans decreased in the past week, but security borrowings from New York City member banks by non-brokers rose $19,000,000, showing stocks had continued to pass to stronger owners.

NEWS BULLISH

News from the copper industry again contributed to the better speculative feeling. Buyers were bidding 10 1-4 cents for the metal, while some dealers quoted from 10 1-2 to 11 cents a pound for 1931 deliveries. Actual business, however, was on the 10-cent basis established yesterday. With the curtailment plan apparently nearing completion, it is believed copper prices will move slowly higher until conditions have returned more closely to normal.

Further encouragement was derived from the presence in New York of representatives of several large British investment trusts, who were said to be planning important security purchases for their companies. Some of these concerns have not been interested in Wall street for nearly two years and they then came as sellers.

American Telephone's early weakness, which carried it off 3 points, resembled a bear raid. The stock eventually sold as high as 189 3-8 and closed 5-8 net higher at 187 5-8. United States Steel rose to 145 7-8 and was up a point at the finish. There were net gains of 1 to 2 in American Can, General Electric, General Motors, Johns-Manville, Monogomery Ward, Radio and National Biscuit. "The coppers were strong up 1 to 3. Two or three rails rallied as much as 5 points, while Union Pacific held more than 7 of an extreme rise of 8 3-4. Diamond Match soared 13. Fox Film and Loew's lost more than 2.

A heavier foreign exchange list showed leading European rates slightly lower.

DEBITS—MONEY

Clearinghouse debits reported for yesterday were $43,926,527, a decrease of $22,716,474 from corresponding day last year.

Wheat Prices Sharply Up in Active Buying

CHICAGO, Nov. 13. (AP)—Purchasing on a big scale developed in the wheat market today, and prices went as much as 5c a bushel higher than Monday's bottom figures. Improvement of stock exchange quotations gave help to the buying side of the wheat market, and there was active closing of so-called "spread" transactions in wheat between Chicago and other markets, largely as a result of notice government-sponsored bodies would take delivery of 10,000,000 bushels on December wheat contract. Reports of heavy rains in Argentina renewing fears of widespread damage from rust tended also to lift wheat values here.

Closing quotations on wheat were unsettled, ⅝@1⅝c a bushel higher than yesterday's finish. Corn closed at 1⅛@ [illegible] advance, oats ⅛@⅞c up, and provisions unchanged to 15c down.

Independent strength shown by corn contributed to the upward trend of wheat as well as of oats and rye.

Provisions went lower, responsive to downturns in hog values.

NEW YORK BOND PRICES

NEW YORK, Nov. 13. (AP)—Buying inspired by the better tone in the equity share market reversed the trend of bonds today. All sections of the list reflected the buoyant effect of an improvement in sentiment, although the volume of business was unchanged.

It was the first session of the week in which a majority of changes in prices had been on the constructive side. After setting a new low for the year twice during the week, the average of thirty bonds advanced 3-10ths of a point.

On a reduced turnover United States government obligations maintained their firm tone. Liberty First 4¼s and Treasury 3⅜s of 1943 reached new 1930 peaks, the latter on an advance of 5-32nds, a comparatively large gain.

Demand for railroad issues broadened and while a few failed to participate in the advance, the group was much improved in price.

Best grade utilities were firm, but there was a desultory movement among issues more directly affected by earnings. American and Foreign Power 5s advanced ⅝, and American Telephone issues and Consolidated Gas 5½s were slightly higher. A flurry of selling inspired by reports martial law was about to be declared in Havana precipitated Havana Electric 5½s and 5s into new lows for the year. The 5s dipped 8 points.

Atchison 4½s advanced 2¼, and General Theaters 6s closed at a new 1930 bottom.

The closing price is omitted when same as the low and both low and close when same as the high.

A comparison of the average fluctuations of common stocks and bonds during a recent two weeks' period clearly indicates the importance for most investors of maintaining at least a considerable portion of their funds in high-grade bonds.

We are offering a prime First Mortgage Bond which affords this freedom from fluctuations combined with a decidedly liberal interest rate. It is secured by a first mortgage on income-producing real estate valued at over 2½ times the amount of these bonds, supplemented by additional industrial earnings which have shown a large increase since the issue was first offered.

These bonds are a legal investment for California savings banks, trust companies, and insurance companies. Priced to yield 6½%, this offering merits, we believe, your careful investigation

LOS ANGELES EXCHANGE

Stock Market Sustains Rallying Trend Although Trading Activity Slackens

Security prices on the Los Angeles Stock Exchange yesterday continued in an upward direction extending the rally which set in late Wednesday. Activity, however, was sharply restricted compared with recent sessions when operations were principally on the selling side. Moreover, a few of the popular issues reacted slightly near the close which left final prices for the market as a whole only fractionally above the close of the preceding day.

Greatest activity was displayed in Transamerica, Union Oil issues, Standard Oil of California, Southern California Edison and Claude Neon. Transamerica rallied to 16 5-8 and ended at 16½, up 1-4 net. Union Associates, with a turnover of 3400 shares, spurted to 26 3-4, but finished at 26 1-8, down 1-4 net. Union Oil, after reaching 27 3-4, ended at 27½ for a net gain of 1-8. Standard rallied 7-8 to 52½.

Very little change was shown in the balance of the oil list. Rio Grande turned over in excess of 1000 shares and added 1-4 to end at 7 3-4, and Bolsa Chica added 3-8 to finish at 10 1-8. Richfield, on an unusually light turnover, held to 6, and Macmillan remained at 5.

Edison, trading briskly, rallied 7-8 to end high at 46 1-8. Claude Neon, after reaching 16 5-8, closed at 16, up 1-4 net. Pacific Mutual Life, on the transfer of fifty shares, shot up 2½ points to 64 3-4, and was the only issue to record more than a fractional advance. Pacific Finance improved slightly to 15½ and International Re-Insurance firmed up 1-4 to 34 3-4.

Byron Jackson dropped ⅛ to hit a new low at 8 and finished at 8 1-8. Pickwick fell off 20 cents to the record low, previously marked at 2.00.

Sales totaled 20,113 shares, valued at $509,000; previous day, 29,276 shares, valued at $1,018,676.

COTTON MARKET

NEW YORK, Nov. 13. (AP)—Opening declines influenced by relatively easy Liverpool cables were followed by rallies in cotton here today on trade buying and covering which appeared to be promoted by reports of comparatively small offerings from the South and of firmness in the stock market.

After selling off to 11.46 March advanced to 11.70, compared with 11.54 at the close of yesterday, with active months ruling about 10 to 12 points net higher around 2 o'clock.

COTTONSEED OIL

NEW YORK, Nov. 13. (Exclusive)—The cottonseed oil market was quiet, but with a steadier tone today after a rather tame opening in view of the somewhat bullish official report indicating consumption of 379,541 barrels in October against 321,314 in September and 386,113 in October, last year. This report coupled with stronger stock, grain and cotton markets and firmer crude advices later brought in more cotton and commission house buying as well as local covering and prices advanced readily.

Old contracts closed unchanged to 15 points higher and new contracts 10 to 16 points net higher. Total sales were 2550 barrels, all in new contracts. Prime crude, 6.37½@6.50c; prime summer yellow, old, spot, and November, 7.50c; December, 7.55c; new, December, 7.55c; January, 7.60c; March, 7.77c; May, 7.85c.

A Remarkable Past Record of Strength and Stability

What does it mean in the future?

RECENTLY, an investor said to us, "Corporate Trust Shares, as a trust, is well set-up, carries a composite portfolio rating of 'A' by Moody and has a marvelous historical record of past distributions. But, you have selected 28 of America's most outstanding corporations, quoted their records for the past 17 years and expect them to equal that in the future."

HERE IS OUR ANSWER

"No one can look into the future," we replied. "But the only guide to the future lies in the past. The 28 great corporations, whose stocks underlie Corporate Trust Shares, are most likely to succeed. Their managements are strong; they are leaders in essential industries; their assets total $23,000,000,000 and their average age is 58 years. Isn't a time-tested investment such as this superior to some new untried venture?"

METAL MARKETS

CLEVELAND, Nov. 13. (Exclusive)—Daily Steel today says: Some sheet and strip steel producers booked more business during October than had been expected. One large Ohio mill reports its bookings during the month were the largest of any month this year and that its shipments also were the heaviest. For most producers, however, the month was a comparatively poor one, business barely holding up to the September level. To date in November all of these various finishing mills appear to be booking business at a rate equal to that of October, and this is considered satisfactory, in view of the fact there is an increasing tendency on the part of the consumers to pare down inventories.

LOS ANGELES MARKET

CATTLE—The moderate fresh receipts and the accumulation of holdovers which totaled over 600 head met with a fairly active demand at fully steady prices. The holdovers were largely stocker and feeder material, many of which were selling on a per head basis. With the prospect of light receipts the balance of the week a good clearance is expected.

A load of 923-pound native Arizona steers of good quality brought 8.35 and a 10-head bunch of 1383-pound Montana steers reached 8.50. A small lot of local fed 1001-pound steers made 8.25 and a load of medium 900-pound Utah steers cashed at 7.75. Two loads of 922-pound Mexican type Arizona steers turned at 7.00 with a load of trucked-in Mexicans at 6.50. Odd head medium to good bulls brought 5.00@5.75.

CALVES—Very light fresh receipts and around 100 head of holdovers practically all sold at about steady rates. One outstanding vealer made 13.75, with a few medium to good natives at 10.00@12.00. Heavier calves sold at 7.00@9.00, including stockers at 7.00@8.00. Common heavies went down to 6.00.

HOGS—Very little demand existed and the four loads offered had to sell on a 10@25c lower basis, packing sows suffering the full decline. A load of fairly good 193-pound Nebraska butchers set yesterday's top at 10.25 with a load of 189-pound weights at 10.15 and a load of 182-pound Colorados at 9.90. A load of 170-pound local fed hogs scored 9.60 with other locals at 9.35@9.50. Around 25 head of 309-pound Colorado packing sows made 8.00.

Railroad Cuts Common Rate

NEW YORK, Nov. 13.—Chicago and Northwestern Railway declared today a dividend of 25 cents a share, bringing the year's payments to $4 and placing the common stock on a $4 annual basis. The company paid $1.25 in each of the three preceding quarters. The regular preferred dividend was also declared.

Fred W. Sargent, president, stated that the board felt it would not be wise to pay in excess of 4 per cent in the common this year, since earnings were adversely affected by the drought and depression. Recent reductions of grain rates and threatened cuts in other cases now pending were taken into consideration. Property, he said, has been well maintained during the trying period and the company is in a position to take prompt advantage of a return to normal business conditions.

MEXICO SILVER SLUMPS LOWER

New Drop in Peso Worries Government Officials

Business Cut Follows in Wake of Decline

Curtailing of Circulation Fails to Relieve

MEXICO CITY, Nov. 13. (AP)—Business circles were concerned today by a new slump in the values of both gold and silver, and as a result plans were hastily made for a conference of banking and commercial interests with government officials.

The slump reached its height yesterday when despite strenuous effort by the government and banks to check the downward trend, the silver peso fell to 15 per cent less than gold, whereas the normal difference is 3 per cent.

At the same time the value of both gold and silver money suffered a strong decline in exchange for the American dollar. Today's quotations showed 100 American dollars selling for 259 silver pesos, or 224 gold pesos, with banks selling gold pesos at 15 per cent above silver.

The slump consequently caused considerable business stagnation today, a number of firms curtailing their operations while awaiting a definite trend in exchange.

The silver situation long has been bad in Mexico. The government recently ordered 10,000,000 silver pesos withdrawn from circulation to improve the exchange of silver against gold but this had little effect.

The newspaper La Prensa editorially blames the United States for Mexico's ills, urging that an immediate boycott be established by the buying public against products imported from the United States.

Films Fill Gaps in Andre Polar Party's Tragedy

STOCKHOLM (Sweden) Nov. 13. (AP)—Much of the diary written by members of the Andre polar balloon expedition in 1897 has been obliterated by time and weather since they died, but they left behind them twenty undeveloped films which supply some of the gaps in the story of their tragic end.

The newspaper Bagblad today said Prof. Hertberg has developed twenty films found among the expedition remains. A number of the negatives showed the balloon after its forced landing on the ice, which appears to have been caused by loss of gas and ice on the envelope.

Another photograph shows Andree standing beside the carcass of a polar bear he killed. Others show episodes in the march over the ice.

Curtis Asserts Losses by G.O.P. Only Temporary

HARRISBURG (Pa.) Nov. 13. (AP) A prediction the Republican party will regain the ground lost in the recent election was made here tonight by Vice-President Curtis in an address at the annual banquet of the Pennsylvania Council of Republican Women.

"All of us are greatly surprised at the reversal of public opinion in the recent election," Mr. Curtis said, "which was brought about by the business depression and loss of confidence, and it will take the united efforts of the men and the women of the entire country to restore confidence, but when this confidence is restored, as it will be, our party will regain the ground lost."

Baird Fortune Dispute Ends

SAN FRANCISCO, Nov. 13. (AP)—The long controversy over the Baird fortune has been settled out of court, attorneys announced today. A jury selected yesterday to hear the case will be dismissed.

In the agreement reached Mrs. Marie Sproule, wife of the former president of the Southern Pacific Railroad and daughter of Mrs. Veronica Baird, yielded to the claims of two other litigants.

It is understood Thomas Baird, a son of Mrs. Baird, and Miles T. Baird, a grandson, have been allotted the amount they would have received had they not been cut off with bequests of $1 each.

Billings Case Decision Near

SAN FRANCISCO, Nov. 13. (AP)—Chief Justice Waste of the California Supreme Court said today the court will hand down a decision in the case of Warren K. Billings by Thanksgiving Day.

Billings, who was convicted with Thomas Mooney, for assertedly placing a bomb which killed ten persons and injured forty during a preparedness parade here in 1916, has appealed for a pardon.

CAR MEN IN CRASH FACE DARK DAYS

Discharge in Disgrace Confronts Pair Blamed for Bay City Accident

SAN FRANCISCO, Nov. 13. (Exclusive)—Discharge in disgrace from the Municipal Railway tonight faces Motorman R. J. Hanlon and Conductor C. A. Lund of a traction car that was stopped to rescue a 50-cent piece in the Twin Peaks tunnel last night and caused a crash that injured fifteen persons.

City officials became thoroughly aroused when it became known the coin that brought the crash was the conductor's own, and that he persuaded his motorman to back up to retrieve it.

Lund and Hanlon were refused the opportunity to resign and ordered to prepare to stand trial.

Police said manslaughter charges will be filed if Arthur Anderson, motorman of the car following, into which the backing lead car crashed, dies of his injuries.

Tom Watson, 13-year-old Boy Scout, who, with a crushed and mangled leg, told rescuers the motorman was hurt worse than he and should be given first attention, is the brother of Mrs. Herbert Hoover, Jr., daughter-in-law of the President. He is hailed today as a hero.

EASTMAN REPORTED IN PARIS GIFT OFFER

PARIS, Nov. 13. It is expected the Council will accept the gift formally at its opening session, the 24th inst.

FOOTBALL AND BOXING DENOUNCED

Vatican Organ Pleads for Return to Ancient Greek Conception of Sport

VATICAN CITY, Nov. 13. (AP)—In a plea for return to the classical Greek conception of sport, Osservatore Romano in an editorial today says a nation's worth in the world is not determined by possession of a "small number of brutes."

"The Greek prize was a laurel crown; the modern prize is a dollar," says the editorial.

All modern professional sport, particularly boxing and football, is scored. The newspaper deplores "sordid speculation" over sporting events, citing the spectacles of crowds of youths sitting for hours watching a game of football and packing arenas "to see two brutes exchange blows."

Five Arkansas Negroes to Be Electrocuted

LITTLE ROCK (Ark.) Nov. 13. (AP)—Five Negroes at the State penitentiary here will be put to death in the electric chair tomorrow. This will be the first time as many as five have been electrocuted in this State at one time.

Willie Joe Davis and Eddie Long will pay for the murder of Alderman John W. Weed of North Little Rock during a hold-up of his store last year.

James Turnage and George Washington will be electrocuted for the murder of W. H. Roberts, Little Rock filling station operator.

Mach Cleveland was convicted of the murder of two Negro children in Columbia county.

[illegible]POSE REVEALED

[illegible] details of the pending investi[illegible] were officially given out yes[illegible] by Fitts or O'Brien, but both [illegible] admitted that Mayor Por[illegible] campaign expenditures are un[illegible] investigation and that his con[illegible] with Pepperdine both while [illegible] a member of the 1928 grand [illegible] during his campaign for [illegible] will be gone over by the [illegible].

"I have issued orders to [illegible] to go anywhere and [illegible] in a legal manner to [illegible] the law and arrest crimi[illegible]. MAYOR'S STATEMENT

[illegible] Mayor Porter when notified [illegible] pending grand jury investi[illegible] came only a brief statement [illegible] he declared that he has [illegible] to hide. "I have nothing [illegible]," declared the Mayor; "it is [illegible] to me and I have not been [illegible] with a subpoena. The inves[illegible] can go ahead. I have noth[illegible] to hide."

[illegible] others to call on O'Brien [illegible] the pending investiga[illegible] yesterday were Charles W. [illegible] and his son, once close per[illegible] friends of Mayor Porter. GANGSTERS PUT ON LEGAL 'SPOT'

Law Enforcement Agencies Organize Offensive

Special Force to Cope With Eastern Hoodlums

Fitts Obtains Tip Service on Their Movements

Taking the offensive in the fight between law-enforcement agencies and gangsters in Los Angeles Dist.-Atty. Fitts, Police Chief Steckel, Joe Taylor, chief of detectives of the police department; Harry Wright, chief of Sheriff Traeger's criminal department, and Norris G. Stensland, chief of the Sheriff's robbery investigation detail, yesterday in conference outlined the organization of a group of "gangster specialists" to be selected from the three departments and assigned to cope exclusively with this type of criminal.

This move was the answer of the District Attorney, police department and Sheriff's office to the challenge of the underworld disclosed Wednesday in the form of a plot originated by gangsters to kidnap several prominent Los Angeles business men and hold them for ransom.

DETAILS KEPT SECRET

The nature of the organization to be formed was kept secret by the District Attorney and others who attended the conference, but it was announced that its sole purpose will be to conduct an organized fight against gangsters and racketeers in Los Angeles.

The men, each picked for his record as an honest and courageous officer, will be backed by every law-enforcement agency in the city, and the orders will be to take whatever steps are necessary to obtain information and evidence to squash at the outset the move of organized gangs to intrench themselves in this city, according to the District Attorney.

OTHER SESSIONS PLANNED

The conference in the District Attorney's office ended with all present in complete harmony concerning the plan and with the understanding that another conference will be held next Tuesday to complete organization. Other sessions will be held in the immediate future to obtain assurance of additional public support in the movement and to perfect the organization, it was announced.

Discovery of the recent presence of several known eastern gangsters in Los Angeles, who are now in the East, and the disclosure of a contemplated kidnap "market" plot to be executed in Los Angeles were the direct cause of the antigangster conference.

SUSPECT SOUGHT

One man suspected of having been a party to the plot, already is under indictment for another offense, and is being sought throughout the United States. Information also is being gathered concerning other gangsters believed to be in the city or in close touch with friends here which will be used as soon as the organization is perfected.

To stimulate this procedure and assure the group of special "antigangster" officers of efficient support, Dist.-Atty. Fitts announced that he already has retained a group of special undercover agents in New York City, Chicago and Kansas City whose duty will be to keep Los Angeles police advised of the westward

FILM ACTRESS GOES UNDER KNIFE TODAY

Helen Chandler

After staving off an operation for appendicitis for more than six weeks in order that she might finish her role in Universal's screen drama, "Dracula," Helen Chandler, blond screen actress, entered Hollywood Hospital last night and is scheduled to go under the surgeon's knife this morning. She came here from New York a year ago.

Soon after she was cast as the feminine lead in the picture, Miss Chandler developed appendicitis. In order to forestall the operation until the completion of the film she has been receiving daily treatments from Dr. James Beggs. Her final scenes completed yesterday noon, she went to the hospital directly from the studio.

EINSTEIN WELCOME PLANNED

Relativity-Theory Author Expected Here, Although Confirmation Lacking

By a "Times" Staff Correspondent

PASADENA, Nov. 13.—Despite the fact that local scientists have received no word regarding the announced plan of Dr. Albert Einstein to come here for research work shortly after January 1, plans for entertaining the author of the relativity theory, are progressing today.

Rabbi Henry Radlin of Temple B'nai Israel dispatched the following cablegram of welcome to the famous physicist and mathematician:

"Pasadena's Jewish community feels greatly honored by your coming and is anxious to help make your visit to Southern California pleasant. We are proud to welcome you. Our facilities are at your disposal."

Dr. Einstein, according to reports from Berlin, is coming here for research work at the California Institute of Technology and Mt. Wilson Observatory.

At the office of Dr. Robert A. Millikan, executive head of the Institute, it was stated late today that Dr. Einstein has a standing invitation to visit the local institution, but that no word has been received from him regarding his approaching voyage to the United States.

EINSTEIN'S TRIP PLANS KEPT SECRET

BERLIN, Nov. 13. (AP)—Prof. Albert Einstein today denied himself to visitors who sought to learn more about his proposed visit to the United States early next year.

Inquirers were told by Mrs. Einstein her husband could not be disturbed.

"We are greatly annoyed that news of my husband's projected voyage to America has leaked out," she said. "It is the deepest secret. Albert is opposed to publicity about it and will not receive anybody to discuss it. No one is to know the

HOOVER BACKS CHEST DRIVES

Kerr Receives Telegram From President

"Deserves Support of All," Executive Wires

Team Workers Will Meet in Biltmore Today

Chairman Kerr of the Los Angeles Community Chest campaign commiteee is in receipt of the following telegram from President Hoover, in which the Chief Executive commends the American people for their generous impulse and friendly spirit in supporting Community Chest campaigns throughout the country.

"The magnificent response of the American people in the recent Community Chest campaigns is characteristic of the generous impulse and friendly spirit of social co-operation and good will, which is one of the most powerful constructive forces in our democracy. This movement is wisely conceived and administered and deserves the support of all our people.

[Signed]

"HERBERT HOOVER."

CALL TO PEOPLE

Recent indorsements of Community Chest campaigns by both President Hoover and Col. Arthur Woods, executive of the President's emergency committee of unemployment, are regarded by Community Chest officials as being of prime importance in arousing the public to its responsibility in meeting the urgent needs at this time.

Chairman Kerr calls attention to the fact that twenty-three different cities, which have held Community Chest campaigns this fall, have made a gain in total pledges of 7.1 per cent over the amount raised by these same organizations one year ago, and a gain of 3.2 per cent over the amount sought this fall. In all of the larger cities more money is being subscribed, to meet the greater demands brought about by unemployment and economic depression.

MEETING TODAY

Team workers in the local campaign will bring in another report of additional subscriptions at a luncheon meeting to be held at the Biltmore at noon today. Reports received at campaign headquarters indicate that the volunteer solicitors throughout the entire city are bending every effort to bring their labors to an early conclusion.

The total amount reported up to Wednesday, the day on which the last meeting was held, amounted to 62.86 per cent of the campaign goal of $3,200,000. Taking into consideration the large number of cards on which no reports have been received, and the renewals of subscriptions promised but not yet turned in, it is evident to Chairman Kerr and his aides that the success of this year's campaign depends largely upon the team workers and the manner in which they handle their job.

COUNCIL VOTES $100,000 FOR CHEST

The City Council yesterday voted an appropriation of $100,000 to the Community Chest for the year 1931. The money will be paid in quarterly installments beginning in April. The fund was created on recommendation of the Finance Committee. The money is to be used for the care of crippled children.

Council Grants Street Projects Financial Help

Two important projects were given aid from city funds yesterday by the City Council upon recommendation of the Street Opening and Widening Committee.

The opening of Trolley Way from the Santa Monica city limits to Windward avenue in Venice was granted $90,000. The money is to come from an allocation of $200,000 previously made to the Trolley Way and Second avenue project. This latter project was upset by Mayor Porter's veto of the final ordinance shortly after he entered office.

The other project was the opening of San Pedro street from Vernon avenue to Forty-sixth street at Main street. The Council directed the payment of $137,804 from the allocation previously made to the Maple-avenue improvement, since abandoned.

FRENCH PLAY TO BE STAGED

U.C.L.A. Production Set for Tonight

Characters in French Comedy

Richard Caldwell and Suzanne Du Bois, two members of the campus company, have leading roles in "Le Medecin Malgre Lui."

"LE MEDECIN MALGRE LUI," a three-act play given entirely in French, will be presented tonight by French students of the University of California at Los Angeles. The production is the first of a series of four scheduled by language departments of the university, others to be given by the German, Spanish and Greek departments.

Tonight's play is under the supervision of Miss Madeleine Letessier of the university faculty. The ten members of the cast are upper-division students in the department of French. Leading roles are to be taken by Richard Caldwell and Suzanne Du Bois. Scenes for the production have been designed and constructed by students of the art department.

The plot deals with the amusing trials of an uneducated peasant whose associates believe him to be a renowned physician traveling incognito.

U.S.C. SERVES HUGE TOTAL DURING YEAR

Approximately 44,500 in 1929-30 Given Educational or Clinical Benefits

The University of Southern California provided educational and clinical services to approximately 44,500 persons during 1929-30, it was announced yesterday. This includes students in day and evening classes, in correspondence work, in the institutes, and clients of the clinics.

In the University Park campus and colleges 6408 students were enrolled. At university college 6542 students attended. In the institutes sponsored by the university 2948 registered.

The clinics rendered service to 24,450. Of these 1400 received legal advice from the legal aid clinic; 21,448 men, women and children were examined at the clinic of the college of dentistry and of these 14,385 received treatment, the treatments involving 72,385 operations; 1500 cases were handled at the physics-optics refraction laboratory, and the psychology clinic of the college of letters, arts and sciences treated more than 100 persons, primarily for speech defects.

The off-campus audiences of Trojan faculty members numbered 314,448 individuals.

SOUTHLAND HAS LIGHT RAINFALL

Storm Over but Today Will Be Cool and Cloudy

No Damage Done to Crops in Los Angeles Area

Fire Hazard Still Exists; Snow in Sierras

Southern California received its third light rainfall of the season yesterday, Los Angeles getting .05 of an inch to raise the season total to .16 of an inch, as against .32 of an inch recorded on the same date last year and a normal of 1.24 inches.

No rain was forecast for today or tomorrow by observers at the United States Weather Bureau here last night. It will be cool and partly cloudy, but the storm, they predicted, is over. It was centered over Nevada last night and Los Angeles caught its southern edge as it traveled southeast.

No damage to crops was done here by the precipitation, it was reported from the County Agricultural Commissioner's office, but dispatches from the San Joaquin Valley indicated that late grapes and cotton suffered some in the valley district.

MOISTURE BENEFICIAL

"The rain was late enough so that no crops were damaged in the local area," said K. L. Wolff, acting County Agricultural Commissioner here. "Those that would have been damaged by rain have all been harvested. The moisture was very beneficial."

It also lessened the fire hazard but did not remove it, County Fire Warden Turner pointed out.

"The moisture washed the dust off the underbrush, leaving it more inflammable than ever when it dries again," he said. "Be careful of matches and lighted tobacco in the mountain areas."

Snow struck the higher regions of the Sierra Nevadas in California while Los Angeles was getting its rain.

SNOW IN LAKE REGIONS

The Southern California Edison Company reported at 3 p.m. that eight inches of snow had fallen at Huntington Lake, four inches at Shaver Lake, and one-half inch at Florence Lake.

Reports from major points throughout Southern California indicated that the rain fell heavier in the inland and foothill sections.

Santa Monica and neighboring beach communities received only a trace while Sierra Madre, at the foot of Mt. Wilson, recorded .40 of an inch—the highest mark south of the Tehachapi Mountains.

San Fernando Valley received a general rain, the city of San Fernando reporting .22 of an inch.

The citrus belt also reported substantial showers, Pomona recording .18 of an inch and Santa Ana .09.

Claremont, also in the citrus belt, was the first center to pass the 1-inch mark for the season, the .19 of an inch falling there yesterday raising the season total to 1.11 inches.

SANTA BARBARA FIRST

The storm first visited Santa Barbara at 8 a.m., swinging southward to reach Los Angeles with rain at 11:40 a.m. Following a shower that lasted fifteen minutes the sun broke through, but clouds closed in again and rain fell steadily for more than an hour when it commenced again shortly after noon.

The other two wettings of the season occurred here on September 30, last, when .01 of an inch fell, and on October 9, last, when .10 of an inch was recorded, according to the Weather Bureau records.

Yesterday's precipitation put a stop to the warm weather that has prevailed here for the last several days, the maximum temperature yesterday being 63 deg. and the minimum, 58 deg.

LOOKOUTS IN PERIL

Danger of two United States Forest Service lookouts being snowed in was reported from Fresno. Horses were dispatched to the guards in the Sierra National Forest, where rangers stated snow was so heavy at the 7000-foot mark that it was improbable the men could make their way out on foot.

Cotton growers at Fresno and Bakersfield declared losses will accrue from the dampening their late crops received, dispatches from the district pointed out. Fresno received .55 of an inch of rain from the storm and Bakersfield, .73. The latter city's total for the season now is .94 of an inch, as compared to .06 of an inch on the same date last year.

CROOKS, murderers, kidnapers, thieves, criminals, gangsters, robbers.

If these Chicago crooks once get a foothold in Los Angeles we can kiss good-by to the California we have known. This town will be worse than Chicago. The pickings are richer.

CREAM-PUFF BULLETS

Unless the plans of Dist.-Atty. Fitts imply something more vigorous than anything that has gone before, they will never get anywhere.

We are fighting armed murderers with cream puffs and looks of gentle reproach. There is only one thing that terrifies a gangster—death.

PROTECTED DARLINGS

The police are handicapped by weak laws. And by legal technicalities. And by an amateur Police Commission and the nagging of a near-newspaper.

For years every attempt to get real laws for the suppression of crime through the State Legislature have been blocked by criminal lawyers. Result: Laws intended for the protection of the innocent have been twisted by shysters into plate armor for the guilty.

LIFE IS CHEAP

There come times when extra-legal methods are necessary. During the World War we didn't wait for Germans to blow up our forts. We put them in dentention camps. Sometimes innocent Germans.

The police know nine-tenths of these Chicago crooks by sight and reputation. But they have to stand aside and wait until they commit a crime—and take the ten-thousandth chance of catching one in the act.

As a result there never was a wild mining camp of the West in which life was as unsafe as at the present moment.

ROUGH STUFF

In the time of the Tudors, Henry VIII, being a lad with bowels, hanged every known crook he could find and exterminated their rotten families. That's why England, to this day, is relatively free from crime.

Mexico City was as bad as this until Roberto Cruz shot 175 crooks in two months.

When the marines were detailed to guard our mails Gen. LeJeune ordered a "dead bandit or a dead marine." He said nothing about arrests. There were no mail robberies.

DEAD BY PREFERENCE

The next Legislature should pass that oft-discussed law providing the death penalty for every crime committed by an armed man.

There should be a standing reward for dead bandits.

Every person entering California should be examined and every suspicious character turned back. There is great need for a State police force.

MAUDLIN MOVIES

Will Hays should stop these maudlin movies which make suffering saints out of criminal gangsters.

It is to the undying shame of Hollywood that among the archives of the Governor of this State is a petition signed by the greatest names in Hollywood—seeking to save a convicted gang murderer from the gallows. The distinguished names on that petition are the names of enemies of society.

EX-AIDE TO SUE CLARA BOW

Disclosure Made Valuables of Actress Taken from Former Secretary's Bank Box

Daisy De Voe, erstwhile secretary of Clara Bow, announced yesterday she had instructed her attorney to file suits against Dist.-Atty. Fitts and some of his aides to recover jewelry assertedly worth $3350 and $140 in cash, which she declares were taken from her safe deposit vault in a Hollywood bank last week during an investigation of her trouble with the screen actress.

In giving details of the contemplated suit yesterday through her attorney, Nathan O. Freedman, Miss De Voe revealed for the first time she had been detained for questioning for twenty-seven hours a week ago by Chief Investigator Blayney Mathews and Investigator Marjorie Fairchild of the District Attorney's office.

They compelled her, she avers, to open her safe deposit vault when they removed the cash, a diamond ring, a diamond pin, a sapphire ring, a diamond clip pin and all her insurance papers. In addition they took, she admits, a $22,000 cashier's check belonging to Miss Bow, as well as a mass of personal papers belonging to Miss Bow including canceled checks, check stubs, personal correspondence and unpaid and paid bills.

"I have returned everything that belonged to Clara," Miss De Voe stated yesterday. "I gave back all her papers. The diamond clip pin belonged to her and she got it back. I also gave her back her fur coat. But why do they keep my cash and jewels and insurance papers? My attorney has made demand for them and Mr. Mathews will not return them. We are going to sue."

Freedman said yesterday he expects the suit against Fitts and his aides will be filed today or tomorrow. Later, it was stated, Miss De Voe will sue Clara for several thousand dollars she says is assertedly due for back pay and expenses.

When advised of the impending suit, Dist.-Atty. Fitts announced that he will meet that situation when it arises. "I have been threatened with such suits before," he said.

HIGH SEAS AND DARKNESS HIDE FATE OF CANOEISTS

After hours of search in huge seas cast up by winds approaching the proportions of a gale, the Coast Guard cutter 259 radioed to the Los Angeles Harbor base last night it had failed to find the sixteen-foot kayak in which two German sailors, Frederick Rick and Frederick Pohl, had set out from San Francisco on October 26, last, for Montevideo, Uruguay.

Coast Guard officials fear the kayak and its two intrepid voyagers, once before reported lost, have really been overwhelmed this time by the wind-tossed waters and sent to the bottom.

"We will keep up the search, however, throughout the night," Boatswain J. Stepanoff of the Coast Guard cutter radioed.

When this radio was received Rick and Pohl were more than a day overdue at Los Angeles Harbor. The seas were then running so high they were dashing over the harbor breakwater. The stiff wind gave no indications of moderating.

Rick and Pohl, after leaving San Francisco last October, quickly encountered difficulties and for days were lost sight of altogether. Finally their frail craft was sighted by a yacht and hauled to Santa Barbara.

Determined to continue their dangerous expedition, the two Germans set out from Santa Barbara for San Pedro at 7 a.m. last Tuesday. The kayak, or Eskimo canoe, has only a square sail for power and on days when there was no wind the navigators planned to use paddles.

A stiff sirocco, or "Santa Ana" wind, was blowing off shore when the kayak put out from Santa Barbara. Experienced seamen urged the Germans not to go to sea in the storm, but they declined to accept the advice. Particularly rough waters were reported off Point Hueneme.

At no point along the coast have the two men been sighted since leaving Santa Barbara.

DAM QUIZ NOT COMPLETE

Grand Jury Hears Supervisor Shaw, Who Says Thorough Inquiry Should Be Made

Investigation into methods employed during the preliminary work on San Gabriel dam before it was abandoned as an unsafe project still remained a subject of discussion before the county grand jury yesterday. The nature of the discussion was indicated when Frank Shaw, a member of the Board of Supervisors, appeared before the jury voluntarily to discuss the matter.

Frederic I. Morris, grand jury foreman, announced at the close of Shaw's appearance that so far as he knows the case is virtually closed and no further inquiry will be made. Certain other members of the jury, however, state they are dissatisfied with the situation and will seek further investigation.

After his conference with members of the grand jury, Supervisor Shaw late yesterday issued the following statement:

"Public satisfaction demands a thorough investigation of the entire San Gabriel dam matter, and I have every hope and confidence that the grand jury will act immediately and with reason to definitely determine the facts in this much discussed and widely misrepresented situation.

"Politics should play no part in a matter of the magnitude and public interest such as the San Gabriel dam affair. Therefore I believe that a sane, thorough and unprejudiced inquiry by the grand jury will lift this controversial air from the level of conjecture and undetermined criticism to which it seems to have fallen."

At the meeting of the Board of Supervisors last Monday Supervisor Shaw presented a resolution to the board, adopted unanimously, which requested the grand jury to make a thorough and exhaustive inquiry into the San Gabriel dam matter for the purpose of definitely fixing all blame, if there is any.

The resolution was offered following the receipt of the report of the special board of engineers hired to check the excavation yardage at the dam site, wherein the Board of Supervisors as it was constituted at the time the work was begun, is criticised and accused of wasting public funds.

BANDIT EXHIBITS LIMIT OF NERVE

Holds Up Gas Company Fourth Time in Year

'You Know Me,' He Remarks in Demanding Cash

Obtains $226 and Promises to Return Soon

The limit of boldness was reported as having been achieved during the home-going rush hour last evening when a bandit held up the branch of the Los Angeles Gas and Electric Company at 2023 Sunset Boulevard for the fourth time in a year.

On the three previous occasions, he worked alone. Last evening he took a man friend with him. They got $226.

"Well, you know me, hand over the money," he said sardonically to C. A. Worthington, manager of the office, who told Detective Mailheu there can be no mistake about his being the same bandit who held up the place alone three times before.

After taking what cash there was in sight the bandit told Worthington:

"Well, I'll be seeing you again soon."

Worthington and a clerk, J. E. Saunders, were alone in the office when the bandit pair entered. It was near closing time. Although there were no customers in the office there was a constant procession of pedestrians past the door.

In describing the bandit Worthington said he has a nervous facial affliction that causes his mouth to twitch.

Sister Fears Missing Youth Met Foul Play

On the supposition that he may have been "taken for a ride," police yesterday began a State-wide search for Louis A. Salmore, 22 years of age, milk salesman, of 2420 Michigan avenue.

Salmore, according to a report made to Captain of Detectives Allen by his sister Rose, left home Monday morning ostensibly to look for work, and has not been seen or heard from since.

The night before, Miss Salmore stated, according to Allen, her brother's life was threatened by a man who talked with him concerning a business transaction. Miss Salmore declared she does not know who the man is or the nature of the transaction, but fears that the asserted death threats presaged his disappearance.

Board Pledges Drive Against Pigeon Nuisance

Co-operation toward working out a satisfactory method of handling the pigeon nuisance in Pershing Square yesterday was promised the Building Owners' and Managers' Association by the Park Commission, which has found the pigeons to be increasing rapidly despite efforts of park employees to reduce the number by trapping.

Lemuel F. Freer, vice-president of the association, told of efforts by building owners to trap the pigeons on the roofs of their buildings. He said that the pigeons, although nesting in the eaves of hotels and other structures, flatly refuse to eat anything except when it is given to them in the park, and that park patrons refused to allow them to be trapped, even going to the extent of kicking the traps over.

SUIT FILED FOR $75,500 DAMAGES

Attorney's Wife Charges Woman With Malicious Theft Accusation

Suit for $75,500 damages was filed by Mrs. Grace Remington, wife of Gerard R. Remington, local attorney, yesterday, against Mrs. Adelaide J. Fleckenstein, 1303 South Gramercy Place, on the assertion that the defendant maliciously prosecuted Mrs. Remington, on a charge of grand theft, filed last January and dismissed three weeks later.

The petition asserts that Mrs. Remington was charged jointly with five other defendants in a series of stock transactions, with having swindled Mrs. Fleckenstein out of $14,157. Some of the charges were dismissed at preliminary hearing in Municipal Court, and others were dismissed by Superior Judge Fricke, June 2, according to court records.

With Mrs. Remington were named her husband, Bruno and Elaine Dubain, George W. Densley and Dr. Maurice Zimmerman. Charges against all defendants were dismissed. Damages asserted by Mrs. Remington include publication of the charges in California, Arizona and New Mexico newspapers.

EX-SECRETARY TO SUE CLARA

(Continued from First Page)

ed that he has nothing to say on the subject at present except that he feels that he is in a strong position.

According to Miss De Voe's charges yesterday, Matthews and Miss Fitzgerald came to the home of her sister at 10890 Holman avenue, Westwood, at 5 p.m. on the 6th inst. and questioned her until 9 p.m. before they would permit her to eat. Then, she asserts, she was forced to accompany Miss Fitzgerald to a downtown hotel, where she was detained all night without being permitted to communicate with her sister, her attorney or anybody else.

Next day they forced me to open the safe-deposit box and removed her valuables. The cashier's check, she avers, was one which Clara herself had told her to purchase the day before.

LOSES HER JOB

"Clara was going to use this in a business deal I had advised her against going into so that is the reason I kept it from her," Miss De Voe stated. "She knows as well as everybody else that I could never have cashed it. I intended giving it back the same as everything I had that belonged to her. They treated me terribly and I think it absolutely unjust the way they treated me and kept me at the hotel. I believe, as does my attorney, we have a justifiable cause of action in the courts against them."

Miss De Voe was discharged by Miss Bow ten days ago after serving two years as her secretary, confidante and companion. Miss Bow avers she discharged Miss DeVoe for a personal reason she declines to disclose, while the ex-secretary says she is unaware of the reason and that Clara has failed to tell her.

"BOY FRIEND" BLAMED

The former secretary blames Clara's latest "boy friend" for her discharge, while Clara says this is nonsense. An admirer of Miss Bow's was the person that requested the opening of Miss De Voe's vault, it was established yesterday. His name was not mentioned.

Yesterday Miss De Voe intimated Clara and Rex Bell, screen actor, are planning marriage, but Miss Bow says this is news to her and that no "boy friend" had anything to do with her ousting of her secretary.

THEY HAIL FROM ALASKA

Neighbors of North Meet in South

Do You Remember?

Left to right—Miss Dorothy V. White of Dawson, William R. Gray of Skagway and Marji Mitchell from many points north.

ONLY one thing was lacking: They did not offer the comment that it is a small world, after all.

But, probably, Miss Dorothy V. White of Montreal, Miss Marji Mitchell of Seattle and William R. Gray of Los Angeles, applied that deficiency mentally when they met in the Alexandria.

For when they were introduced by Fay R. Smalley, assistant manager of the Alexandria, they found out that they had been neighbors, so to speak, in Alaska, although they never met until they came to this city.

Miss White was educated at Dawson and is now a special representative of the Canadian Pacific Railroad, making her headquarters at Montreal, although during the summer season she is at Banff. Miss Mitchell lived in the southern part of Alaska, but has traveled extensively throughout the territory. She is now with the Benjamin Franklin Hotel in Seattle. Gray was for years a representative of the Canadian Pacific in Alaska, holding forth most of the time at Skagway.

The three enjoyed several busy hours of reminiscenses.

Dean S. Bedilion was elected for the eleventh consecutive year as secretary.

According to the secretary, the association plans a two-story addition to their present building on West Adams street, where their sales are conducted.

Lewis S. Hart, retiring president, was presented with a solid gold membership card.

RARE DOLLS TO BE SEEN AT EXHIBIT

Novel Entries Listed for Fair to Be Given 17th to 22nd Insts.

Entries of an unusual character are promised for the book fair and doll convention to be conducted in the Braun Building, 1240 South Main street, from the 17th to 22nd inst., according to Miss Jasmine Britton, supervising librarian.

Among the entries is a hand-carved exhibit from Switzerland. Contained in the exhibit are wooden dolls, domestic animals, chalets and miniature houses and many other objects characteristic of the life of the country. The collection is owned by Mrs. J. M. Goss of Pasadena.

Mrs. Lucile Morrison of Los Angeles, who has become known as "The Doll Lady," is lending some of her famous collection of dolls. Among the pieces loaned is an authentic antique New England doll.

Elementary school children have been busy for weeks past creating doll characters from their favorite books. Some of the exhibits received at the library reveal unusual originality and dexterity on the part of their young creators.

Parents are invited to bring their children to the doll convention and teachers are especially invited to study the offerings of the book fair, which have been chosen with the thought of future use in the classrooms.

"Burke has been giving me some information connected with this investigation," declared O'Brien last night. "His son also has been supplying me with various facts and documents."

Burke himself refused to make any comment on his connection with the investigation.

WHAT O'BRIEN SAYS

While O'Brien refused to state last night just what can be expected as a result of the coming investigation, it was pointed out by him that under certain sections of the Penal Code a perjury charge can be made against anyone who files a false affidavit in connection with election expenditures. Whether such an offense is suspected in the present case he declined to say.

"We have not arrived anywhere in the present investigation," declared O'Brien last night. "This matter was just turned over to me today. I have been going over the documents given to me and talking over the case with various persons. No witnesses have been called before the grand jury as yet. I do not know that any crime has been committed and cannot say at this time that the evidence to be presented will show that any wrongful act was done by anyone mentioned.

"Certain charges have been made by various persons to the grand jury. These charges must be supported by evidence of a legal kind, and if it appears that a crime of any kind has been committed, then, of course, indictments will follow. However, I can make no public announcement of any kind regarding the details of the case."

From Fitts, however, came the statement regarding the general nature of the investigation, and also the announcement that Pepperdine will testify today.

POLICE HUNTING SWINDLE PAIR

Angeleno Loses $16,000 in Race-Tip Fraud

Deal Takes Victim From Canada to Reno

Supposed $52,000 Winning Turns to Loss

A race-track swindle, originating in Vancouver, B. C., continued here, and consummated in Reno, Nev., in which George R. Mitchell of 2235 Ditman street lost $16,000 to two asserted bunko artists, was revealed by Detective Lieutenants Reed and Harding of the police bunko detail yesterday when they obtained warrants for the arrest of W. R. Davidson, alias Joseph Malone, and J. D. Bing, alias "Whitey" Harris.

The usual procedure in such schemes snared Mitchell in Vancouver, according to the detectives. He was walking along a street one day in the Canadian coast city when he met a man who had just found a purse containing $107. After a few moments' conversation regarding the find the supposed owner of the purse approached and identified himself. Cards in the purse identified him as a broker with an inside knowledge of race-track betting.

As a consequence to the meeting the owner of the purse, in return for the favor of having his purse returned to him, tipped off Mitchell and the finder of the purse to a "sure" bet. Later Mitchell and his new acquaintance were informed that the three had won $52,000. The pay-off was to be made in Reno, but in order to show good faith the suggestion was made that each put up a substantial sum to show that payment could have been made had there been a loss.

Mitchell, according to the detectives, returned here and drew out $16,000, accompanied by one of the men. They then met the third man in Reno and the money was placed on deposit with an asserted "disinterested" party. Suddenly the race-track tipster showed up with the startling information that he had bet on the wrong horse and that all had lost their money. The two asserted bunko artists then disappeared and Mitchell returned and reported his loss.

WINTER RIDES INTO NORTHERN POINTS

SAN FRANCISCO, Nov. 13. (Exclusive)—Winter rode into California today on the crest of elemental disturbances that gave rain to the lowlands from the Redding district to points south of Tehachapi, snow to the mountains and strong winds along the seashore. The snow mantle on the Cascades and Sierras is from half an inch to more than a foot in depth and with more in sight presages the beginning of preparations for the annual winter sports season.

Rain and snow fell around the mountain plants of the Pacific Gas and Electric Company. Soda Springs, the government measuring station in the Sierras, reported thirteen inches at 4 p.m. today; Norden, near the summit, eight inches; Twin Lakes, seven; Big Meadows an inch and Truckee half an inch.

SNOW AT YOSEMITE

Dispatches said snow fell in Yosemite Valley, closing the Tioga Pass and Big Oak Flat roads and probably marking the closing of the Wawona road for the winter.

Weather conditions met with the approval of forestry officials as the unusually long dry season had forced the retention of fire guards for more than a month beyond the customary withdrawal of them. S. B. Show, regional forester, said there were sixty fires in the first ten days of this month, covering 1640 acres. In the same time last year the number was twenty less.

ALUMNI OF U.C.L.A. WILL HAVE RALLY

Annual Home-coming Day at Westwood Campus Will Be on the 20th Inst.

Graduates of the University of California at Los Angeles will celebrate their eleventh annual home-coming day at the Westwood Hills campus on the 20th inst. with an extensive program culminating in a student pajamarino and bonfire rally preparatory to the Oregon State-U.C.L.A. football game the following day. Members of the class of 1925, the first group of students to be awarded degrees by the university, will be guests of the U.C.L.A. Alumni Association at the dinner and celebration.

Graduates of the old State Normal School have been invited to attend home-coming events. Recent action of the California and U.C.L.A. associations in voting members of the institution, supplanted by the university when it was established in 1919, eligible to membership, is expected to attract many normal school alumni to the new campus.

The program will begin at 3:30 p.m. with a dance in the village, to be followed by an organ recital, dinner and vaudeville program. At 8:15 o'clock the alumni association will participate with the student body in the rally program and pajamarino bonfire.

Jury Fails to Fix Cause of Oil Well Fire

Cause of the gas explosion that resulted in a fire that fatally burned two oil workers last Tuesday on the York-Smullins Inglewood lease was not determined yesterday by a Coroner's jury that conducted an inquest over the bodies of the dead men yesterday at the Beaver & Matson undertaking parlors, Inglewood.

The verdict of the jury was that William L. Murray and S. D. Falls, the deceased, met their death as a result of an explosion of gas.

Murray, Falls and Albert Snow were at work on the well when the sudden explosion occurred. Snow will recover.

NEW RECALL MOVE AIMED AT HOLLAND

Petition With 4000 Names Filed With City Clerk in Second Ouster Attempt

A second recall petition was filed with City Clerk Dominguez yesterday against Councilman Holland of the Fourteenth District. The petition is made up of 174 sheets, approximately 4000 names. In order to bring about a recall election, 3768 valid names of residents of the district are necessary.

The petition was filed by Frank J. Rogers of 129 South Avenue 58, and Rudolph L. Smith of 5515 Monte Vista Road.

It is charged that Holland has evaded campaign promises and does not truly represent this district.

"I am ready for the decision," said Holland, "and am prepared to stand on my record. I should like to point out that if the special election is called, at an expense to the city of $6000 to $10,000, it will be conducted but a month or so prior to the regular city primaries in May."

Some months ago another petition asking for a recall was filed against Holland, but was contested over the manner in which the circulators signed their names, was litigated, and is still in the courts.

Dissatisfaction over the acquisition of land for Victory Park No. 2, in the Arroyo Seco, is regarded as the cause of the recall agitation.

City Clerk Dominguez said he will put a crew of checkers to work on the petition at once. He has twenty days in which to make a report to the Council.

FAME OF 'SHEIK' CITED IN COURT

Valentino Standing in Films Told by Director Vignola

Testimony Given to Offset Assertions by Ullman

Actor Declared at Height of Career When He Died

Rudolph Valentino was at the zenith of his fame when he died, Robert G. Vignola, motion-picture director, yesterday testified in contradicting S. George Ullman's assertion that the film sheik's vogue was waning at the time of his passing. Vignola testified in Superior Judge Stephens's court, where Ullman has been seeking approval of his accounting as executor of Valentino's estate.

"Valentino was at the height of his career at the time he died," asserted Vignola, who was put on the stand by Attorney William De Frees Mann, representing the actor's brother, Alberto Guglielmi. This testimony was educed to offset Ullman's assertions that he inflated Valentino's post-mortem popularity by using intensive exploitation methods and thus was able to sell the actor's relics and films advantageously.

STANDING AS ACTOR

When Vignola recounted his meeting with Valentino in 1916 at the old Famous Players studio, and told of following his rise, Attorney Mann asked what Valentino's standing as actor was during his last few months of life.

"In my opinion he was the most popular actor of his time," answered Vignola. "I think he did some of his best work just before his death. I also believe that popularity continued after his death."

Vignola added that Wallace Reid died at the height of his career. Under cross-examination by Attorney Leonard H. Wilson, for the petitioner, Vignola admitted he did not know how popular Reid's films were after he died.

ULLMAN RECALLED

Ullman was recalled and questioned. He asserted that Valentino was the only actor whose pictures remained popular after his death.

Alberto Guglielmi testified, contradicting Ullman's earlier testimony that his first question, on meeting the executor after Valentino's death in New York, was "How much is the estate?"

Judge Stephens yesterday took under advisement Ullman's petition for court approval of his stewardship. At the same time the judge continued for one week the hearing on proceedings to determine heirship.

Attorney James C. Scarborough, Jr., represents Valentino's sister, Mrs. Maria Guglielmi Strada, who joins Guglielmi in opposing approval for Ullman's accounting.

Miss Deneau's $50,000 Balm Suit Settled

Settlement out of court of Lois Deneau's $50,000 heart-balm suit against Charles Heil, wealthy Santa Ana orchardist and ice-cream manufacturer, yesterday was announced when the action was called in Superior Judge Craig's court. The suit was marked off calendar.

The young woman complained that Heil jilted her after promising marriage. Heil denied such promise, although he admitted writing letters while traveling in Asia.

In her complaint Miss Deneau asserted Heil courted her two years, represented that he was worth $500,000 and promised to marry her January 1, 1928, when he returned from the Orient. Since August 10, 1929, he has shunned her.

Heil's deposition reveals that he married a Mrs. Nichols, whom he had known a long time. He denied discussing marriage with Miss Deneau.

"I may have kissed her, but I don't know," he adds in his deposition.

MINER UNDER ARREST ON EXPLOSION CHARGE

According to Deputy Sheriffs Heller and Johnson, Thompson stated that his arrest was the outgrowth of his setting off a dynamite trap he discovered in a building on a mine he was working.

USURY LAW INTERPRETED

State Supreme Court Decision Settles Important Questions for Business World

Important questions in connection with the interpretation of California's usury law are determined in a decision just handed down by the California Supreme Court affirming the judgment of the Superior Court and upholding a decision by the District Court of Appeal in five cases consolidated for the purpose of trial and appeal.

The cases are the Community Lumber Company of Baldwin Park et al., against W. H. Chute, et al.; George H. Whyte, Jr., against Chute, et al.; Truscon Steel Company against Chute, et al.; Weaver Roof Company against West Coast Trimmings Company, et al., and C. W. Grizzelle, et al., against Chute, et al. Chute and the West Coast Trimmings Company are defendants and respondents in all of the actions.

The decision recapitulates that the appeals are from a judgment of the trial court in favor of the defendants and respondents, which had for their purpose the establishment and determination of the priority of the plaintiffs as lien claimants as against certain incumbrances in the form of mortgages or deeds of trust affecting the property with respect to which the plaintiffs seek to foreclose their respective mechanic's or material men's liens.

Laurence B. Martin of Woodruff, Musick and Hartke, a firm which appeared as amicus curiae in the case of the lumber concern against Chute, after a close reading of the decision said:

"We have a direct decision by our Supreme Court that:

"(1.) The defense of usury is not available as against an innocent purchaser for value before maturity of a negotiable instrument;

"(2.) That the defendant must affirmatively plead the defense of usury, unless the asserted usury is apparent from the face of the obligation itself, and

"(3.) By the general affirmation of the judgment of the District Court of Appeal it would appear that undoubtedly the Supreme Court requires that a tender be made prior to an application for injunctive relief where the principal of the obligation is due by its terms. This is consistent with the usual equitable principles as recognized by the District Court of Appeal."

Martin declared that the decision and the results that necessarily flow from it are of far-reaching importance to the business world in California.

LISTERINE

Gargle Listerine every 2 hours reduces mouth germs 98%

In your mouth, a fierce and continuous battle is being waged. The forces of Health against those of Sickness. Nature against Germs—dangerous bacteria that lodge and multiply in the mouth by millions, striving to cause illness.

Surely you can appreciate the necessity of using, every day, a mouth wash fatal to germs, yet harmless to tissue.

Physicians have long urged a night and morning gargle with full strength Listerine, the safe antiseptic with the pleasant taste. For Listerine kills germs of all types in 15 seconds. No faster killing time has ever been accurately recorded by science.

Gargle every 2 hours

The morning and night gargle is deemed sufficient in time of normal health, to keep germs under control and maintain a cleanly condition of the mouth.

But when infection is actually under way, which is the case when you have a cold, sore throat, or inflamed condition of the oral tract, authorities urge that the gargle be repeated every two hours.

By so doing you give the body, now at lower resistance, the extra attacking force it needs to combat the ever-multiplying germs in the mouth.

Mouth germs reduced 98%

If you could look into your mouth with a microscope before and after gargling with Listerine, you would behold a remarkable transformation.

Before the gargle you would see millions and millions of germs, alive, wriggling, darting to and fro. After, you would see the same germs dead and powerless to cause harm.

Repeated tests, following the technique employed at great Universities, show that full strength Listerine actually reduces bacteria on the surfaces of the mucous membrane, 98%.

At the first symptom of trouble in the oral cavity, begin gargling with Listerine and consult your physician.

Do not be afraid to use Listerine undiluted. Only in this way can you get the full benefit of its germicidal action. Remember that Listerine is non-poisonous, absolutely safe to use, and actually healing to tissue. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Injured Driver Loses Suit Over Gas Tank Blast

How a second-hand car's gas tank blew up on him was related yesterday in Superior Judge Hahn's court by George Campbell, testifying in his suit against L. Albert Mencke for $21,400 damages. After hearing the testimony, Judge Hahn granted a nonsuit on motion of Mencke's attorney, R. T. Walters.

Campbell said he bought a second-hand car of Mencke on September 1, 1928, and that the seller represented it to be in good condition. Campbell complained that the gas tank was defective and that thirteen days after purchase it exploded, injuring him and destroying the car. Mencke contended that if there was an accident it was due to Campbell's negligence. Attorney Walters argued that no evidence was offered to show that the car was defective when sold.

Brother-in-Law and Wife Sued for Heart Balm

Directing her complaint against her husband's brother and the latter's wife, Mrs. Helen Wolfson, 23 years of age, yesterday sued George and Nettie Wolfson for $50,000, charging alienation of her husband's affections.

Al Wolfson, the husband, is the proprietor of a knitting factory. According to the complaint, Mrs. Wolfson was living happily with him, when her husband's relatives began a campaign of criticising her. Last September, it was asserted, Wolfson abandoned her.

Meanwhile Mrs. Wolfson filed a suit for divorce listing $10,000 worth of community property.

Girl Used Fist on Stepfather, She Tells Court

She punched her stepfather for her mother, Orletta Grothe, 16 years of age, yesterday testified in helping Mrs. Carrie Clara Young win a divorce from Roy C. Young, streetcar conductor. The girl was a witness in Superior Judge Yankwich's court.

"When my stepfather started to hit my mother, I jumped between them and hit him on the jaw," Miss Grothe related. This was August 15 last, she added, when Young became enraged about a street car pass he had given his wife.

Mrs. Young, a police department clerk, asserted that Young took her earnings, threatened to kill her and found fault with her cooking. Judge Yankwich granted her a divorce.

BANDIT EXHIBITS LIMIT OF NERVE

Holds Up Gas Company Fourth Time in Year

'You Know Me,' He Remarks in Demanding Cash

Obtains $226 and Promises to Return Soon

The limit of boldness was reported as having been achieved during the home-going rush hour last evening when a bandit held up the branch of the Los Angeles Gas and Electric Company at 2023 Sunset Boulevard for the fourth time in a year.

On the three previous occasions, he worked alone. Last evening he took a man friend with him. They got $226.

"Well, you know me, hand over the money," he said sardonically to C. A. Worthington, manager of the office, who told Detective Mailheu there can be no mistake about his being the same bandit who held up the place alone three times before.

After taking what cash there was in sight the bandit told Worthington:

"Well, I'll be seeing you again soon."

Worthington and a clerk, J. E. Saunders, were alone in the office when the bandit pair entered. It was near closing time. Although there were no customers in the office there was a constant procession of pedestrians past the door.

In describing the bandit Worthington said he has a nervous facial affliction that causes his mouth to twitch.

Sister Fears Missing Youth Met Foul Play

On the supposition that he may have been "taken for a ride," police yesterday began a State-wide search for Louis A. Salmore, 22 years of age, milk salesman, of 2420 Michigan avenue.

Salmore, according to a report made to Captain of Detectives Allen by his sister Rose, left home Monday morning ostensibly to look for work, and has not been seen or heard from since.

The night before, Miss Salmore stated, according to Allen, her brother's life was threatened by a man who talked with him concerning a business transaction. Miss Salmore declared she does not know who the man is or the nature of the transaction, but fears that the asserted death threats presaged his disappearance.

Board Pledges Drive Against Pigeon Nuisance

Co-operation toward working out a satisfactory method of handling the pigeon nuisance in Pershing Square yesterday was promised the Building Owners' and Managers' Association by the Park Commission, which has found the pigeons to be increasing rapidly despite efforts of park employees to reduce the number by trapping.

Lemuel F. Freer, vice-president of the association, told of efforts by building owners to trap the pigeons on the roofs of their buildings. He said that the pigeons, although nesting in the eaves of hotels and other structures, flatly refuse to eat anything except when it is given to them in the park, and that park patrons refused to allow them to be trapped, even going to the extent of kicking the traps over.

SUIT FILED FOR $75,500 DAMAGES

Attorney's Wife Charges Woman With Malicious Theft Accusation

Suit for $75,500 damages was filed by Mrs. Grace Remington, wife of Gerard R. Remington, local attorney, yesterday, against Mrs. Adelaide J. Fleckenstein, 1303 South Gramercy Place, on the assertion that the defendant maliciously prosecuted Mrs. Remington, on a charge of grand theft, filed last January and dismissed three weeks later.

The petition asserts that Mrs. Remington was charged jointly with five other defendants in a series of stock transactions, with having swindled Mrs. Fleckenstein out of $14,157. Some of the charges were dismissed at preliminary hearing in Municipal Court, and others were dismissed by Superior Judge Fricke, June 2, according to court records.

With Mrs. Remington were named her husband, Bruno and Elaine Dubain, George W. Densley and Dr. Maurice Zimmerman. Charges against all defendants were dismissed. Damages asserted by Mrs. Remington include publication of the charges in California, Arizona and New Mexico newspapers.

The former secretary blames Clara's latest "boy friend" for her discharge, while Clara says this is nonsense. An admirer of Miss Bow's was the person that requested the opening of Miss De Voe's vault, it was established yesterday. His name was not mentioned.

Yesterday Miss De Voe intimated Clara and Rex Bell, screen actor, are planning marriage, but Miss Bow says this is news to her and that no "boy friend" had anything to do with her ousting of her secretary.

Neighbors of North Meet in South

Do You Remember?

Left to right—Miss Dorothy V. White of Dawson, William R. Gray of Skagway and Marji Mitchell from many points north.

Only one thing was lacking: They did not offer the comment that it is a small world, after all.

But, probably, Miss Dorothy V. White of Montreal, Miss Marji Mitchell of Seattle and William R. Gray of Los Angeles, applied that deficiency mentally when they met in the Alexandria.

For when they were introduced by Fay R. Smalley, assistant manager of the Alexandria, they found out that they had been neighbors, so to speak, in Alaska, although they never met until they came to this city.

Miss White was educated at Dawson and is now a special representative of the Canadian Pacific Railroad, making her headquarters at Montreal, although during the summer season she is at Banff. Miss

RARE DOLLS TO BE SEEN AT EXHIBIT

Novel Entries Listed for Fair to Be Given 17th to 22nd Insts.

Entries of an unusual character are promised for the book fair and doll convention to be conducted in the Braun Building, 1240 South Main street, from the 17th to 22nd inst., according to Miss Jasmine Britton, supervising librarian.

Among the entries is a hand-carved exhibit from Switzerland. Contained in the exhibit are wooden dolls, domestic animals, chalets and miniature houses and many other objects characteristic of the life of the country. The collection is owned by Mrs. J. M. Goss of Pasadena.

Mrs. Lucile Morrison of Los Angeles, who has become known as "The Doll Lady," is lending some of her famous collection of dolls. Among the pieces loaned is an authentic antique New England doll.

Elementary school children have been busy for weeks past creating doll characters from their favorite books. Some of the exhibits received at the library reveal unusual originality and dexterity on the part of their young creators.

Parents are invited to bring their children to the doll convention and teachers are especially invited to study the offerings of the book fair, which have been chosen with the thought of future use in the classrooms.

"Burke has been giving me some information connected with this investigation," declared O'Brien last night. "His son also has been supplying me with various facts and documents."

Burke himself refused to make any comment on his connection with the investigation.

WHAT O'BRIEN SAYS

While O'Brien refused to state last night just what can be expected as a result of the coming investigation, it was pointed out by him that under certain sections of the Penal Code a perjury charge can be made against anyone who files a false affidavit in connection with election expenditures. Whether such an offense is suspected in the present case he declined to say.

"We have not arrived anywhere in the present investigation," declared O'Brien last night. "This matter was just turned over to me today. I have been going over the documents given to me and talking over the case with various persons. No witnesses have been called before the grand jury as yet. I do not know that any crime has been committed and cannot say at this time that the evidence to be presented will show that any wrongful act was done by anyone mentioned.

"Certain charges have been made by various persons to the grand jury. These charges must be supported by evidence of a legal kind, and if it appears that a crime of any kind has been committed, then, of course, indictments will follow. However, I can make no public announcement of any kind regarding the details of the case."

From Fitts, however, came the statement regarding the general nature of the investigation, and also the announcement that Pepperdine will testify today.

POLICE HUNTING SWINDLE PAIR

Angeleno Loses $16,000 in Race-Tip Fraud

Deal Takes Victim From Canada to Reno

Supposed $52,000 Winning Turns to Loss

A race-track swindle, originating in Vancouver, B. C., continued here, and consummated in Reno, Nev., in which George R. Mitchell of 2235 Ditman street lost $16,000 to two asserted bunko artists, was revealed by Detective Lieutenants Reed and Harding of the police bunko detail yesterday when they obtained warrants for the arrest of W. R. Davidson, alias Joseph Malone, and J. D. Bing, alias "Whitey" Harris.

The usual procedure in such schemes snared Mitchell in Vancouver, according to the detectives. He was walking along a street one day in the Canadian coast city when he met a man who had just found a purse containing $107. After a few moments' conversation regarding the find the supposed owner of the purse approached and identified himself. Cards in the purse identified him as a broker with an inside knowledge of race-track betting.

As a consequence to the meeting the owner of the purse, in return for the favor of having his purse returned to him, tipped off Mitchell and the finder of the purse to a "sure" bet. Later Mitchell and his new acquaintance were informed that the three had won $52,000. The pay-off was to be made in Reno, but in order to show good faith the suggestion was made that each put up a substantial sum to show that payment could have been made had there been a loss.

Mitchell, according to the detectives, returned here and drew out $16,000, accompanied by one of the men. They then met the third man in Reno and the money was placed on deposit with an asserted "disinterested" party. Suddenly the race-track tipster showed up with the startling information that he had bet on the wrong horse and that all had lost their money. The two asserted bunko artists then disappeared and Mitchell returned and reported his loss.

WINTER RIDES INTO NORTHERN POINTS

SAN FRANCISCO, Nov. 13. (Exclusive)—Winter rode into California today on the crest of elemental disturbances that gave rain to the lowlands from the Redding district to points south of Tehachapi, snow to the mountains and strong winds along the seashore. The snow mantle on the Cascades and Sierras is from half an inch to more than a foot in depth and with more in sight presages the beginning of preparations for the annual winter sports season.

Rain and snow fell around the mountain plants of the Pacific Gas and Electric Company. Soda Springs, the government measuring station in the Sierras, reported thirteen inches at 4 p.m. today; Norden, near the summit, eight inches; Twin Lakes, seven; Big Meadows an inch and Truckee half an inch.

SNOW AT YOSEMITE

Dispatches said snow fell in Yosemite Valley, closing the Tioga Pass and Big Oak Flat roads and probably marking the closing of the Wawona road for the winter.

Weather conditions met with the approval of forestry officials as the unusually long dry season had forced the retention of fire guards for more than a month beyond the customary withdrawal of them. S. B. Show, regional forester, said there were sixty fires in the first ten days of this month, covering 1640 acres. In the same time last year the number was twenty less.

Annual Home-coming Day at Westwood Campus Will Be on the 20th Inst.

Graduates of the University of California at Los Angeles will celebrate their eleventh annual home-coming day at the Westwood Hills campus on the 20th inst. with an extensive program culminating in a student pajamarino and bonfire rally preparatory to the Oregon State-U.C.L.A. football game the following day. Graduates of the old State Normal School have been invited to attend home-coming events. Recent action of the California and U.C.L.A. associations in voting members of the institution, supplanted by the university when it was established in 1919, eligible to membership, is expected to attract many normal school alumni to the new campus.

The program will begin at 3:30 p.m. with a dance in the village, to be followed by an organ recital, dinner and vaudeville program. At 8:15 o'clock the alumni association will participate with the student body in the rally program and pajamarino bonfire.

Jury Fails to Fix Cause of Oil Well Fire

Cause of the gas explosion that resulted in a fire that fatally burned two oil workers last Tuesday on the York-Smullins Inglewood lease was not determined yesterday by a Coroner's jury that conducted an inquest over the bodies of the dead men yesterday at the Beaver & Matson undertaking parlors, Inglewood.

The verdict of the jury was that William L. Murray and S. D. Falls, the deceased, met their death as a result of an explosion of gas.

Murray, Falls and Albert Snow were at work on the well when the sudden explosion occurred. Snow will recover.

FAME OF 'SHEIK' CITED IN COURT

Valentino Standing in Films Told by Director Vignola

Testimony Given to Offset Assertions by Ullman

Actor Declared at Height of Career When He Died

Rudolph Valentino was at the zenith of his fame when he died, Robert G. Vignola, motion-picture director, yesterday testified in contradicting S. George Ullman's assertion that the film sheik's vogue was waning at the time of his passing. Vignola testified in Superior Judge Stephens's court, where Ullman has been seeking approval of his accounting as executor of Valentino's estate.

"Valentino was at the height of his career at the time he died," asserted Vignola, who was put on the stand by Attorney William De Frees Mann, representing the actor's brother, Alberto Guglielmi. This testimony was educed to offset Ullman's assertions that he inflated Valentino's post-mortem popularity by using intensive exploitation methods and thus was able to sell the actor's relics and films advantageously.

STANDING AS ACTOR

When Vignola recounted his meeting with Valentino in 1916 at the old Famous Players studio, and told of following his rise, Attorney Mann asked what Valentino's standing as actor was during his last few months of life.

"In my opinion he was the most popular actor of his time," answered Vignola. "I think he did some of his best work just before his death. I also believe that popularity continued after his death."

Vignola added that Wallace Reid died at the height of his career. Under cross-examination by Attorney Leonard H. Wilson, for the petitioner, Vignola admitted he did not know how popular Reid's films were after he died.

ULLMAN RECALLED

Ullman was recalled and questioned. He asserted that Valentino was the only actor whose pictures remained popular after his death.

The young woman complained that Heil jilted her after promising marriage. Heil denied such promise, although he admitted writing letters while traveling in Asia.

In her complaint Miss Deneau asserted Heil courted her two years, represented that he was worth $500,000 and promised to marry her January 1, 1928, when he returned from the Orient. Since August 10, 1929, he has shunned her.

Heil's deposition reveals that he married a Mrs. Nichols, whom he had known a long time. He denied discussing marriage with Miss Deneau.

"I may have kissed her, but I don't know," he adds in his deposition.

MINER UNDER ARREST ON EXPLOSION CHARGE

Accused of dynamiting a building in Sonora county, Grover C. Thompson, 44 years of age, was arrested yesterday by deputy sheriffs and held for northern authorities. Thompson, a miner, was arrested at 1418 Santa Monica Boulevard, Santa Monica. According to Deputy Sheriffs Heller and Johnson, Thompson stated that his arrest was the outgrowth of his setting off a dynamite trap he discovered in a building on a mine he was working.

USURY LAW INTERPRETED

State Supreme Court Decision Settles Important Questions for Business World

Important questions in connection with the interpretation of California's usury law are determined in a decision just handed down by the California Supreme Court affirming the judgment of the Superior Court and upholding a decision by the District Court of Appeal in five cases consolidated for the purpose of trial and appeal.

The cases are the Community Lumber Company of Baldwin Park et al., against W. H. Chute, et al.; George H. Whyte, Jr., against Chute, et al.; Truscon Steel Company against Chute, et al.; Weaver Roof Company against West Coast Trimmings Company, et al., and C. W. Grizzelle, et al., against Chute, et al. Chute and the West Coast Trimmings Company are defendants and respondents in all of the actions.

The decision recapitulates that the appeals are from a judgment of the trial court in favor of the defendants and respondents, which had for their purpose the establishment and determination of the priority of the plaintiffs as lien claimants as against certain incumbrances in the form of mortgages or deeds of trust affecting the property with respect to which the plaintiffs seek to foreclose their respective mechanic's or material men's liens.

Laurence B. Martin of Woodruff, Musick and Hartke, a firm which appeared as amicus curiae in the case of the lumber concern against Chute, after a close reading of the decision said:

"We have a direct decision by our Supreme Court that:

"(1.) The defense of usury is not available as against an innocent purchaser for value before maturity of a negotiable instrument;

"(2.) That the defendant must affirmatively plead the defense of usury, unless the asserted usury is apparent from the face of the obligation itself, and

"(3.) By the general affirmation of the judgment of the District Court of Appeal it would appear that undoubtedly the Supreme Court requires that a tender be made prior to an application for injunctive relief where the principal of the obligation is due by its terms. This is consistent with the usual equitable principles as recognized by the District Court of Appeal."

Martin declared that the decision and the results that necessarily flow from it are of far-reaching importance to the business world in California.

Gargle Listerine every 2 hours reduces mouth germs 98%

In your mouth, a fierce and continuous battle is being waged. The forces of Health against those of Sickness. Nature against Germs—dangerous bacteria that lodge and multiply in the mouth by millions, striving to cause illness.

Surely you can appreciate the necessity of using, every day, a mouth wash fatal to germs, yet harmless to tissue.

Physicians have long urged a night and morning gargle with full strength Listerine, the safe antiseptic with the pleasant taste. For Listerine kills germs of all types in 15 seconds. No faster killing time has ever been accurately recorded by science.

Gargle every 2 hours

The morning and night gargle is deemed sufficient in time of normal health, to keep germs under control and maintain a cleanly condition of the mouth.

But when infection is actually under way, which is the case when you have a cold, sore throat, or inflamed condition of the oral tract, authorities urge that the gargle be repeated every two hours.

By so doing you give the body, now at lower resistance, the extra attacking force it needs to combat the ever-multiplying germs in the mouth.

Mouth germs reduced 98%

If you could look into your mouth with a microscope before and after gargling with Listerine, you would behold a remarkable transformation.

Before the gargle you would see millions and millions of germs, alive, wriggling, darting to and fro. After, you would see the same germs dead and powerless to cause harm.

Repeated tests, following the technique employed at great Universities, show that full strength Listerine actually reduces bacteria on the surfaces of the mucous membrane, 98%.

At the first symptom of trouble in the oral cavity, begin gargling with Listerine and consult your physician.

Do not be afraid to use Listerine undiluted. Only in this way can you get the full benefit of its germicidal action. Remember that Listerine is non-poisonous, absolutely safe to use, and actually healing to tissue. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

Practically all traffic employees of Western Air Express and T.A.T.-Maddux are retained by Transcontinental and Western Air, the new operating company, according to a reassignment of personnel announced yesterday by H. W. Beck, western region traffic manager.

The new division traffic agent for Southern California is R. A. Deininger, of T.A.T.-Maddux, with headquarters at 636 South Olive street. Ole May, W.A.E., becomes district traffic agent for Los Angeles.

H. W. Smith, T.A.T.-Maddux, is appointed district traffic agent at Hollywood, with C. F. McManus, W.A.E., traffic representative. R. M. Havice, W.A.E., becomes passenger agent at Grand Central Air Terminal, Glendale. Ashton Reed, T.A.T.-Maddux, and C. J. Foster, W.A.E., are passenger agents at the T. & W. A. terminal at Alhambra.

Injured Driver Loses Suit Over Gas Tank Blast

How a second-hand car's gas tank blew up on him was related yesterday in Superior Judge Hahn's court by George Campbell, testifying in his suit against L. Albert Mencke for $21,400 damages. After hearing the testimony, Judge Hahn granted a nonsuit on motion of Mencke's attorney, R. T. Walters.

Campbell said he bought a second-hand car of Mencke on September 1, 1928, and that the seller represented it to be in good condition. Campbell complained that the gas tank was defective and that thirteen days after purchase it exploded, injuring him and destroying the car. Mencke contended that if there was an accident it was due to Campbell's negligence. Attorney Walters argued that no evidence was offered to show that the car was defective when sold.

Brother-in-Law and Wife Sued for Heart Balm

Directing her complaint against her husband's brother and the latter's wife, Mrs. Helen Wolfson, 23 years of age, yesterday sued George and Nettie Wolfson for $50,000, charging alienation of her husband's affections.

Al Wolfson, the husband, is the proprietor of a knitting factory. According to the complaint, Mrs. Wolfson was living happily with him, when her husband's relatives began a campaign of criticising her. Last September, it was asserted, Wolfson abandoned her.

Meanwhile Mrs. Wolfson filed a suit for divorce listing $10,000 worth of community property.

Gen. Gulick to Be Dinner Guest

The future of coast artillery in the American plan for national defense will be outlined to the members of the Army, Navy, Marine Corps Association by Maj.-Gen. John W. Gulick, chief of coast artillery, in a dinner at the Masonic Club on the 18th inst. Several hundred officers of the regular and reserve forces of the three national defense services in Southern California are scheduled to attend.

Gen. Gulick will arrive at San Pedro next Tuesday morning for an inspection of the Coast defenses at Fort MacArthur and to review the garrison, composed of the Sixty-third Coast Artillery. He has been inspecting the defenses of the Panama Canal and will arrive from the Canal in San Francisco this morning aboard the army transport St. Mihiel.

Girl Used Fist on Stepfather, She Tells Court

She punched her stepfather for her mother, Orletta Grothe, 16 years of age, yesterday testified in helping Mrs. Carrie Clara Young win a divorce from Roy C. Young, streetcar conductor. The girl was a witness in Superior Judge Yankwich's court.

"When my stepfather started to hit my mother, I jumped between them and hit him on the jaw," Miss Grothe related. This was August 1[illegible] last, she added, when Young became enraged about a street car pass he had given his wife.

Mrs. Young, a police department clerk, asserted that Young took her earnings, threatened to kill her and found fault with her cooking. Judge Yankwich granted her a divorce.

NOT ALL IN MOVIES

The modern cattle rustler may use gasoline trucks to carry off his booty, but the glamour of the "Wild West" has not disappeared entirely when we have two-gun sheriffs who can beat him on the draw.

WHEN GREEK MEETS GREEK

If Notre Dame plays as it did against Carnegie Tech and Pennsylvania and if Southern California repeats the Stanford and California performances we may get the answer to what happens "when an irresistible force meets an immovable object."

HUMANITY'S DAY

San Francisco has sown a seed in the founding of "Humanity's Day," which, in time, may exert a definite influence on international peace and amity. With the cosmopolitan population, traditions and atmosphere of that city there could be no more auspicious place for the inauguration of such a day.

ORDINANCE NUMBER ONE

That "order is heaven's first law" is an aphorism upon which most people will agree. Thereby committing themselves, theoretically, at least, to the axiom that both law and order are advantageous and yet how few of us have practical, or definite, maxims by which to live. We are willing enough, frequently, to make rules for other people, but our own clothes closets, our office desks, our ideals, our plans for the future are as formless as a scrambled egg.

A PROFITLESS GAME

Despite the terrible risks run by train bandits in plying their nefarious trade, there seem to be plenty of desperate men ready to run the hazard. Hardly a week passes that a train robbery of large proportions does not occur, the most recent being that of an Oakland-Stockton train from which $80,000 was taken by six bandits who overawed the train crew and passengers with machine guns and made their escape in a stolen automobile.

It was on this Oakland-Stockton run that the robbery of $16,000 was committed not long ago by the notorious Fleagle gang, the last of whom recently paid with his life the penalty of his crime. The fate of the Fleagle gang was even more tragic than that of the three D'Autremont brothers, who, after the cold-blooded slaying of five men on a Southern Pacific train they robbed, were all captured and are now serving life sentences.

It would seem, with the fate of these and other picturesque gunmen, including the James and Younger brothers, in view, that such banditry would hold out little temptation to any criminal of common sense. It is a profitless game, and generally is recognized as such. For in nine cases out of ten the capture and severe punishment of such felons are only a matter of time—often of a very brief time. It is a pity the same is not true of city bandits.

THE DAVIS CASE

Dismissal of the bribery charges against Harold L. Davis, chief deputy district attorney under Keyes, follows the dismissal of similar charges against former Dep. Dist.-Atty. MacKay and disposes of all the cases arising out of the investigation of the Keyes regime. The decision of the Supreme Court that the evidence against Davis was not sufficient to warrant his conviction made a retrial of the cases an unwise proceeding. The dismissals amount to acquittal for both former officers.

Public sentiment should generally approve this result. California justice does not require putting men in prison on insufficient evidence, and practically the only indication that these men were connected with any crime was the unsupported word of Ben Getzoff, whose credibility and standing are not of the highest and whose motives in testifying might be questionable.

The courts must work both ways, to hold those whose guilt is clear and to release those against whom guilt cannot be established. That is what courts are for.

WHAT THE GRANGE WANTS

Since the National Grange has a membership of nearly 1,000,000 farmers throughout the United States, it may be considered representative of a large body of agricultural opinion. Its Master, Louis J. Taber, outlined what he considers a necessary program at the annual session of the organization at Rochester, N. Y., Wednesday. Moderate and commendable in some respects, radical in others, this Grange program demands careful study. There are probably items in it which can be adapted to practical use; others are certainly economically unsound.

His declaration, however, that equality with other industry is not to be obtained by granting special privileges to the farmer, will be welcomed. Subsidies, debentures and other such devices have the fatal defect of making matters worse. The declaration is somewhat weakened by a qualified approval of the debenture scheme.

An announcement of Grange opposition to corporation farming is coupled with a prediction of a greater adoption of labor-saving machinery in the future and cheapened production, of which, says Mr. Taber, the "combine" thresher and harvester and the cotton-picking machine are only forerunners. How the capital can be amassed for such equipment with corporation farming prohibited is not explained.

The Grange Master declares export debentures a necessity for the equalization of farming with other industry, but criticises the proposals recently before Congress because they lacked safeguards to prevent overproduction. That they did lack such safeguards was the basis of the principal opposition to them, but Mr. Taber does not explain what safeguards can be devised.

He demands transfer of the Reclamation Service to the Department of Agriculture so that reclamation and irrigation can be geared to the agricultural needs of the nation—the idea being to hold back the coming of further farm lands into production. If this presages a Grange attack on Boulder Dam at the next session of Congress, it will get no support from this part of the country.

But he is on sound ground in demanding a more adequate conservation policy. On this point he says: "With no more virgin land, with forests denuded, and in many sections erosion a serious factor, it is time that our nation adopted a constructive land policy with an intelligent classification of land. The forestry, conservation, mineral, grazing, recreational and agricultural values of land must be considered. In view of growing population and congestion, recreational values have a new place. Forestry means more than growing of timber. It means conservation of rainfall, wild life and a check to drought and flood."

In the next breath the Grange Master declares that 40,000,000 to 80,000,000 acres of marginal farm land should be purchased by the government and put back into forests and grazing. There is an idea here, beyond doubt, but one that needs to be approached with caution. Legislation to protect the farm as a way of life, rather than as a business, also is demanded. "We dare not develop in the United States, as in some other nations, a landed and landless class," he said. "The dangers of corporation farming are becoming apparent. Any agricultural system that destroys community values, that eliminates schools and churches, and makes of the area a social desert, useful only in cheap production of food, is a system un-American and destructive. . . . When we destroy our American type of rural civilization we turn agriculture into an inferior imitation of industrial life." Such legislation would need to be studied very carefully before either its necessity or its desirability could be admitted.

The speaker was wise, however, in directing attention to a study of the problem created by declining gold production, and at the same time demanding maintenance of the gold standard. His indorsement of prohibition from the farmer's standpoint was unequivocal.

Complaints about the burdens of farm taxation which the speaker voiced appear to be well founded, but his suggested remedy of higher income and luxury taxes, with Federal distribution of the proceeds to rural school districts, is probably not the correct one.

In discussion of the problems of the Farm Loan Board Mr. Taber appears to know what he is talking about. Limitation of the interest rate to 6 per cent and of the spread between bond interest and loan interest to 1 per cent, he admits, have operated merely to deprive large portions of the country of any benefits from the system, and he suggests permission of a larger rate and a larger spread.

The speech contains an attack on the marketing system and particularly upon short selling, with some recognition, however, of the difficulties of preventing the bad effects of speculation and retaining the good. The same thought has occurred to others with the same result.

LITVINOFF AT GENEVA

The Union of Socialist Soviet Republics, which has, on paper, the most powerful army in the world today, sends its Foreign Minister, Maxim Litvinoff, to Geneva to make sarcastic remarks about the preparatory disarmament commission of the League of Nations because it does not adopt a program of immediate disarmament. He complains that Europe is moving toward war instead of peace.

The fact is a good deal of the armament of Europe is due to Russian threats and fear of their being carried out, and some of the rest is a reaction to Russian intrigue. Mussolini, for example, came into power in Italy to save the country from Bolshevism and is being supported there by elements which believe in no item of his program, least of all his chauvinism, except that of opposition to sovietism and all it stands for.

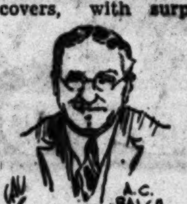
Russia is genuinely in need of the smallest standing army in Europe, being well protected by natural conditions against invasion. It is a safe guess that most of the Russian impatience with other European armaments arises from the fact that they make it impossible for the soviets to carry out their dream of world revolution. Again, the Litvinoff offer might well be a trap; if Europe should accept it and disband her armed forces, Russia might decline to follow suit.

The preparatory disarmament commission may not get anywhere, anyhow, but certainly it is not being assisted by Litvinoff.

LEE SIDE O' L.A.

BY Lee Shippey

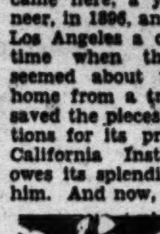
THE tumult and the shouting dies, the captains and the kings depart, acknowledging with bows a salvo of cheers. And then somebody discovers, with surprise, that there wouldn't have been any parade at all, much less any captains and kings, had it not been for some quiet man behind the scenes who made the whole show possible.



One of the chief reasons why the growth, progress and prosperity of Southern California astonish the world is that we are blessed by the possession of a number of quiet men like that. The Hollywood Bowl, the Mission Play, the library, the playgrounds system, the Philharmonic Orchestra, the Southwest Museum, the amazing advance of our institutions of higher education and many other things which give Southern California its tone, which have changed it from a place with nothing to boast of except climate and oranges to a place to which the most cultured and artistic people in the world are either coming to live or wish they could. Dr. Norman Bridge was one of those men. Henry E. Huntington was another. W. A. Clark, Jr., is one of them. E. L. Doheny is slipping further into that class than most people realize. Another is a prominent attorney. Another is a man we dare not mention because he could fire us if we did. And another is A. C. Balch.

Dragged Out of Hiding

Maybe, if you are just an average citizen, you never heard of Balch. No man in Los Angeles has shunned the limelight more, or with less reason. But you and your children and grandchildren may owe him a great deal. He has made a lot of money since he came here, a young electrical engineer, in 1896, and has used it to make Los Angeles a cultural center. At a time when the Hollywood Bowl seemed about to crack, Balch, just home from a trip to India, not only saved the pieces, but laid the foundations for its present great prestige. California Institute of Technology owes its splendid new Athenaeum to him. And now, though very few people know it, he is the power behind the Bowl Theater Association.

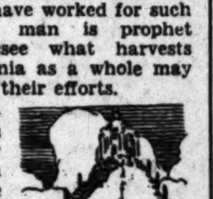


The brilliant opening of the Bowl Theater Association season gives body to a dream which has been cherished ever since Mrs. Carter started the movement which gave Los Angeles the whole world's most distinctive and inspiring musical enterprise, the Hollywood Bowl. Then the first plan was for a Greek theater, and dramatic art rather than music was to be the vehicle of expression. When the possibilities of the magnificent amphitheater were studied, though, it was realized that concerts would be much more feasible there than dramatic productions. So it was decided to start with concerts, but still the people with vision hoped eventually to make the Bowl a complete art center encouraging dramatic, graphic and plastic arts as well as music. In its theater our own actors, dramatists and singers should be aided and developed, though never presented to the general public as amateurs. When the play-reading committee found the work of a local and unknown playwright to be as good as could be secured anywhere it would be offered. But always the best and most artistic regardless of box office. There should be an art gallery, a museum of objects of art and art handicrafts.

The valuable Bowl property, now available only in the summer, would be used all the year, and all its uses would be for the artistic education and exaltation of Southern California.

Not by Bread Alone

Cities, like men, cannot live by bread alone. No one worth a hang would make his permanent home in the finest place on earth to make money in if it were not progressing in artistic and intellectual expression. Away down in even the dullest of us is the realization that it is those things, more than material progress, which make a city which shall endure and grow in beauty and glory. Those quiet men, of whom Balch is one, steadfastly have worked for such things, and no man is prophet enough to foresee what harvests Southern California as a whole may reap as result of their efforts.



Allan Christopher Balch was born in Valley Falls, N. Y., in 1864. He came West after being graduated from Cornell and started his career as an electrical engineer in Seattle in 1889. In 1891 he married Miss Janet Jacks of Monterey. He came to Los Angeles in 1896 and foresaw better than most men the great future of Southern California. He became a developer and an upbuilder. Besides being president of the Hollywood Bowl Association he is president of the Greenwich Investment Company, the Lerdo Land Company and the San Joaquin Holding Company and vice-president of the Southern California Gas Company and the Producers Gas and Fuel Company. His business enterprises have done much for Southern California and Southern California has repaid him with success.

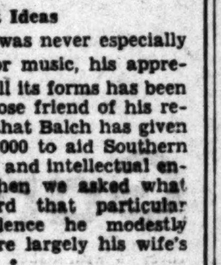
How to Get Great Ideas

But though he was never especially educated in art or music, his appreciation of art in all its forms has been exceptional. A close friend of his recently estimated that Balch has given more than $1,600,000 to aid Southern California artistic and intellectual enterprises. Yet when we asked what turned him toward that particular form of benevolence he modestly spoke as if it were largely his wife's doing.

"Mrs. Balch has always been interested in such things," he said. "We've traveled a good deal and learned much that way."

"How did a man with all your interests find time for so much travel?"

"Oh, a man couldn't be much of an executive if he couldn't pick other men to do his work. One has to go away now and then to put them on their own responsibility, test their mettle and give them a chance to develop. And one gains ideas from travel. But one gets his best ideas from sincerely trying to help his own community go forward."



BOMBAY RIOTS

The opening of the India conference in London was coincident with new riots in Bombay and other demonstrations against the conference. Whether the conference can succeed in working out a plan for the government of India that is acceptable to both sides, or reasonably so, is a matter that cannot be prejudged and the extremists do not help their cause in the eyes of the world by protesting against a conference being held.

Presumably it was to affect public opinion that Bombay rioters became noisy and there were strikes in Bombay, Calcutta and Karachi. Public opinion is unfavorably impressed, always, by a "no compromise" attitude. Right or wrong, mankind is accustomed to a settlement of disputes by the compromise method. It does not accord with strict logic, but it seems to work. Possibly it works because the cases are so rare in which all the equity is on one side that the exceptions hardly count.

Complaint is made that the conference is not "representative." A conference in which all shades of Indian opinion were represented could not be got inside four walls.

AIR MAIL SAFEST

Postoffice Department statistics covering fire losses in the air-mail service since its inception twelve years ago show that the percentage of air mail destroyed by fire or in other ways is infinitesimal compared to the amount of mail transported safely. The fire hazard to which air mail is subjected is far less than that of the mail shipped by railroad, according to department officials, and still less than the sea hazard.

When the Vestris sank two years ago 1097 sacks of mail were lost, this quantity being much more than the total of all mail destroyed by fire or otherwise during ten years of operation of the air-mail service.

As about the only way in which air mail is lost is by fire it would seem that it would be wise for the postal people to adopt the plan of using asbestos instead of cloth or leather bags, as has been recommended. Where these bags have been used they have proved to be excellent safeguards. If all air mail were carried in such containers there would be little or no loss from fire.

REAL WISDOM

By James J. Montague

When the gangsters get into a fight,
As a lot of them do every day,
We read all about it that night
And are filled with alarm and dismay.
A drop in the stock market bows us with gloom.
We envisage grim fate overhauling us
And always dark pictures of forthcoming doom
Are taking their turns at appalling us.
From bugbear to bogey we scramble and scurry
Forever a prey to the demon of worry.

The Chinaman goes on his way
Untroubled by bloodshed and crime,
Although but a few miles away
May be two or three wars at a time.
Though the news of the day may be evil and grim
It is something he has no concern about;
As long as it's nothing, whatever to him
It's a matter he don't give a dern about,
What to him is a fight or a row or a riot
As long as the old home surroundings are quiet?

We think we're a civilized race.
We give ourselves top-lofty airs
Because we've created our place
In the world's badly mixed-up affairs.
But I think that the Chink who talks chiefly about
The heat, or perhaps the humidity,
Who cares not how ball games or wars may turn out
But forever retains his placidity,
And dwells unperturbed in the land of his birth,
Is the wisest old bird on the face of the earth.

DICTATORS VS. DEMOCRACY

BY FRED HOGUE

II

Democracy is the star of hope in the political heavens. But when storm darkens the heavens the star is visible only to those who can ascend in an airplane above the clouds. However deep the gloom on the part of the earth over which the storm is passing, above the clouds the star is always shining.

Democratic government is the scientific development of the democratic ideal of equality of opportunity and privilege, expressed and codified in laws which, in turn, establish democratic institutions. Pure democracy is an abstraction, an ideal that exists only in the minds of men. But governments based on that ideal are concrete, material things.

Democracy is a symbol of virtue; but democratic institutions must be conducted by men, and all men are not virtuous.

Democracy has no vices; but corrupt practices, due to the vices of man, often bring about the deterioration and the downfall of democratic institutions.

The brains of the world and the best intentions of the best intending men in the world have not yet been able to make democratic institutions absolutely foolproof. There are always demagogues to mint and circulate false virtues; and always fools to accept this spurious currency. Like fool's gold, there is also fool's virtue, a spurious virtue that circulates only among fools.

The history of the world is the narrative of civilizations that have crumbled because their vices have come to dominate their virtues. During the first two decades of the twentieth century, which witnessed the collapse of the German Empire, the Austro-Hungarian Empire, the Russian Empire, the Chinese Empire, the Ottoman Empire, the peoples of the world were thrilled by the hope that the world had been made safe for democracy. But democracy was never in danger, only democratic institutions.

Governments, established and maintained by military force were to be succeeded by a government of law and justice; a government "of the people, for the people, by the people," modeled on the government of the United States of America. The people were henceforth to be governed only by the consent of the governed. They would select under democratic institutions their own legislators and executives and would be governed by laws of their own making. The peoples of the world had become so enlightened and so chastened, that they would never again consent to a government of military dictators, for military dictators. The ballot box would be the palladium of liberty under the law.

Such were the dreams and such the faith of a million young hero-martyrs who perished in the World War. What manner of madness has struck so many peoples of the world as to cause them to abandon this shining path, to turn from the mountaintops and creep back into the dark ravines of military despotism?

All are familiar with the old Saxon maxim, "The proof of the pudding is in the eating." But this is only a half-truth. To one suffering from acute indigestion no food is palatable, none digestible. The proof of the pudding is more likely to be a test of the digestive organs of the consumer. There are alcoholic addicts and narcotic addicts who crave these poisons to the extent that they are nauseated by tissue-building nourishment.

Democracy and its effect on the different peoples of the world can be so symbolized. There are peoples who have been so long drugged with political narcotics that they find liberty-giving, nation-building democratic nourishment pale and insipid.

Then there are peoples who have hungered so long for democracy that, when once it is within their grasp, they gorge themselves to the point of nausea. "Not too much" is an old Greek saw with a wide application, even to democracy. China and Russia are warning examples of such excesses.

The League of Nations should conduct an international educational campaign against political narcotics, with criminal prosecution for the venders.

Why should modern law penalize the traffic in narcotics that injure the body and give the freedom of the city and the State to the venders of mental narcotics?

The twentieth century found many peoples physically strong and enjoying a comparatively high degree of objective wealth, but suffering from political decrepitude. If democracy in its representative forms could have been given to these peoples in homeopathic, broken doses, a political healing and rejuvenation could have been accomplished. But they were not strong enough to partake freely and to excess radical democracy.

Radical democracy is a term used to designate absolute democracy; democracy without stint or limit; and radical democracy, like radical Socialism, is a dose that will wreck the political constitution of any people.

The American, French and Czecho-Slovakian republics and the British commonwealth bear living evidence that democracy under representative institutions offers to a healthy, literate, thinking people a greater measure of equality of opportunity and privilege and does more to promote the general welfare than any other known form of popular government.

But democracy—popular government—has not yet been rendered foolproof. Democratic institutions have been and can be misused and abused; but examples of the abuse and misuse of democracy are not sufficient to condemn democracy itself.

Thinking people the world over are now seeking for the cause of the collapse of representative government under democratic institutions in so many South American states. They are wondering why a defeated candidate for the Presidency could so quickly rally to his support a military force of state and government troops sufficient to overthrow the existing government and make himself and his associates virtual dictators of the United States of Brazil.

The will of the people, expressed at the ballot box in a national election, has been reversed by a military junta.

Why were the people of Brazil too weak or too docile to come to the support of a government of their own selection?

President Washington Luis was driven from office through the political perfidy of officers of the army and navy who had sworn to support, at the sacrifice of life itself, the government of which he was the head and they formed a part. We have had convincing proof in recent months that political oaths in South America are only uttered in what Dickens immortalized as a "Pickwickian sense." These men, who make a boast of personal honor, do not attach to that virtue a patriotic or political significance. Men who would avenge with a dagger or bullet a personal insult, conspire against and betray a whole people with impunity.

The result is perfidy crowned with success, and masquerading in the garments of patriotism.

The days of democratic institutions served so badly are certain to be short and full of trouble.

But why were the people so listless, and why were the army and navy so honeycombed with disloyalty? Had democratic institutions served them so badly, had a government of their own making become so intolerable that they fled in despair to the doubtful security of a military despotism?

These questions are easier to propound than to answer.

Popular discontent rendered more acute by business depression prepared the Brazilian soil for a political conspiracy. There was also political discontent over the manner in which the legislative and executive institutions were functioning.

Cries of economic distress were answered by a violent overthrow of the existing government. I have frequently stressed the disastrous propensities of the masses to denounce a government for economic conditions beyond the government's control.

Was it the fault of President Luis and his cabinet, to illustrate, that the peoples of North America and Europe were drinking less coffee; that, through the development of rubber plantations in the British dominions, Brazil had lost its rubber monopoly?

I heard those cries of economic distress in Rio de Janeiro two years ago; and was warned by a commercial attache of our Department of Commerce that they were the forerunners of a political catastrophe.

There was a modicum of truth in the charge that the political institutions were functioning badly. Here was unmistakable indication that State and national elections were no longer popular elections, but popular auctions.

Where elections are corrupt, corrupt men, and sometimes women, are placed in charge of democratic institutions. I found in the South American states in 1928 a crying need for some force to scourge the money changers from the citadels of liberty and justice. This force did not materialize, and the corrupted institutions fell an easy prey to military despotisms.

This vice of corrupt elections seems to have existed ever since people began to vote. Burke, a great English statesman of the eighteenth century, said in one of his addresses on the French Revolution, which was then still contemporary history:

"To govern according to the sense, and agreeably to the interests of the people is a great and glorious object of government. This object can be attained only through the medium of popular election and popular election is a mighty evil."

ONE TALENT

I humbly pray the gods that are
A blessing of the utmost gain,
For with this blessing every scar
Of life shall not be borne in vain.

I pray for cunningness of hand
To work one task of magic spell
To give gifts men will understand
And do at least one good work well.

Not fame, nor pomp, nor gaudy show,
Nor gold to horde at setting sun—
If only one joy I may know,
Let it be that of work well done.

My tools are poor, and dull, and crude,
But worn with labor none the less.
And if at night comes solitude
Or blissful stars, or nothingless,

What matters to this dust of mine
Though I play not immortal parts,
If only I may work so fine
As to give strength to human hearts.

For even darkness must grow light
If in the last hour some may tell
Of hearing brave songs in the night
Or of a service rendered well.

(1.) That the city and county officials do everything in their power, immediately, to bring out such additional public construction and improvements as can be constructed with city and county funds, avoiding unnecessary special assessments.

(2.) That the city and county officials adopt a resolution assuring worthy and efficient employees of the city and county of continued employment over the next six months to a year, at reasonable wages, and urge private employers to do likewise.

(3.) That the city and county officials adopt a resolution, instructing their various departments to give preference to "home industry" and thereby assist in keeping in operation local factories and local distributing organizations maintaining local stocks, to maintain pay rolls, and urge purchasing agents of private corporations and individuals to do likewise.

SOMEONE OUGHT TO TELL TEXAS ABOUT OUR CITY

A letter arrived in Los Angeles the other day addressed to "The Judge." Inasmuch as there are no less than forty-nine departments of the Superior Court in Los Angeles alone, twenty-seven divisions of the Municipal Court, with four Superior departments in Long Beach and five municipal divisions, three United States District courts, two State Appellate courts and numerous justice courts in various parts of the county, Postmaster O'Brien took a chance and forwarded the missive to Secretary Blakeley of the Superior Court.

And now Secretary Blakeley wonders what to do with it.

Here's the letter:

"Galveston, Tex., Nov. 5, 1930.

"Dear Judge: I am a poor widow and I am trying to find my people, whose names I send on this piece of paper. I will pay the sum of $3 to you if you will please oblige and try to find them. Write me at once and I will send you the money.

Funeral Rites Conducted For Wilkie Woodard

Wilkie Woodard, 57 years of age, civil engineer who died Monday night at his Bel-Air estate, was carried to his last resting place in Forest Lawn Mausoleum yesterday. Christian Science funeral rites were conducted at 11 a.m. in the Wee Kirk o' the Heather at Forest Lawn.

Mr. Woodard built Mulholland Drive and Sepulveda Boulevard, laid out the Bel-Air and Castellamare Estates, and at his death was chief engineer for the Alphonzo Bell Corporation and the Santa Monica Mountain Park Company. He had served in the Spanish-American War and as a major in the World War. Before coming to Southern California in 1910 he had been City Engineer at Shreveport, La., and chief engineer for the Union Terminal and New York Central railroads. He leaves his widow, one daughter and four sisters.

Hunters Kill 506 Deer in County Season

Hunters killed 506 deer in Los Angeles county during the open season this year, which closed in October, according to a report filed with County Game Warden Turner yesterday by Assistant Warden Eshelman.

Of the deer killed, thirty were shot illegally by hunters and fourteen were slain by automobiles running into them on highways.

Ten hunters were arrested for illegal hunting and $1850 was collected in fines. A total of $580 in fines was assessed against fourteen hunters found guilty of hunting without a license or failing to have deer tags, the report declared.

Mystery Veils Night Attack on Patrolman

Occupants of two automobiles who late last Wednesday night apparently made an attempt to take the life of E. E. Hunter, private patrolman, as he was riding in his automobile at Montebello Park and Easton avenue, yesterday were sought by deputy sheriffs.

Hunter reported to the Sheriff's office that two cars bore down on him and while a spotlight from one of the machines was thrown on him some one in the second machine fired a shot.

Council May Debate Long on Nomination

The City Council this morning will wrestle with Mayor Porter's nomination of Miss Kate E. Smith, high school vice-principal, to the Board of Police Commissioners. The nomination is in the files of the Police and Fire Committee, which, it is understood, has not been able to reach an agreement.

It is believed Councilmen Williams and Ingram will recommend her confirmation, while Chairman Martin, believing the Police Commission "is no place for a woman," will oppose their report.

PRACTICAL RECIPES

(Requests for recipes and information pertaining to the proper preparation and serving of foods will be answered in this column every Friday. Address all requests to A. L. Wyman, Laboratory Kitchen, 424 Arden avenue, Glendale.—Ed.)

CHEF WYMAN'S ANSWERS

MEAT AND VEGETABLE PIE

H. J. B., Los Angeles, Cal. Two pounds of rump or chuck steak, chopped onions, sliced raw potatoes, parsley and thinly sliced raw carrots. Cut the meat in strips about two inches long and one inch wide, add the bone to the meat and just cover with boiling water and simmer until partly cooked. Remove the bone, drain out the meat, line a baking dish with a good pie pastry, place a layer of the meat in the bottom of the dish, cover it with layer of thinly sliced onions, then layer of thinly sliced potatoes, sprinkle with parsley that has been chopped fine, and season with salt and paprika. Dot with bits of butter, and alternate with the layers until all has been used. Thicken two cupfuls of the gravy with browned flour, and pour it over the meat and vegetables. Put on a top crust, brush with well-beaten egg, and place in a moderate oven for one hour.

PFEFFERNUESSE

D. E. S., Los Angeles, Cal. Two cupfuls of corn syrup, two cupfuls of molasses, one cupful of shortening, one cupful of brown sugar, ten cupfuls of flour, one level teaspoonful of soda, two teaspoonfuls of cinnamon, one-half a teaspoonful of cloves, one-half a cupful of finely chopped citron, and one-half a cupful of almonds, blanched and chopped fine, two tablespoonfuls of grated lemon rind, one-fourth of a cupful of lemon juice. Warm the syrup, add the shortening, and beat it until dissolved, add the lemon juice, sugar, and molasses, and beat again. Sift the flour with the soda, cinnamon and cloves, and gradually beat it into the mixture, work all together and if liked, add the almonds and citron. Roll up in small rolls, place in waxed paper, and allow to remain in the ice box for twelve hours. Then cut off in thin slices and bake in a moderate oven. If stored in a tin box these cookies will keep for many months, and a smaller quantity can be made if desired.

The cookie you have reference to, that is allowed to stand for ten days before baking is a honey cookie.

CHOCOLATE ROLL

V. E. B., Los Angeles, Cal. Four eggs, one-half a cupful of sugar, four tablespoonfuls of sifted flour, four tablespoonfuls of cocoa, three-quarters of a level teaspoonful of baking powder, one-fourth teaspoonful of salt; beat the eggs until very light, then slowly add the sugar to them and continue the beating until all has been used. Sift the flour, baking powder and cocoa together three times. Oil a narrow baking sheet, cover it with paper, bottom and sides and oil again. Pour the mixture into a thin sheet, and bake in a moderate oven from ten to twelve minutes. Turn out onto a cloth that has been dipped in warm water and wrung dry. Remove the paper carefully, trim off all the edges, fill with a marshmallow filling and cover the top with a chocolate frosting.

MARSHMALLOW FILLING

Take one-half a pound of marshmallows, cut them in small pieces, place them in a double boiler, and allow them to melt. When they have liquefied pour them slowly onto the stiffly beaten white of one egg, and beat until thick enough to spread.

MAPLE CREAM PIE

G. P. H., Ocean Park, Cal. The mistake in the maple cream pie was made in regard to the cream, which should have read: One-half a cupful of rich milk or cream, the amount of maple sugar was correct.

LEMON CRACKERS

A. M., Los Angeles, Cal. Dissolve one and a quarter level teaspoonfuls of powdered ammonia or (ammonia carbonate) in one-half a cupful of milk; beat to a cream one-half a cupful of butter, and beat into it one-half a cupful of sugar, beat until smooth and add three well-beaten eggs. Sift three cupfuls of flour and add alternately to the mixture with the half a cupful of milk. Then add a few drops of oil of lemon. It may be necessary to add a little more milk, but the dough wants to be very stiff; place on a floured board and cut in four-inch squares, brush over with a beaten egg to which has been added two tablespoonfuls of milk and bake in a moderate oven.

PAN-PACIFIC SALAD

J. B. C., Los Angeles, Cal. Shred the breast of a boiled chicken into one-inch lengths, cut three slices of pineapple into small cubes, remove the pulp from a large avocado with a small spoon; peel, remove all the white membrane and cut in small pieces one medium-sized grapefruit and one medium-sized orange, slice in thin slices, one large banana. Cut into cubes the heart or bottom part of four large artichokes that have been boiled until tender, and one small can of asparagus tips.

Mix the ingredients all lightly together and cover them with a highly seasoned mayonnaise, chill in the ice-box. Serve on a platter bordered with crisp lettuce, garnished with strips of pimientoes and ripe olives.

CRANBERRY JELLY

A. J., Hollywood, Cal. Take one quart of picked and washed cranberries, and add to them one-fourth of a cupful of water, being very careful they do not burn; cover them and when they have all popped, mash them through a fine sieve. Measure them and add to them a cupful of sugar for every cupful of pulp and one tablespoonful of lemon juice to two cupfuls of the cranberry pulp. Place on the fire and cook slowly until the sugar has dissolved. Remove from the fire and place in glasses.

CANADIANS TO BANQUET

Local Canadians and other former residents of the British Empire will hold an Armistice dinner tonight in the banquet-room of the Friday Morning Club, 940 South Figueroa street. A mixed choir will render Canadian patriotic songs. The evening will be terminated by a dance with music from Dr. Fisher's Radio Band.

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

BUTTER PLUM PUDDING

A very delicious plum pudding is made without suet; but it should be made the day before it is to be used.

Beat to a cream one-half a cupfull of butter, and one and one-half cupfuls of sugar, and when well creamed, beat in one at a time four eggs and beat well. Sift one cupful of flour with one teaspoonful of cinnamon, one-half a teaspoonful of cloves, one teaspoonful of ginger, and one teaspoonful of nutmeg. Add to the creamed butter and sugar with half a cupful of milk and beat well. Add four tablespoonfuls of cider, and one tablespoonful of sherry flavoring, four cupfuls of toasted bread crumbs, a half a pound of chopped candied citron, orange and lemon peel. A half a cupful of chopped pecan nut meats, a half a cupful of chopped blanched almonds, one cupful of seedless raisins and one cupful of chopped seeded raisins. Mix the batter well, pour into a well-buttered pudding mold, cover tight and boil for three hours. Serve hot with an orange custard sauce.

PEAR CONSERVE

Peel, core and cut in small pieces, five pounds of firm ripe pears, place in a bowl, and cover with three pounds of sugar and let stand overnight. Place in a preserving kettle, bring to a boil and boil for five minutes. Skim out the pears, and boil the syrup for five minutes, add three tablespoonfuls of grated orange rind, four tablespoonfuls of grated lemon rind, and one-half a cupful of lemon juice, to the syrup with half a pound of seedless raisins. Cook for fifteen minutes, add one cupful of chopped preserved ginger, and the pears. Cook slowly for twenty-five minutes, add one and one-half cupfuls of chopped walnut meats, cook for five minutes longer, pour into hot glasses and seal.

TRIPE, MEXICAN

Roll a pound of sausage meat into twelve small balls, roll the balls in flour and brown well in a little oil. Boil one pound of tripe that has been cut in squares until tender, drain, dust it with flour, and brown lightly in hot oil. In the pan that the sausage balls were fried in, place one clove of finely chopped garlic, and one medium-sized onion, chopped, and saute until slightly yellow, add two cupfuls of tomatoes, one chopped green pepper, one chopped pimiento, and one teaspoonful of Spanish seasoning, and a seasoning of salt and paprika. Simmer the sauce gently for twenty minutes, pile the sausage balls in the center of a hot platter, place around the cooked tripe and pour over the sauce.

AVOCADO CANAPE

Pare, seed and dice two medium-sized avocados, and let them marinade in French dressing for one hour. Prepare a thick slice of toast for each portion, hollow out the center and sprinkle with grated cheese. Place in a warm oven until the cheese is melted, drain the avocados, and heap it in the center of each slice of toast. Garnish with olives, stuffed with almonds.

Your Baby and Mine

by MYRTLE MEYER ELDRED

TOO MUCH ATTENTION WILL NOT REMEDY LACK OF APPETITE

Inevitably linked with the question, "What shall I feed my child?" goes the next more important query, "How can I get him to eat it?" Seemingly, the ravenous appetites with which all children should be blessed are fictitious. The usual child in the usual home, where there is always enough food and sometimes too much, is more often than not completely indifferent to his meals.

The overfed baby may drink regularly only part of his bottle feedings, and cannot be lured to take more. The child of two or thereabouts, who plays hard all day and should logically be half starved, finds meals a bore and has to be driven to them.

If there were only one reason for the existence of such conditions, it would be simple enough to right it, but there are as many reasons as there are children and homes. Each one has an effect on the other, and this effect is very hard to trace down and correct.

POSTPONING CURE

Recently I listened while a fond aunt harped on the theme of her nephew's appetitelessness. She exhibited an actual pride in the methods being used to induce the child to eat. She did admit that, when possible, she stayed away from her sister's home, for the constant reminders and promises and threats all through a meal did get on her nerves. If the child's lack of appetite is caused by some physical reason, then all such methods simply postpone the day of cure. If they are, as one could readily guess, just psychological ones, encouraged by the family's ridiculous performances when he didn't eat, then there can be no cure until the family open their eyes and see themselves.

The picture of the grandmother running about the house after the boy, a plate of food in one hand and a spoon in the other, cornering him and teasing him to take just one more bite "for grandma," is so absurd that one wonders how the family can fail to see it. And this has been going on for seven years!

THE APPETITE VITAMIN

We have a leaflet outlining the usual psychological and physical reasons for a lack of appetite. If you wish to obtain it, send with your request a self-addressed, stamped envelope to "Your Baby and Mine" department of this newspaper. In addition, I might remind mothers that Vitamin B is called the appetite vitamin, for it has a direct effect upon the appetite. Vitavose, a wheat-germ sugar product, and yeast in various forms are rich in Vitamin B, which is found in milk, vegetables, eggs, internal organs (liver, kidneys, and sweetbreads,) and in whole-grain cereals.

When the child is markedly without desire to finish his bottle or consume ordinary amounts of food, it is well to make an effort to provide additional vitamin B in one or the other of the above forms. For the small baby, give vitavose with the formula or yeast administered three times daily; for the older child, liver, eggs, and whole-grain cereals (brown rice, whole barley, whole wheat, cut oats) are calculated to give additional impetus to a lazy appetite.

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

Dr. Loye Holmes Miller, chairman of the department of biology at the University of California at Los Angeles, has just been elected a fellow of the American Ornithologists' Union, according to telegraphic advice received at the university. It is a distinction shared by but four other men west of the Mississippi River. The election is an honorary distinction for work done by Dr. Miller on fossil birds. He is at present working on some prehistoric stork fossils, the work being done jointly for this university and for the California Institute of Technology.

There Are Excellent Reasons

why 85% of our leading hospitals use Kotex absorbent

It is five times as absorbent as surgical cotton; it stays soft longer, deodorizes and is designed to fit.

YOU will probably have discovered for yourself that leading hospitals provide Kotex for their patients, that great surgeons use the material of which it is made for their most important work. Why?

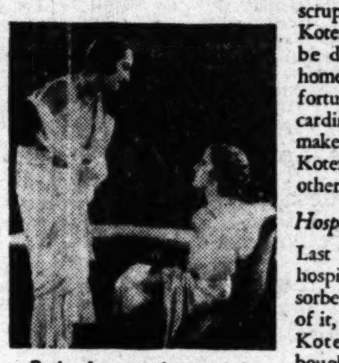
Well, Kotex is amazingly absorbent, for one thing. It absorbs five times more than surgical cotton, by actual test. Kotex, you know, is made of Cellucotton (not cotton) absorbent wadding. This is laid layer upon air-cooled layer, so that it may be adjusted to your own needs. And each layer is a quick, complete absorbent in itself.

Soft, secure, safe

Because of the way it is made, Kotex is delicately soft not only at first but all during use. It absorbs not in one concentrated spot but scientifically, gradually, so that there is never the discomfort of chafing and binding. Kotex is guaranteed to last longer, to stay soft longer than any other sanitary pad.

Kotex is secure. You feel poised, thoroughly at ease with this assured protection. It is shaped to fit. Corners are rounded and tapered so the pad remains inconspicuous, no matter how clinging your frock.

And, of course, the hygienic safety, the scrupulous cleanliness that Kotex offers cannot possibly be duplicated by crude, homemade methods. But, fortunately, women are discarding those old-fashioned makeshifts entirely nowadays. Kotex is so inexpensive that other ways are unnecessary.



During hours at the opera, the theatre; during busy days at work or at play—that's when women value Kotex!

Hospitals use great quantities

Last year 85% of our great hospitals bought Kotex absorbent ... 2,500,000 pounds of it, enough for 80,000,000 Kotex pads. And they bought, besides, 13,000,000 Kotex pads. This well demonstrates the extent of medical approval. What a tribute to the hygienic superiority of this remarkable sanitary pad!

For your health's sake alone, Kotex is imperative. And for the sake of fine grooming, good taste — specify Kotex when you buy sanitary pads.

KOTEX IS SOFT...

1 Not a deceptive softness, that packs into chafing hardness. But a delicate, lasting softness.
2 *The Kotex filler* is far lighter and cooler than cotton, yet absorbs 5 times as much.
3 *In hospitals* ... The Kotex absorbent is the identical material used by surgeons in 85% of the country's leading hospitals.
4 *Deodorizes,* safely, thoroughly, by a special process.
5 *Disposable,* instantly, completely.

CALL FOR TREE BIDS APPROVED

Park Commission Acts on First Program of New Forestry Division

Calling for bids on the first street tree planting program to be inaugurated by the new forestry division of the Park Department, organized by authority of the City Council, was approved yesterday by the Park Commission with the understanding that the bids are to be opened either by the commission or the Board of Public Works.

Five hundred and fifty-one trees, of the red flowering eucalyptus and silver-foliage acacia varieties, to be planted alternately, will be placed in the Carmelina and Anita municipal improvement district No. 11, organized under the Tree Planting Act of 1915 with the approval of the new forestry division. The cost is estimated at $3.75 a tree.

At the request of L. Glenn Hall, chief of the division, the commission authorizes the setting up of a revolving fund of $15,000 to handle such work, the division to be reimbursed from those benefiting under the tree-planting project.

The trees will be planted on Cliffwood avenue, between Bristol and Carmelina avenues, and on Carmelina, between Cliffwood and Beverly Boulevard, and on Anita between Carmelina and Beverly Boulevard. They will be maintained for five years, during which time the district will pay the cost.

NEWS OF THE CAFES

On Thursday, the following night, what is declared one of the finest orchestras heard in the West will make its debut in the Blossom Room with a gala premiere at which many of Hollywood's famous screen celebrities will be present. The name of the musical group, which it is anticipated will surpass any band previously heard in the Blossom Room both in size and brilliance, is to be announced shortly. Famous orchestras which have been featured at the Roosevelt in the past include among others George Olsen and his music, Irving Aaronson and his Commanders and Ben Bernie and his band.

DANCING CONTEST

The collegiate dancing contest at George Olsen's new club, Culver City, is attracting a great deal of interest and patrons get quite a thrill out of dancing to Olsen's music during the picking by popular applause of the winner of the Friday night event. The contest is open to all and the selected couple are awarded a silver loving cup and the opportunity to compete in the finals on January 16, when $500 in gold will be given the winners. George Olsen's is entering its thirtieth week of popularity with clever revues, show girls, splendid dance music and an unexcelled cuisine. Wednesday is guest star night, Friday offers the dancing contest and Saturday is "whoopee" night. Screen and stage favorites are seen nightly.

TAVERN TO OPEN

Hollywood will boast of one of the finest cafes of the West when Al Levy's Tavern, representing an investment of more than $100,000 in decorations and equipment alone, will be opened to the public on or about December 1, it is declared. Located on the west side of Vine street between Hollywood Boulevard and Selma avenue in the metropolitan district, the Tavern will be operated by Al Levy, who has catered to three generations during his more than forty-four years as a leading restaurateur of Los Angeles, and who in past years has been proprietor of Levy's Grill on Spring street. Associated with him in the operation of the new restaurant, which will cater to the tastes of the most discriminating epicures, will be John Mann, his present business partner.

RUSSIANS ENTERTAINED

A distinguished group of visitors from Moscow, Russia, were recent diners at Blum's Cafe Hungaria on La Brea avenue, near Wilshire. The occasion was a dinner party given by Nicholas Kretchmar of the Mining Commission of the soviet government in honor of Pros. De Marni, Makovsky and Rosoff of the Moscow Academy of Mines and V. Karmashov, representing the metal industry of the U.S.S.R. All are visitors in this country, studying mining developments, it is reported.

FASHION REVUE SLATED

Girls who look best in the late model winter toggery will receive prizes of shoes, hats, dresses, coats and all kinds of wearing apparel. Eligibles are now being selected. The style revue will last for three nights, concuding on Thursday, the 20th inst. The winners will be determined by popular applause. In the fashion show the Solomon institution is co-operating with Millers, Inc., the ready-to-wear department of Schulte United Stores. The impromptu models will parade to music by Waldemar Guterson and his orchestra, which is furnishing the melodies for the recently reopened ballroom under a revival of the old penny dance policy.

*Vegetable soup. To make soup stock use one pound of ground beef to two quarts of water. If any bone is used, have your butcher break it up, and use less meat. Cover and slowly bring to boil. Turn fire down and let simmer for an hour, removing any scum that may form. Strain, let cool and skim off all fat that rises to the surface. If stock does not equal two quarts, add a little hot water and the following quantities of vegetables:

Two or three finely diced small carrots, one small stalk of celery, cut fine; one tablespoonful of chopped parsley, one small can of tomatoes.

Return to stove and let simmer until vegetables are tender. Serve with thin strips of Melba toast if desired.

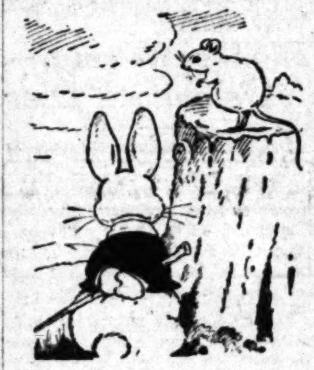
WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

PETER VISITS AN OLD FRIEND

Though riches fortune may not send,
He is not poor who has a friend.
—Peter Rabbit.



"Hello yourself," replied Whitefoot the Wood Mouse.

Peter Rabbit was sitting not far from the old stump where he had first heard the unknown singer in the Green Forest. He visited that old stump very often. He just couldn't keep away from it. In fact, he went over there every time he was in the Green Forest. Suddenly there appeared on the very top of it a small form which Peter could not see very clearly. His heart leaped. Could this be the unknown singer? Peter held his breath and leaned forward eagerly. Then a wave of disappointment swept over him. That was none of the feathered folk and so could not be the little singer, for whom he had searched so long. He recognized an old friend, one whom he had not seen for a long time.

"Hello, Whitefoot," said he.

"Hello yourself," replied Whitefoot the Wood Mouse, for that is who it was. "What are you doing over here?"

"Nothing in particular. Just sitting around," replied Peter.

"What is all this I have heard about you?" asked Whitefoot in his funny, squeaky voice.

"What have you heard?" asked Peter in his turn.

"That you spend all your time hunting for a stranger whom no one else has heard or seen," replied Whitefoot. "Tell me about it."

The thought came to Peter that here was an old friend who lived all the time in the Green Forest and probably not very far from that old stump on which he was now sitting. Perhaps he might know something of that strange singer. For a minute or two he hesitated he had been laughted at so much and made fun of so often that he had become very sensitive. But timid little Whitefoot did not seem like one who would tease, so he decided to tell the whole story. Whitefoot listened without once laughing.

"You say that he was on the stump, yet you didn't see him," said he at last.

"I don't say he was on the stump, but if he wasn't on or in it he certainly was close to it," replied Peter. "You know how hard it is to tell exactly where a sound comes from sometimes. But I know it came from somewhere around this old stump. Have you seen a strange bird around here any time, Whitefoot?"

"Not I," replied Whitefoot, shaking his head. "If one was around I would be likely to see him, for though I keep out of sight myself there isn't much around here that I don't see. What did you say that song was like?"

Peter thoughtfully scratched a long ear with a long hindfoot. "I can't tell you," said he. "Not being a singer myself, I can't tell you just what it was like. But it was a real song. Yes, sir, it was a real song. It wasn't very loud. You know how some of the Warbler family sing. Well, it was something like one of those songs, yet different. It wasn't just like any song I ever have heard. And it was in the night. That is the funny part of it. If it hadn't been I might have seen the singer. The Black Shadows must have hidden him. Everybody laughs at me when I tell about it. They say I was dreaming, but I wasn't. I was as wide awake as I am this very minute. You believe me, don't you Whitefoot?"

Whitefoot nodded his pretty little head, but there was a twinkle that Peter couldn't see in his big bright eyes as he replied. "Yes, Peter, I believe you really heard what you say you heard. But who could that singer have been?"

Peter sighed. "I wish I knew," said he. "It is a mystery and I don't like a mystery. I wish you would keep your ears open, Whitefoot, and if you hear that song try to find out who the singer is. Hello! Where have you gone to?"

Whitefoot had disappeared while Peter's head was turned just for a second. You know Whitefoot is a very little fellow and he can move quickly. Peter looked about hastily to see if some enemy had frightened Whitefoot, who is very, very timid. But no enemy was in sight.

"He must have imagined he heard something," thought Peter. "Well, I'll wait. He'll probably appear again as suddenly as he disappeared."

Just then something happened that made Peter forget all about Whitefoot.

LAWYERS CLASH AT FRAUD TRIAL

Federal Ideas on "Wildcat" Oil Lands Disputed

Editor Declares Discovery Governs Terms

Unlawful Using of Mails Charged in Case

"All oil land is wildcat territory unless oil is discovered," testified Charles E. Neumeyer, editor of an oil publication in Texas, yesterday in the court of United States District Judge Cosgrave during the trial of Gilbert S. Johnson, wealthy oil promoter of Texas and California, who is accused of using the mails to defraud.

The statement, and others previously made, led to a clash between government and defense counsel. John S. Pratt, special assistant to the Attorney-General, who is prosecuting the case, charged that Neumeyer was a "hostile and reluctant" witness. The remark was followed by sharp interchanges between counsel.

DENIES FAILURE

Neumeyer, editor of the Texas Oil Radio, published by Johnson, the defendant, denied he believed the companies promoted by Johnson "were of the wildcat variety" and eventually failed.

"I wouldn't say," he said, "that the man was a failure or his companies either, if he drilled the wells he promised and there was no oil there."

The witness also stated he believed Johnson acted in good faith and that the latter's leases were near rich, producing, Texas oil fields.

INVOLVES MILLIONS

Johnson promoted various oil companies, with headquarters at Fort Worth, Tex., and offices in Los Angeles and San Francisco. His operations were reported to have run into several million dollars.

It is charged by Asst. U. S. Attys. Davis and Pratt he misrepresented the values of leases held by the different companies by mail communications. The trial will be resumed today.

The Du Vauls, Betty Jane Fetter, Bud Mercer and Gladys Neill, juvenile performers, will present special acts.

LOVE THEFT CHARGED IN $200,000 SUIT

Wealthy Arnold F. Peek of Santa Ana Accused by Los Angeles Salesman

Charging that Arnold F. Peek, wealthy Santa Ana business man, lured his wife away from him, John Arthur Nelson, Los Angeles automobile salesman, yesterday filed an alienation-of-affections suit in the Orange county courts asking for $200,000.

The suit, filed by Attorneys Nathan Dickers and W. J. Clark of Los Angeles, charges specifically that Peek and Mrs. Nelson during the past year maintained intimate relations with each other on various occasions.

The charges yesterday came as a climax to considerable domestic discord in both the Nelson and Peek families.

On August 22, last, Mrs. Peek, mother of three children, obtained a divorce from her husband, naming "a certain other woman." At that time the wife estimated her husband had a large income from the ownership of one of Santa Ana's largest markets. She was granted $150 per month alimony.

October 11, last, Mrs. Nelson filed suit for divorce from her husband in Santa Ana, asserting cruelty. She charged Nelson was jealous, irritable, often displayed temper and once punched her. The suit is pending.

The Nelsons were married ten years ago in El Centro and separated in September of this year. They have no children.

THREE HURT IN DAM SITE EXPLOSION

Workers Trapped While Investigating Delay in Dynamite Blast

AZUSA, Nov. 13.—Three men were injured, probably fatally, this evening in an explosion at the site of the proposed Pasadena dam in San Gabriel Canyon, four miles north of here.

The victims are Edward P. Born of 183 West Twenty-second street, Los Angeles; Arthur Viertel, 909 Azusa avenue, Azusa, and W. A. Woods, who has been living at the Ramona Hotel in this city. They were given emergency treatment by Dr. E. A. Cook of Arcadia after which they were rushed to the Monrovia Hospital. All three are said to be in a critical condition, and Woods is believed to have been permanently blinded. Physicians said it was impossible to determine the extent of their injuries tonight.

The three men had descended to the bottom of a 120-foot shaft to set two dynamite charges. The first took place as planned, but the second was delayed and it was when they determined to investigate the cause that the blast occurred. The three were half-buried by debris and were not rescued until nearly an hour after the explosion. Another hour was required to hoist them from the bottom of the shaft.

Claude Sapp, assistant water engineer of Pasadena, visited the site immediately upon learning of the explosion and reported that, in his opinion, no serious property damage resulted.

Merry-Go-Round Cafe Held Up by "Note" Bandit

Oil Stations Lose Heavily; Woman Victim

Ten hold-ups yesterday, one of them by a "note" bandit at the Merry-Go-Round Cafe at 538 South Spring street when the place was crowded with diners, brought the total of this class of crime this month to 106, an increase of sixty-four over last month.

In the Merry-Go-Round Cafe robbery two bandits walked up to the cashier, Sue Hammond, last night and handed her a note threatening death if she did not turn over what money was in the cash register. She handed over $100, and the men walked out and disappeared.

WOMAN LOSES PURSE

Two hoodlums jumped out of a coupe at Clarissa street and Hillhurst avenue and compelled Mrs. Tom Smith of 434 Trice street to turn over her purse containing $6.

In the other hold-ups service stations suffered heavily.

A lone bandit held up the one at 5101 Santa Monica Boulevard, taking $18 from George Bousquet, the attendant. Two other criminals took $6 from R. M. Whittington, attendant at the station at 4401 Eagle Rock Boulevard.

Lee Raymond, in charge of the gasoline station at 5123 West Washington Boulevard, was held up by a lone bandit who obtained $15.

CAB DRIVERS HELD UP

Two bandits held up W. C. Lemaster in a service station at 9120 South Figueroa street and robbed him of $5.

Shortly before dawn yesterday another pair of bandits robbed Joe Marcovitz, Peerles cab driver, of his cab, cap and watch at Third street and Burlington avenue. And then, using the cab as a means of conveyance to and from the scene of the crime, held up G. H. Campbell, clerk in the Del Mar Hotel at Third street and Beaudry avenue, and robbed him of $25 and a watch.

A third pair of bandits held up C. Coin, taxicab driver, at Tenth street and Grand View avenue and robbed him of $11.

Louis Montero and William Logan were victims of a trio of bandits who threatened them with pistols and robbed them of $35 in the Holody cafe at Seventh and San Pedro streets.

She was a past president of the Osteopathic Women's National Association and a member of the Friday Morning Club.

She leaves her husband, Dr. Robert Dudley Emery, a son, Dr. Clyde K. Emery, a graduate of the University of London, Eng.; two sisters living at Van Nuys and two brothers living at St. Catherine, Mo.

Funeral services will be conducted at 2:30 p.m. tomorrow in Kiefer & Eyrick Chapel, Harvard Boulevard, Glendale. The body will be cremated and placed in a mausoleum in Forest Lawn Cemetery.

DEFENDANT TOO DRUNK TO GO TO OWN TRIAL

When the case of Frederick Wise, charged with driving while intoxicated, was called in Superior Judge Fricke's court yesterday, the defendant was absent. Relatives of the man stated over the telephone that the man was too intoxicated to go to court. But Judge Fricke thought otherwise and ordered the man produced by the bailiff as soon as possible, and in due time he appeared. Judge Fricke took one look at Wise and ordered him confined in the County Jail until today, when his case will be taken up.

ROGERS TO FILM "DARK FLAME"

Elissa Landi Being Groomed by Fox for Stardom; Martin Broone to Direct and Supervise for M.-G.-M.; Thelma Todd Signs for Two Featured Roles

BY GRACE KINGSLEY

Charles R. Rogers is gathering together all the good story material he can find and is adding daily to his library of stories, which he will produce as talking pictures for R.-K.-O.

CHARLES R ROGERS

The latest announcement is that he will film "Dark Flame," a new novel by Nevis Shane. This story will be adapted by John Farrow, and will be produced as a special.

No stars are yet decided on for the production, although we learn that Helen Twelvetrees, now playing in "Millie," may play the leading feminine role.

Rogers now has lined up for production or already in work five other stories, including "Millie," Chambers's "The Common Law," "The Virginian," "Seven Days' Leave" and "French Love."

In "Millie" are appearing besides Helen Twelvetrees, Lilyan Tashman, Robert Ames, Joan Blondell, John Halliday and James Hall.

ACTRESS GROOMED AS STAR MATERIAL

Such great faith have Fox officials in Elissa Landi that they are grooming her for stardom, we learned yesterday.

ELISSA LANDI

Miss Landi at present is playing opposite Charles Farrell in "Squadrons."

What her next picture will be is not certain, but it is said that if she continues her present excellent work she will be featured in her next. Already Fox is searching for stories.

Miss Landi has had splendid training, including London stage experience and work in German films. So great was her natural ability that two months after going on the London stage she was raised to stardom.

MARTIN BROONE TO DIRECT FOR M.-G.-M.

Martin Broone, head of the music department at Metro-Goldwyn-Mayer, is to remain with the organization, though in what capacity is not yet definite.

However, it is known that he will act either as director or supervisor. Broone has had considerable experience as a director of musicals, which he put on in New York.

He will continue to act in a supervisory and advisory capacity whenever music is used in M.-G.-M. productions.

Thelma Todd Busy

Thelma Todd is a busy young lady these days. She has just signed for two roles, which may overlap each other.

THELMA TODD

The actress will play a featured characterization in Clara Bow's next Paramount starring vehicle, "No Limit," and she was yesterday cast also for a leading role in the James Cruze Productions picture, "Command Performance," which Walter Lang will direct. Miss Todd, since leaving the Hal Roach company, has played parts for practically all the major studios.

Two With R.-K.-O.

Two very excellent actors were signed yesterday for the next R.-K.-O. Wheeler-Woolsey starring vehicle, "Assorted Nuts." The players are Edna May Oliver and Roscoe Ates. Ates recently finished a role in "Hook, Line and Sinker."

Harry Pollard's Next

Harry Pollard's next picture for Metro-Goldwyn-Mayer will be "The Great Day," adapted from a musical show of that name. Work is now going forward on the story.

At present the director is guiding "The Southerner" for M.-G.-M. The picture is nearly finished, and Lawrence Tibbett, the star, has already left for New York and the operatic and concert stage.

Edmund Breese Signs

Edmund Breese was signed yesterday by Willard Kent Productions for a featured comedy role in "Hollywood Gold Diggers," we have learned.

The actor recently completed a role in "The Painted Desert," and will soon be seen here also in "Toible David," in which, according to New York critics, he fairly steals the picture.

ASSOCIATION LAUDS COUNTY FIRE WARDEN

At a meeting of the board of directors of the Santa Monica Mountains Fire Prevention Association last night at the offices of the organization, 323 North Beverly Drive, Beverly Hills, a resolution was passed directed to the Board of Supervisors commending the work of Spence D. Turner, county fire warden, in the recent fires in the Malibu region. Another resolution was adopted asking the Supervisors to have more fire-suppression crews available in time of fire hazard and thus prevent the spreading of small fires.

FATHER OF DROWNED YOUTH SUES PLUNGE

Max H. Baron, father of Archie Baron, drowned in the Ocean Park plunge July 2, 1930, yesterday sued the corporation operating the plunge and Whitey Kline, an attendant, for $53,800. The dead youth was 18 years of age and at the time of his death was making $100 a month, it was asserted.

BEDLAM BATTLE BEGINS WHEN ARMISTICE ENDS

Even though the radio is a wonderful invention, it should not be used as a substitute for perpetual motion.

And, again, you take a dog. A dog that howls at night is not man's best friend.

If there's anything worse than either of those, it is an automobile engine, running at 2 a.m. in the owner's garage, for no particular reason.

There you have the defense offered by House Peters, screen actor, of 806 North Camden Drive, when he was arraigned before Police Judge Strelinger in Beverly Hills yesterday on a charge of disturbing the peace.

The actor's accuser was William H. Simon, cafe owner, who lives at 808 North Camden Drive, next door to Peters. Certain rocks had been tossed over the hedge, the complainant said, among other things.

Testimony indicated that Simon was addicted to playing his radio at hours when the actor preferred slumber to a serenade. Not only that but, according to Peters, Simon's dog insisted on providing a vocal obligato. And, as if this were not sufficient, his accuser's chauffeur had kept the automobile running for prolonged periods in the Simon garage, the actor concluded, disturbing his lawful rest.

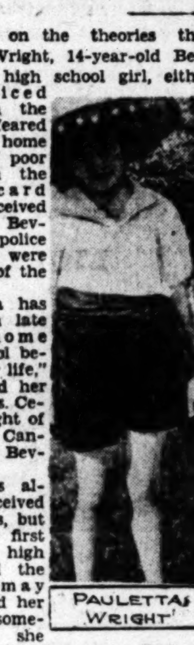
Peters denied that he had thrown any rocks at Simon's house and, even more vigorously, that he had shied electric light bulbs into his garage as a hint to shut off the motor. The cafe-man's chauffeur, Pyriff Kyrider, intimated that such had been done.

The feud between Peters and Simon has been at white heat for more than a year, it was indicated, and at one time the actor was required to post a $1000 peace bond. This expired recently, whereupon hostilities were renewed.

Judge Strelinger set the hearing for 3 p.m. tomorrow.

WIDE SEARCH LAUNCHED FOR BEVERLY HILLS GIRL

Working on the theories that Pauletta Wright, 14-year-old Beverly Hills high school girl, either was enticed away from the school or feared to come home because of poor grades on the report card she received yesterday, Beverly Hills police last night were in search of the girl.



PAULETTA WRIGHT

"Pauletta has never been late coming home from school before in her life," declared her mother, Mrs. Cecil W. Wright of 421 North Canyon Drive, Beverly Hills.

"She has always received good grades, but this is her first year in high school and the newness may have caused her to 'flunk' something and she may have stayed away on that account.

"It is possible, however, that her father, Lawrence Fraser, who has not seen her since she was 5 years of age, may have located her and persuaded her to go with him."

It was explained by Mrs. Wright that she adopted Pauletta in Seattle nine years ago when Pauletta's mother died and the father abandoned the girl. Mrs. Wright said she had not heard from the father since a year following the adoption.

The last seen of Pauletta was at the high school at 3:30 p.m. yesterday. She told her sister, Louetta, a junior at the high school, that she was going to visit the locker room of the school and would "start for home in ten minutes."

Chief C. C. Blair of the Beverly Hills police last night ordered all his men out in a general search and broadcast a description of the girl.

She is a slender blonde with blue eyes, weighs ninety pounds, is 4ft. 8in. in height, and wore a green tam, a gray and brown plaid dress, brown stockings and brown low shoes.

MUNICIPAL COURT CLERK TAKES BRIDE

W. L. Tregoning, Municipal Court clerk, told his fellow-clerks last Friday that he was taking a week-end trip to Santa Barbara. Yesterday he returned to duty—with a bride. Tregoning visited the marriage license bureau in Santa Barbara with Miss Dorothy Dunlap of Los Angeles and they were married in the channel city before returning here.

WARRIORS BATTLE TO THE FINISH

Foreign Legion Story at Loew's State Makes No Compromise.

BY EDWIN SCHALLERT

It's war to the finish in "Renegades." There isn't a first-line character left except in the ghost march in the ultimate fade-out. A raging battle and revenges dispose of the good and bad alike and also the near-good and the near-bad.

This picture receives the Croix de Guerre for being unusual. It qualifies as a surprisingly motivated drama of the French Foreign Legion.

Fox produced the film and Victor Fleming directed, with the strong roles—and they are distinctly strong and vigorous—portrayed by Warner Baxter, Myrna Loy and Noah Beery. Plenty of credit, too, for Gregory Gaye, George Cooper and Henry Gordon. Also Bela Lugosi of "Dracula" fame is in the cast as a suave and intriguing oriental commander.

The picture is taken from Andre Armany's novel, "Les Renegats," adapted by Jules Furthman, and it is picturesquely unfolded amid attractive natural and contrived settings.

What appears most interesting is the way that the plot is obliquely presented. The opening reels hold an air of mystery, and the situations are replete with suspense.

The picture is inclined to slow up later on but there is a rousing close, tinged with patriotic idealism.

No concessions to popular pleasingness are made in the depicting of the characters of the four soldiers who dominate the plot. They are real scapegraces, who go so far as to turn against their own friends and fellow-soldiers in their plottings with the Riffs to overthrow the French rule.

To be sure, the leader is actuated by personal motives of vengeance. And it is a case of cherchez la femme as the cause of his treason. But there is a redeeming action on the part of the renegades, ere the feature is over, one that you may anticipate, but may not fully foresee in its actual outcome.

Altogether there is much to interest in the picture, even though it possesses little of the conventional sort of humanness. The woman particularly remains vindictive to the end, even shooting the man who loves her while pretending to show affection for him. A dynamic touch this for the wind-up!

There is a pretty even division of the success in the acting. One can hardly say that any of the portrayáls is outshining, even though Warner Baxter and Myrna Loy enact the most potent scenes. Miss Loy is especially convincing in her vengeful role, and appears to be gaining from picture to picture as an actress. Baxter sustains his interpretation very ably.

Gaye is cast importantly as the inebriate renegade, who stirs up defection on his own account. Beery does an accented role with good effect, even though the accent seems elusive at times. He and Cooper, chiefly, provide some balancing humor, though there is very little in the picture. A remarkably fine portrait of a French officer is provided by C. Gordon. Lugosi favorably impresses. Colin Chase is another of the players.

Film Reveals Many Changes in Crime Style

Styles in crime change, along with the length of milady's skirts, according to Sam Wood, who is directing the modernized film version of "Within the Law," which in 1912 was considered a sensational underworld expose.

In the eighteen years that elapsed since Bayard Veiller penned his thrilling play, footpads and burglars have become bandits and racketeers. The sandbag has given way to the sapstick, the revolver to the automatic, sawed-off shotgun and machine rifle.

Those who remember the play as it was originally produced, will note these changes in the new Metro-Goldwyn-Mayer production in which Joan Crawford is starred. The cast includes Robert Armstrong, Marie Prevost, John Miljan, Polly Moran and George Cooper.

Same Overcoat Worn Fifteen Years by Actor

Ernest Torrence has worn the same overcoat for fifteen years.

Pure sentiment and a touch of superstitution are responsible for him using the tattered garment on location where he is continuing with Tully Marshall in "Fighting Caravans," the roles they created in "The Covered Wagon."

While appearing in musical comedies in the United States in 1915, Torrence purchased the coat. When it passed out of dress use he retained it for rehearsals and later wore it outdoors while making his screen debut in "Tol'able David." He has used it on every picture since that time.

Wilshire Books Added Feature

Another feature will be added this week to the regular Junior Matinee Saturday afternoon at the Fox Wilshire Theater, when Frank Allen, magician, will appear on the stage for the children's show.

James Dickie, cartoonist, also will appear. The screen offering for the regular evening shows, as well as for the balance of the week, is "Laughter," starring Nancy Carroll.

GORDON AT M.-G.-M.

James Gordon is being kept busy at the M.-G.-M. studio for he had no sooner completed the first part of his portrayal of Creswell, the American attorney, in "The Bachelor Father," than he was called for a role in Joan Crawford's new starring vehicle, "Dance, Fools, Dance."

Popular Player Returns to Screen

Lila Lee
Enacts the role of the young heiress in the film adaptation of the well-known play, "The Gorilla," starting today at Warner Brothers Downtown Theater.

MODERNS PICTURED TODAY

"The Truth About Youth," with Loretta Young in the role played by Maxine Elliot for so many years, makes its local debut on the talking screen today at Warner Brothers' Hollywood Theater.

This piece, formerly under the title of "When We Were Twenty-one," enjoyed success as a stage play. It was purchased by First National especially for Miss Young and marks her first actual starring role, it is said.

The film also brings back to the screen Conway Tearle. Others in the cast are David Manners, Myrna Loy and J. Farrell McDonald.

The story is modern in treatment and theme, and differs from the usual flaming-youth presentation, according to report. William Seiter directed.

Warner Brothers News, novelties and Vitaphone short subjects will complete the program.

VIVACIOUS STAR PLAYS MING TOY

Lupe Velez Cofeatured With Ayers, Robinson in "East Is West"

BY JOHN SCOTT

Ming Toy, whose name has become a classic by virtue of the stage play "East is West," is portrayed in the new screen version of the piece at the R.-K.-O. Theater by Lupe Velez, vivacious Mexican girl. Miss Velez is a rougish Ming Toy, slides down banisters, chews gum masterfully and speaks pidgin English with a delightful Mexican accent.

In the Universal adaptation of the play by Samuel Shipman and John B. Hymer, there crops out a note of burlesque, a large note which grows as the picture continues. As an example, when Ming Toy has been brought to the United States by Billy Benson, the American youth, and is about to be sold to Charlie Yong, a fifty-fifty Chinaman who boasts of American clothes and a Chinese heart, she nonchalantly goes to her Joss, stealthily pops a piece of chewing gum into her mouth and picks up a novel, oddly enough, "Ex-Wife." The serious side of the story is disregarded almost entirely.

Characterizations, therefore, are none too convincing. While Ming Toy's color is established at the finish as white, her earlier association with the Chinese family in the Orient should have curbed her sparkling vivacity to some extent. But then, perhaps, blood will tell.

As the youth who buys Ming Toy from a "Love Boat," brings her across the sea and finally falls in love with her, Lew Ayres capably does all that is required. His is not a brilliant portrayal—it couldn't be with the material at hand. Edward G. Robinson, the dynamic and master gangster of the screen, goes berserk in the role of Charlie Yong, the egotistical chop-suey king. His character might be termed a caricature, overdrawn because of too much footage.

E. Allyn Warren as the philosophical Lo Sang Kee is the other important member of the cast and is good. Henry Kolker, Mary Forbes and Edgar Norton also appear.

Monta Bell's direction has made of "East is West" an unusual and perhaps a successful box-office attraction. It is unfortunate that, inasmuch as he adopted the broad comedy touch for the film, he was not provided with a cast more suited to this mode of expression.

The R.-K.-O. vaudeville show this week features "Bomby" and his group of entertainers in some pleasing solo and ensemble singing. Paul Remos and his Toy Boys do acrobatic tricks; Danny Small and Harry Mays sing well; Joe Young brings his "hokumology" act back to town in great fashion, and Danny Russo conducts the R.-K.-Olians.

Filmarte Offers Adventure Film

A photographic discovery of the wild tribes over the backward trail of man's evolutionary history is shown in "Wild Men of Kalihari," which starts tonight at the Filmarte Theater. The picture is the result of a two-year trip through South Africa by Dr. C. Ernest Cadle.

The signal achievement of this adventure was the discovery of the Bushmen, the living prototype of the stone-age man. "Wild Men of Kalihari," brings other thrilling scenes to the screen, it is said, showing views of other primitive tribes, of dense jungles and wild animals.

CALIFORNIA TO SCREEN 'BIG HOUSE'

Gala Premiere Arranged for Spanish Version of M.-G.-M. Feature

"El Presidio," M.-G.-M.'s Spanish version of "The Big House," will have its world premiere and gala opening tonight at the International California Theater.

The audience, it is said, will include practically every star, director, author and executive of the Spanish-speaking movie colony, as well as many of the social and business leaders of the city. Dolores Del Rio will be one of the guests of honor.

"El Presidio" is enacted by a cast including many of the most popular Spanish-sepaking stars, including Jose Crespo, Juan De Landa, Luana Alcaniz, Alma Real, Juan De Homs, Carlos Ceballo, José Soriano Viosca, Romualdo Tirado, Vicente Padulla and Gabry Rivas.

Jolo Provides Costumes Used in Torrid Play

Many theatrical attractions proclaim that the costumes worn by the feminine members of the cast are Paris importations, but, according to reports, the management of Dorothy Burgess in "The Bird of Flame," now enjoying success at the Belasco Theater, announces that the costumes, what there is of them, are imported, not from France, but from the town of Jolo—a mere dot on an island in the South Pacific.

When "The Bird of Flame" was being produced Belasco and Curran, the producers, wanted the native cloth worn as a single garment by the native women and the tapa cloth worn as skirts by the men. None of the vividly designed calico could be found in this country, as it is sent to Jolo from England, so a cable was sent to the Governor of Jolo, who dispatched the necessary bolts of cloth on a transport to San Francisco.

As for a costume designer, there is no need of one either in Jolo or at the Belasco, for the native girls just cut off two or three yards of calico, wrap it about them and they are fully dressed.

New Premiere Date Selected for "Morocco"

Fox West Coast Theaters announce a new premiere date for "Morocco." The gala event will now take place at Grauman's Chinese on Tuesday night, the 25th inst., instead of on the following evening as originally announced.

This change was brought about at the request of the motion-picture players who want to see Marlene Dietrich, Hollywood's new star, in the Paramount production on its premiere night. Many had already made plans to leave the studios early Wednesday evening for Thanksgiving and week-end vacations and requested that the "Morocco" opening be staged Tuesday night.

Reservations are said to be coming in fast for the event, and promise a brilliant first-night audience of screen notables. Gary Cooper and Adolphe Menjou share honors in Josef Von Sternberg's new picture.

EXCELLENT TALK FILM UNREELED

"Fast and Loose" a Smart Romance; Miriam Hopkins Called "Find"

BY PHILIP K. SCHEUER

Until plot rears its ugly head, "Fast and Loose," at the Paramount, threatens to be one of the classic modern romances of the year. I am not altogether sure that it is not that anyway; a great many people feel themselves cheated if they don't eventually find a plot lurking somewhere and besides this plot isn't really so hard to take. It may get a little preachy at times, but look where it came from.

"Fast and Loose" was once upon a time a play by the late Avery Hopwood and, I believe, David Gray, called "The Best People." Like a great many other plays of its particular "why-what-are-you-doing-here?" epoch, it carried a message—to wit, that money isn't everything. Jack Kirkland, a scenarist of 1930, and Preston Sturges, the author of "Strictly Dishonorable," took the foundation laid by their predecessors and smartened it up with easy, natural dialogue; and then Paramount, recognizing that this would be the sort of 1930 talkie in which what was said would be much more important than what was done, went out and hired the best bunch of players in New York to interpret it. If they had stopped right at the beginning with Miriam Hopkins they already would have had a great cast.

I never saw Miss Hopkins before, but I understand she created a signal flurry on the stage in the recent exhumation of a comedy by Aristophanes. The Greeks had a word for it—"Lysistrata"—but if they had seen Miss Hopkins they undoubtedly would have named the show after her. Miss Hopkins, who is not yet a past mistress of the art of acting, reveals such definite promise and such a slim, golden, Jeanne Eagels-like fascination that in no time at all her name should be a household necessity.

It is her romance, this "Fast and Loose." There is a concurrent one featuring her brother and also a subplot involving her father, but the love life of Marion Lenox is what you really care about. This rings in all the best of the Sturges dialogue—I am speaking especially of the early sequences, on the ocean front, along the Merrick Road—and it is only toward the end that the original "Best People" resumes plotty sway. Here the picture gets to drama with a capital "D," making a lot of work for the cameraman, who frequently has to stretch his lens to get everybody in; but everybody's performances are so flawless that you let it pass with no more than a shrug or a moue.

Without proof to the contrary, I feel safe in saying that this cast, with the exception of Carole (Carol) Lombard, is an all-theater one. Fortunately Miss Lombard hasn't much to say, although even she seems to have improved since last we met. Charles Starrett makes a definite person out of Henry Morgan, the mechanic; Henry Wadsworth—remembered as the sailor in "Applause"—is again a credit to his profession, as Miss Hopkins's brother; Frank Morgan, even better than he was in "Laughter," plays her father; and the others are Ilka Chase, Harris Winifred, Herbert Yost, David Hutcheson and Herschel Mayall.

The picture was competently directed by Fred Newmeyer, although he apparently couldn't resist putting in some of the kind of comedy with which he is most familiar. But this is a minor matter.

Wilbur Hall after six years of it, still plays the pneumatic pump as well as ever. Fresh from the Whiteman band, he returns here in "Snap Into It," the new stage show at the Paramount. Devised by Jack Partington, this revue marks an uptrend in the series, with Eddie Stanley, the Blue Steppers, Deno and Rochelle, Virginia Ray and the girls in novel set-ups contributing generously thereto.

'Fourth Alarm' to Open Today at Majestic

The management of the Majestic Theater announces a new policy for its patrons starting today with the world premiere showing of "The Fourth Alarm," starring Nick Stuart and Ann Christy.

The story deals with a romance between a fire chief's son and a millionaire's daughter. The entire equipment of the Los Angeles Fire Department was put into play in the filming of this picture, it is said.

Completing the program will be a comedy short, "Discontented Cowboys," featuring Sidney Murray, together with an Oswald cartoon and a talking news weekly.

Repertory Play Cast Announced

The complete cast for "The Infinite Shoeblack," second Bowl Theater Association production, has been announced by Colin Campbell and Paul Irving, who are jointly directing the play. The drama opens at the Music Box Theater on the 24th inst.

Olive Meehan, beautiful New York actress, and Murray Kinnell of London, will play the leading roles of Mary and Andrew. Reginald Sheffield, Katharine Pierce, Boyd Irwin, Daisy Belmore, Olaf Hytten, Eve Robertson, Eric Snowdon, Cyril Delevanti, Carlton Young, John Arensma, Abdul Mahmoud, Sally Franklin, Betty Todd, Mary Alice Wickeizer, James Woolwine, Jr., Bern Boyd Irwin and Don Brodie complete the list of players.

LIGIA DE GOLCONDA SIGNED

Ligia de Golconda, youthful leading lady who has been appearing with her own stage companies in Mexico and Central America, has been signed by First National for the role of Mrs. Fleming in the Spanish version of "The Woman Who Dared."

CRAMER SIGNED AGAIN

Richard Cramer no sooner finished playing the part of a western character in "Under the Cock-Eyed Moon," a Pathe western burlesque, than he was immediately re-signed for an important western role in "The Painted Desert," a Pathe special starring Bill Boyd.

PARADE USHERS IN STOCK SHOW

Christmas Exhibition Will Open the 29th Inst.

Rodeo Performers to Take Part in Street Event

Mayor Porter Will Officiate at Initial Program

Ushered in by a colorful parade, the annual Christmas Live-stock Show and Rodeo, sponsored by and held at the Los Angeles Union Stockyards, will open Saturday the 29th inst. for an eight-day engagement, it was announced yesterday.

The parade, for which a permit has been granted by the City Council, will form on New High street, north of Sunset Boulevard, at 11 a.m. and proceed south to Spring street, to First street to Soto street to Ninth street and east on Ninth street to the show grounds.

Typifying prosperity and progress, according to Cliff McDougall, in charge of arrangements, it will consist of cowboy and cowgirl rodeo performers from all sections of the West and Northwest and a large number of blooded specimens of live stock which have been entered in the competition.

As the procession enters the showgrounds at 1:45 p.m., the show will be declared officially under way by Mayor Porter and members of the City Council, occupying a box. The Mayor yesterday designated the opening day as Los Angeles Day at the show. Other days throughout the run of the show will be dedicated to Long Beach, Pomona and other Southern California cities.

Cattle and other live stock from twenty-three States have been entered in this year's event, officials stated yesterday. The entries from points in the Midde West are to be transported here in a special train from Kansas City. The rodeo will be a daily feature. It will be held each afternoon and evening.

COUNCILMEN FILMED

Councilman Cooke yesterday had several hundred feet of motion-picture film taken of his colleagues in the City Council to add to an already extensive private collection, which includes scenes of a trip around the world and events while he was foreman of the 1928 grand jury. The pictures were made by John R. Gordon.

GIRLS HITCH-HIKE TO CHICAGO

Cross-Country Trip Made in Eight Days

[P. & A. photo]

Bernice Lewis (left,) and Evelyn Bertram in Chicago

TWO fair ankle tourists who left Los Angeles about ten days ago for a hitch-hike to Anderson, Ind., have arrived in Chicago, according to a news dispatch received here yesterday. The young women are Bernice Lewis, 17 years of age, of Pasadena, and Evelyn Bertram, 20, of Anderson. They covered the distance in eight days, having hitched the greater part of the way.

The pair became acquainted while Miss Bertram was visiting in Southern California. The Indiana girl invited her Southland friend to visit her and the hike was on.

ELECTION OF MAHAFFEY CELEBRATED

Friends of Victor in Supervisor Race Have Dinner and Reception

The recent election of J. Don Mahaffey as County Supervisor was celebrated last night at a dinner and reception given by his sponsors and coworkers at the Hollywood Storage Building. Covers were laid for 500 guests.

Following the dinner an elaborate program was given. Walter Danberg presided as chairman of the gathering, and introduced scores of persons who took a prominent part in the Mahaffey campaign. James S. McKnight was toastmaster.

Mayor Porter, James Richardson, president of the Hollywod Kiwanis Club; Frank J. Waters, president of the Wilshire Community Council; Herbert Scholfield, chairman of Mahaffey's campaign advisory committee, and many other prominent persons gave short addresses. A general reception followed.

World Flyer to Pilot First Hop on Valley Line

Lieut. Henry Ogden, United States Army around-the-world flyer, will be honorary pilot for the first flight of a new aerial transport line operating on a daily schedule between Bakersfield, Taft and Los Angeles Saturday morning, the inaugural plane being due to arrive at the Los Angeles airport at 9:50 o'clock. Its passengers will include prominent business men from the Kern county cities, who have made reservations for the initial trip.

The new line, which is associated with the Hampton Flying Service at the Los Angeles Airport, will schedule its southbound trip to leave Bakersfield at 8:30 a.m. daily, stopping at Taft fifteen minutes later and reaching Los Angeles at 9:50 a.m. The northbound trip will leave Los Angeles at 4 p.m, The time is calculated to accommodate one-day business trips from Bakersfield and Taft to Los Angeles.

Suit Attacking Will Won by Stepchildren

Contest over the $22,000 estate of Mrs. Lillian B. Wood of Long Beach yesterday was decided favorably to her stepchildren when a jury in Superior Judge Craig's court returned a verdict declaring the woman's will to be invalid. Mrs. Wood executed the document seven days before her death, November 24, 1929, naming her sister, Mrs. Mabel E. Harker, as executrix, and leaving her the builk of the estate.

Accusations that Mrs. Harker unduly influenced the testator were made by the latter's stepchildren, Guy F. Wood, Adeline Rowland, Mattie B. Wood and Dorr B. Wood They also contested on the ground that Mrs. Wood received her wealth from the contestants' father, the late Thomas L. Wood, and that they were entitled to it.

BROTHERS ACCUSED OF PAY-CHECK FRAUDS

Eleven counts of forgery were filed against Chester and Floyd Anderson, former employees of the Gay Engineering Corporation, by the District Attorney yesterday. Chester Anderson is accused of forging fictitious names on pay checks and his brother, Floyd, is charged with forging the fictitious indorsements and cashing checks amounting to approximately $500.

VOLUNTEERS SOUGHT FOR FUND DRIVE

Disabled Veterans Plan Forget-Me-Not Campaign Early in December

An appeal to individuals and the numerous service, civic and women's organizations in Los Angeles for volunteer workers to aid in the annual forget-me-not drive of the Disabled American Veterans of the World War was issued yesterday by the committee in charge.

This year's campaign will be held December 4, 5, 6 and 7. Forget-Me-Not Day is an annual affair in the D.A.V., designed to raise funds with which to aid disabled veterans in many ways, particularly in obtaining compensation and in promoting helpful legislation.

More than 5000 workers will be needed for the four-day drive. The committee has opened headquarters in the Hayward Hotel, where workers are to be listed during the coming two weeks.

William Conley, commander of the Quentin Roosevelt Chapter, D.A.V., heads the committee in charge of the drive. Others on the committee include the following chapter commanders: Frank J. Irwin, Sawtelle; Thomas Gavigan, San Fernando Hospital; Charles C. Morrison, Hollywood past commander; Percy Jonas, Santa Monica, and James Griffiths, Inglewood.

BUS DRIVER STABBED ON HILL STREET

Hundreds Join in Chase of Negro Following Quarrel Over Fare Transfer

A stabbing at Fifth and Hill streets and pursuit of the asserted stabber down Hill street by hundreds of persons caused intense excitement and traffic congestion yesterday.

H. E. Gililland, driver of a Los Angeles Street Railway bus, was stabbed, and James B. Jones, 21, Negro, is in jail. A knife in Jones's hand gashed the driver in the neck, cheek and wrist, but his wounds are not considered dangerous.

An argument between Jones and George Olson, conductor of the bus, over a transfer caused the trouble, it is said. Gililland attempted to quiet Jones, who had become wildly excited. Suddenly spectators caught the flash of a knife, there was a cry from Gililland and Jones, with a growing number of pursuers at his heels, including Traffic Officer Pasco, dashed south on Hill street. He was caught at Sixth street and locked up on a charge of assault with a deadly weapon.

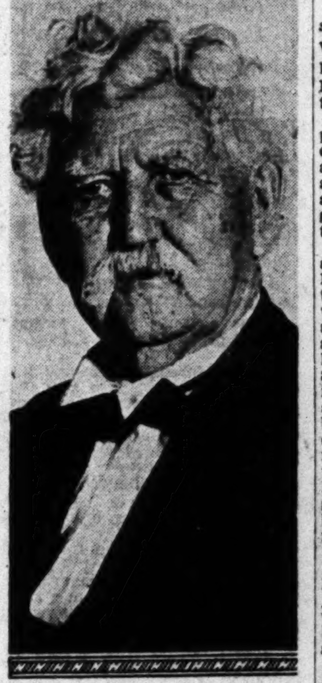
Salvation Army Plans Congress for Comrades

Salvationists of the Los Angeles and South Coast division annually hold what is termed "Comrades of Yesterday" congress, in which former officers and workers, now prominent in other lines of endeavor, as well as active officers and retired officers, meet together. Brigadier James C. Bell, commander of this division, announces that the congress this year will be held in the Citadel, 125 East Fourth street.

"This is going to be a real meet-your-old-friend congress," the brigadier stated. "There will be a gathering of the clans from all over the Southland, and the Citadel will be crowded with old friends, and with old memories. Old songs will be sung, the Citadel band, led by Capt. Edwin Taylor, will play the music loved by the old-time officers, and voices from the Nineteenth Century will be heard."

The date fixed for the congress is the 30th inst. The arrangements are in the charge of Brigadier Bell, and his associates at the Salvation Army headquarters in Los Angeles.

SOUTHLAND DELIGHTS MARK TWAIN'S DOUBLE



William L. Rigdon

"I know Mark Twain died, but if you aren't Mark Twain resurrected, who are you?"

Thus did a pioneer who knew Samuel Clemens in the long ago greet William L. Rigdon of Topeka, Kan., as the latter emerged from the Faremont Hotel yesterday.

Not only are the facial likeness and expression of the great humorist borne by Mr. Rigdon, but the mantle of Twain's gentle humor and optimistic spirit seems also to have fallen upon Mr. Rigdon, nationally known as Twain's double, who celebrated his seventy-seventh birthday by starting a tour of the United States.

"I don't know how long I'll be here—haven't seen Hollywood yet," said Mr. Rigdon. "I intend to see all I can of Southern California for I think it's the most beautiful spot the Lord ever made. So far, the loveliest place I've seen is Balboa Park. God and the gardeners certainly know how to co-operate down at San Diego. I'm going to stay here as long as I can—even after I've seen Hollywood—and will go wherever the spirit leads me. I don't make a lot of plans ahead of time. People who make plans often meet with disappointment."

Although he never saw Mark Twain, Mr. Rigdon is a great lover of his books and has a happy gift of reading and relating Twain's stories to children.

"My bushy white hair, the shape of my face and my big head often cause people to imagine that I'm Mark Twain come to life, or at least related to him," said Rigdon. "I'm no kin."

Mr. Rigdon, who spent many years of his life in Colorado and was one of the first white men to settle on the Big Thompson River, has been a resident of Topeka forty years. He is especially well known in Kansas for his poems.

"This is a good world, and it gets better every day," said Rigdon. "Oh, yes, we have hard times occasionally, and I'm one of the few who doesn't know the remedy, but the present depression certainly can't be laid at the door of any political party, much less is any one man responsible for it. Herbert Hoover is one of the best Presidents we ever had and he is doing everything in his power to provide work for the jobless. No one could have done a better job at readjustment of conditions.

"Prohibition? You bet I'm strong for it. So far, not one logical argument ever has been brought forward in defense of John Barleycorn. The people of this country never will go back to the saloon days. The more the wets fight prohibition, the stronger it will become for a good institution thrives on opposition."

Discussing the young people of today, Mr. Rigdon said there never was a cleaner, saner, finer generation.

"I get out of patience with these old fogies who forever are harping about the 'wild youth' of today," said Rigdon. "The truth is, young men and women today are better than they were fifty years ago. The fact that they have more comforts and better means of educating themselves should make us older folk happy instead of exciting our envy and making us imagine things that are not true."

LEWIS STONE GETS PERMIT

An ordinance granting Lewis Stone, actor, permission to drill for oil in the Venice field was adopted yesterday by the City Council.

Fish Will Be Rescued From City Reservoir

One of the largest fish-rescue jobs on record in Southern California will be started today when deputy game and fish wardens will begin removing more than 20,000 sunfish, blue gills and black bass from the Chatsworth reservoir.

The fish are being removed preparatory to draining the reservoir so that the bottom can be cleaned and oiled, according to a statement yesterday from Spence D. Turner, county fish warden.

The fish will be seined from the reservoir by a crew under the direction of Deputy Warden Eshelman and placed in other reservoirs throughout the county.

Councilman Randall yesterday introduced in the City Council a resolution requesting the Board of Water and Power Commissioners to distribute the black bass in the reservoir to charitable organizations. The resolution was adopted.

Eleven Injured When Car Skids on Wet Highway

Injuries of various degrees were suffered yesterday by eleven persons when an auto skidded on the wet pavement of the State highway near Newhall and overturned, according to a Sheriff's report.

Five small children and their parents, Mr. and Mrs. Amado Sanchez, Mr. and Mrs. Abundio Uriarte and a small child and Jose Garcia, all of 422 East Center street, Visalia, are the injured. Following emergency treatment they were removed to General Hospital.

Beavers, 38 years of age, a guest at the Constance Hotel, Pasadena, was injured possibly fatally last evening when the car he was driving was struck by a hit-and-run motorist and knocked over a twenty-foot embankment on Hollywood Way near First National Studios. He is in Hollywood Receiving Hospital with internal injuries, a broken leg and numerous cuts and bruises. The hit-and-run car was driven by a man and had another man and a woman as pasesngers, witnesses told police. After bumping Beavers's machine from the road it grazed another automobile, driven by W. H. Paterson of 1640 Holt avenue, and sped away.

John Surlian, 58 years of age, of 1241 La Puerta street, died in White Memorial Hospital last night of injuries suffered on the 10th inst. when he was struck by an automobile at Wabash avenue and Indiana street.

THOSE who have read Big Bill Edwards's "Football Days" will wonder what has happened to Princeton. And those who have been to Princeton, played for Princeton or seen Princeton teams play in the heyday of her glory are also wondering. What has happened to the ferocious Tiger that once defended the Orange and Black of Old Nassau? Where are the Slagles, Ameses, Moffatts, Cowans, Hillebrands, Cochrans, De Witts, Poes, Bleuthenthals, Harts and Dillons of other years?

In the old days Princeton was surfeited with stellar grid material; now a real football player on the Tiger campus is as scarce as a college team rushing to the front to offer to play a post-season game for charity.

Look at Princeton's record for 1930! Yes, indeed, just look at it! Only one touchdown scored in four games against Brown, Cornell, Navy and Chicago! And Yale to come! And that nightmare 31-to-0 defeat at the hands of the Navy, a team that had been beaten by little Duke University! "Oh, well, Princeton teams always are weak in October and fight their best

Undefeated Lincoln Eleven Meets Pathfinders in Prep Feature at Wrigley Field

BY IRVING ECKHOFF

Providing it isn't raining too hard today, the undefeated Lincoln Tigers and the Fremont Pathfinders will clash this afternoon at Wrigley Field, in the feature tussle of the City League schedule.

COACH DIRCKX

Although quite a bit of moisture fell yesterday and Poly and Roosevelt tramped up and down the Wrigley Field turf in their moved-up contest, Lincoln officials have no intention of calling off the game. Festivities will start at 2:30.

Even if no rain falls today, Coach Jim Tunney's Tigers will be laboring under a handicap. For the past week, Tunney has been instructing the league-leading Bengals in the intricacies of the lateral pass and was planning on giving George Dirckx's Pathfinders some aerial surprises today.

If the field is the least bit soggy, Lincoln will revert to its old style of play with Santa Garbo doing most of the ball packing on straight line plunges.

A slow field will also work hardships for Dirckx's Pathfinders, whose main boast to fame is the flashy work of Walt Clark. Clark, who is the fastest backfield man in the

BEAR PLAYERS TO STRIKE IF NIBS PRICE IS FIRED

BERKELEY, Nov. 13. (Exclusive) Bent on supporting "Nibs" Price to the end, members of the University of California football team instituted and held an impromptu rally between the hours of 2 and 5 a.m. today.

"NIBS" PRICE.

Visiting some twenty fraternities on the campus, the men routed 200 male students from their beds to join the parade, which ended in front of Delta Upsilon house.

Standing in the rain the Price supporters heard Fritz Cahn, varsity tackle, declare the Bear mentor has just as good a record as many other Pacific Coast gridiron leaders, notwithstanding the fact that California has suffered a serious setback this season.

He further declared that "if Price did not return as coach next season many of the present squad probably will be missing from the roster."

"Panning" the student body for its attitude and accusing students of supporting the football team only when it is a winner, Cahn went on to say that at other universities when a team comes home winner or loser the students back them, but last Monday morning the California team received a cool reception. He could not see how the students expected the team to play good football and work for them six days a week if the students do not declare themselves for the team.

Arthur M. Arlett, editor of the Daily Californian, was criticised for his editorial comment and lack of "sportsmanship" at a time when the team was in the hole.

Among the football men in attendance at the early-morning rally were "Togo" Thornton, varsity end; Charles White, substitute end; Thor

Notre Dame Head Agrees to Change of Location

Tilt With Northwestern Is Moved to Big Field

Sum of $100,000 Donated to Unemployed Committee

SOUTH BEND (Ind.) Nov. 13. (AP) Notre Dame tonight agreed to Northwestern University's proposal to transfer the 1931 Notre Dame - Northwestern football game from South Bend to Soldier Field in the interest of charity. Reverend Father Charles L. O'Donnell, president of Notre Dame, in a letter to President Walter Dill Scott of Northwestern made the announcement tonight.

Northwestern, through Dr. Scott, yesterday offered to immediately advance $100,000 to Gov. Emmerson's unemployment commission if Notre Dame would agree to give Northwestern the extra proceeds up to $100,000 made available by transferring the game to the larger stadium.

Only consent of the Western Conference faculty committee on athletics is needed to complete the arrangement.

Dr. Scott called President O'Donnell last night and the Notre Dame faculty board of control of athletics in a special meeting tonight approved the proposal.

Clifford Rawson, secretary-treasurer of the Los Angeles Junior Chamber of Commerce, reports that arrangements are being rapidly completed for the Los Angeles $10,000 open golf tournament and that all will be in readiness within the next few weeks.

"The firm stand taken by the junior chamber on the 10 per cent argument with the tournament bureau of the P.G.A. has had its desired effect," commented Rawson yesterday, "and assurances of full co-operation have been received from the directors of the bureau."

The local tournament, which heads the array of events on the winter schedule, will be played over the Wilshire Country Club course on January 9, 10 and 11. Wilshire is ideally suited for the tournament. It is a splendid test of championship golf and its central location is a decided asset.

TROJAN COACH WEIGHS PLAN

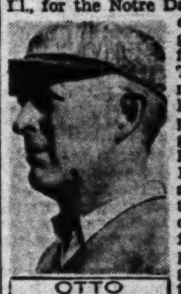
Would See Ramblers Against Northwestern Team

Plans to Start His Varsity in Hawaii Tilt

Figures Players Need Drill Against Shift

BY BRAVEN DYER

Howard Jones is seriously considering flying back to Evanston, Il., for the Notre Dame-Northwestern football game one week from tomorrow. The Trojan mentor would like to get a personal glimpse of Knute Rockne's 1930 Ramblers and could make the trip without being away from his own players for any great length of time.



OTTO KLUM

Southern California has no game scheduled for the 22nd inst., playing Washington here Thanksgiving Day. Jones finds that he could leave here next Thursday, fly to Kansas City and take an overnight train to Chicago, reaching there Saturday morning. By leaving immediately after the Notre Dame-Northwestern encounter Jones could be home Monday morning, thereby losing only two practice days with his team.

DEVINE SCOUTS

Aubrey Devine saw Notre Dame wallop Pennsylvania and will also watch the Irish against Drake tomorrow, but Rockne did not have to show anything against the Quakers and will get by with even less against Drake. So Devine's fund

Prediction by South Bend citizen who arrived in this city yesterday: The present Notre Dame team overshadows the Four Horsemen team like a tent. No team out this way could possibly touch Rockne's eleven this year. Southern California hasn't got a chance December 6.

"SECOND WONDER TEAM"

THERE is nothing bashful about "Red" McQueen, the 250-pound Hawaii football team's official p. a. He calls the current aggregation "our second Wonder Team."

It seems the first "Wonder" outfit was the 1925 eleven which defeated Washington State in the islands after the Cougars had knocked over the Trojans in Howard Jones's first year at the local university.

"Red" is almost ready to go on record that Hawaii can lick the Trojans tomorrow.

He sat in the press box and watched California go to pieces last week-end, and predicts the Hawaiians can beat the Golden Bears four or five touchdowns.

Of course, the difference between four and five touchdowns and the eleven by which the Trojans overwhelmed the Bears doesn't afford Hawaii much consolation.

But "Red" believes you can knock off about five or six of those touchdowns, these arriving after S.C. got the Bears on the run.

Therefore, he holds the thought of Jones starting a second string line-up and the Hawaiians getting the jump.

However, it is understood that Mr. Jones is planning to double cross Mr. McQueen by opening the game with the first varsity and putting on all steam ahead for a few minutes, at least.

The Trojan regulars played four minutes against Denver, but they may participate against Hawaii long enough to get the perspiration percolating.

⁂

TRIP FOR TROJANS

THE Hawaiians are very hot about getting Southern California to visit the islands, and Mr. McQueen says they can guarantee $25,000 for the trip.

This is only pin money compared with the $125,000 which Troy probably received as its share of the receipts in the California game.

However, the journey would afford the Trojans a nice trip, and come as a neat reward for the season's endeavors.

It is extremely unlikely that the Trojans, even if they should defeat Notre Dame December 6, would consider a proposition to play the New Year's Day game.

They have been defeated by Washington State, and if the Cougars should come through undefeated, as appears likely at the current writing, the northwestern boys deserve the award.

TRAUNG PRESENTS LIST OF "UNDESIRABLE" BOXING MEN

SAN FRANCISCO, Nov. 13. (AP)—Appearing before the special committee appointed by Gov. C. C. Young to investigate boxing conditions in California, Charles F. Traung, San Francisco member of the State Athletic Commission, today gave the committee a list of names of men he considered "undesirables" in the game. The special committee, headed by Allen B. The sessions will continue indefinitely here.

Poly Humbles Roosevelt Eleven; Hollywood Lightweights Lose Chance at City

ROUGH RIDERS DEFEATED, 13-8

De Groot's Team Rallies in Second Half

Former Minor Loop Champs Almost Win Tilt

Mechanics Score Twice in First Two Periods

BY BOB RAY

In a thrilling struggle that left the issue in doubt right up to the final gun, Polytechnic's Mechanics defeated the Roosevelt Rough Riders, 13 to 8, before a crowd of 5000 leather-lunged fans yesterday at Wrigley Field.

After piling up a 13-point lead in the first half and looking for all the world like cinches to win easily, the Mechanics were forced to fight for all they were worth to stave off a determined Roosevelt rally in the last two periods. The Rough Riders looked like a different team in that last half when they rammed over one touchdown, came within a yard of scoring another, chalked up a safety when Lott punted from behind the end zone and appeared on the road to a winning touchdown until a 15-yard holding penalty stopped their march.

Lott's punting in the opening period put Roosevelt in the hole, the Mechanic end booting the ball out of bounds on the 9 and 15-yard lines, and Poly's attack finally churned out a touchdown. Starting from Roosevelt's 46-yard line, the Mechanics marched to the 19-yard stripe, from where McCullum shot around right end on a reverse to score. Lott failed to convert.

Poly's second touchdown march was for 58 yards, Ralphs and Reis doing most of the gaining. Reis cracked across the 3-yard stripe to score and Lott added the extra point.

The Mechanics should have scored another touchdown before the half ended, Kudlac and Taylor missing perfect passes from Ybarra with clear fields ahead of them.

Taking the kick-off at the start of the third quarter, the Rough Riders drove deep into Poly territory until a fifteen-yard penalty stopped them. McCullum fumbled and Watts recovered for Roosevelt on Poly's 26-yard stripe. The Mechanics took the ball on downs, but McCullum fumbled again, Atanasoff recovering for Roosevelt on Poly's 26-yard stripe. The Mechanics took the ball on downs, but McCullum fumbled again, Atamasoff recovering for Roosevelt on the Poly 15-yard mark. Ramona plowed to the 1-yard stripe and Galitzen took it over. Galitzen failed to score the extra point on a plunge over right tackle.

Three straight first downs made by Reis pulled Poly out of the hole after the kick-off, but Roosevelt started marching again once it got the ball. With Ramona and Galitzen packing the ball and the latter completing a couple of passes for lengthy gains, the Rough Riders gained a first down on Poly's 3-yard line. Poly took the ball on its 1-yard line, but Lott punted from behind the end zone, giving Roosevelt an automatic safety and 2 points.

A fumble by Reis gave Roosevelt another chance and when Galitzen's pass to Ramona put the ball on Poly's 18-yard line it looked like a Rough Rider victory. But a fifteen-yard penalty checked the Rough Riders and gave Poly the ball.

Roosevelt got the ball just before the game ended and tried one more pass that Kudlac knocked down.

Fresno Preps Have No One to Play With

FRESNO, Nov. 13. (AP)—In a position somewhat like the young fellow who was all dressed up but had no place to go, Fresno High has a football team, a place to play and plenty of footballs, but no opponent for here next week, Thursday or Friday night preferred.

It all happened because Fresno Technical High School's team was forced to disband following a riot during the game with Kingsburg. Fresno Tech was supposed to meet Fresno High next week, but the Kingsburg affair left Fresno High without an opponent. Coach Lee Harris said he would try to get a game for his boys even if he had to go as far as Eureka for an opposing team.

FAIRFAX RETAINS LEAD IN CLASS B RACE

Driving straight down the field in the first quarter, Coach Frank Shaffer's Fairfax Colonials turned in a 7-0 victory over Coach Williams's strong Manual Arts lightweight team yesterday on the Toiler field. Chuck McGowan packed the ball over from the 15-yard line after he and Capt. Carl Siegmund had brought it to that point in five plays from the 50-yard line.

Couts, Manual tackle, played a strong game, as did Maddox, the other Toiler tackle. Max Passin stood out on the Fairfax line. The Colonials are the only undefeated team in the lightweight league, but still have to play Coach Irwin Tanner's strong Fremont eleven before they can claim the championship.

NORTH HOLLYWOOD BABES NOSE OUT UNIVERSITY

Led by the flashy work of Bridges, the North Hollywood babes nosed out the University lightweights, 13 to 7, yesterday in a hard-fought game played on the loser's gridiron. University led by a 7-to-6 margin until the last period, when Bridges tossed a 35-yard pass to Olson, who was downed on the 5-yard line. Bridges went over the goal line from there on a line buck. Bridges also scored the winners' first touchdown and converted the extra point. Diamon accounted for the Warriors' tally on a 12-yard dash around end.

BELMONT UPSETS REDSHIRT TEAM

Eber's Eleven Turns in 7-0 Victory

Hilltoppers Eliminate Movie City Outfit

Winners Score Touchdown in Second Period

Coach Clarence Eber's powerful Belmont lightweight gridders chalked up a 7-to-0 victory over a fighting Hollywood squad yesterday on the Hilltoppers' oval to eliminate "Rockne" Pash's team from the 1930 title race and give the undefeated Fairfax Colonials a clear path to the Bee championship.

The Redshirt Babes threatened time and again in the initial period only to be held scoreless by a determined Crown Hill aggregation. On several nice punt exchanges, Hollywood took the ball on its own 20-yard stripe. A bad pass from center was recovered by Grodinsky of Belmont. With but a few seconds left to play in the first half, the home team completed a pass over the goal line, Punaro to Orlansky, for the lone tally of the game. Fontana added the extra point with his kick between the uprights.

The last two periods found the Hollywood Babes struggling to break down the lead of the Belmont squad, and in the closing minutes of play succeeded in working the ball to the Green and Black 15-yard marker on a series of completed passes. They failed to push over a score, the gun barking with the oval on Belmont's 10-yard line.

Splendid interference coupled with timely kicking on the part of the Ebersmen was responsible for the win. Outstanding for the winners were Leach, Orlansky and Ello.

PACIFIC, CAL PREP IN TIE GAME, 6-6

Holding the strong Pacific Military Academy eleven to a 6-6 tie, Coach T. L. Browne's Cal Prep squad did the unexpected yesterday afternoon by checking the strong Cadet offense in a game played on the Cal Prep field.

Pacific broke the ice by scoring late in the first quarter on a 30-yard pass from Stinson, quarter, to Cowart, right end. Cal Prep rallied in the third period to tie the score, Ross, center, going over after a sustained march of about 65 yards down the field. The line-ups follow:

Both El Monte and Puente ended the season with the same percentage and Bergie Bergstrom's Lions will be entered in the C.I.F. football play-off.

SEAHAWKS TIE PIRATE BABES, 0 TO 0

The lightweight football teams of San Pedro and Santa Monica high schools battled through four periods of scoreless play yesterday on the formers' gridiron. Both teams played hard, exciting football, but neither could advance the ball past their opponents' 10-yard line. FREMONT AND LINCOLN GAME CALLED OFF

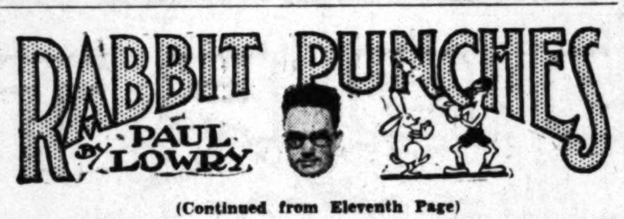
Because of the showers which visited the city yesterday afternoon, the game between Coach Don Parker's Lincoln High lightweight footballers and the Fremont High lightweights which was scheduled for yesterday was moved up to the 24th inst. by officials in charge of athletics at the two institutions.

JORDAN BABES SWEEP TO 14-0 VICTORY

Coach "Swede" Renius's Jordan lightweights turned in another victory yesterday afternoon, this time at the expense of the Riis Vikings. The game was played on the Jordan field and saw Renius's eleven victorious by a 14-0 score. Jordan clicked on all six yesterday the Riis outfit failing to chalk up a single first down.

YALE MEN LEAD

Only seven Big Three graduates now hold jobs as head coaches at other institutions. Six of them are Yale alumni, while the other, Charley Caldwell, is a former Princeton star.



(Continued from Eleventh Page)

And a victory over Notre Dame would bring greater glory to the Trojans this year than a win over any team that could be selected from the East, Far South or Middle West.

Notre Dame is headed for another undefeated record right up to the Southern California fracas, and no New Year's tilt this season can begin to command the interest that this game, played in the regular season, holds.

So it is not improbable that the Trojans may play a return engagement with Hawaii in the islands some time in mid-December.

A "RED" GRANGE

BY THE way, Mr. McQueen asks the dear old public to pay particular attention to Hiram Kaaku, the "Red" Grange of the islands.

"Red" says he is the fastest thing on two feet and proposes a match race in football suits for 100 yards between Hiram and Orv Mohler.

"Red" also calls attention to John Wise, brother of Bill Wise, who starred against Occidental the last time the visitors played a local encounter.

John is heralded as a much better back than Bill, and the latter was a pretty sweet ball packer. Lemon Holt, who was a team-mate of Bill's, is playing with the town team in the islands, according to "Red."

THE BOXING EVIL

SOMEBODY on the New York Boxing Commission should raise a little tumult over the Fidel La Barba-Kid Chocolate featherweight situation.

La Barba decisively beat Chocolate, and the latter was promptly signed for a title match with Bat Battalino, the featherweight champion.

All La Barba gets as a reward for victory is a bout with Bud Taylor, who has slipped so far that his best friends wince from looking at the shell of a once great fighter.

And then the boxing promoters wonder what is wrong with the dear old fight game. They might do well to think over that old adage about trying to fool the people all the time.

Gallery arrangements for the open are to be handled entirely by members of the Wilshire club, and this plan is expected to insure proper gallerying of all leading players.

Parking facilities will be improved, it has been announced, and golf fans holding season tickets will be given preferred space.

It was also announced yesterday that the Hawaiian open, which was not held this year as the principal courses are under reconstruction, will be on the schedule in 1931.

Red McQueen, Hawaii's ambassador, reports that $10,000 will likely be hung up for the pros to shoot at. The 1929 event carried a purse of $6000. The Hawaiian tournament is an invitational affair, and leading professionals will again be invited to compete.

HARDING COURSE NAMED FOR WOMEN'S EVENT

Mrs. George M. Midgley, president of the women's auxiliary, S.C.G.A., announced yesterday that the Warren G. Harding course in Griffith Park has been selected for the 1930 Los Angeles city women's championship, which starts Monday with an eighteen-hole qualifying round.

A strong field is expected, according to Mrs. Midgley, with the possibility that Mrs. Gregg Lifur of Riviera, former California State and Southern California women's champion; Mrs. Dorothy Campbell Hurd of Philadelphia, internationally famous star, and Miss Peggy Wattles of Buffalo, N. Y., and Miss Bea Gottlieb of Rancho will be among the entrants.

Mrs. Midgley played the Harding course yesterday with Mrs. Lifur and Mrs. Roy Green of California, the defending champion. The course was found to be in excellent condition for the tournament.

Any women golfer with a handicap from scratch to 26 is eligible to enter the championship.

TIGERS, FREMONT TO MEET TODAY

(Continued from Eleventh Page)

league, specializes in galloping the ends and making yardage off tackle.

While Lincoln's undefeated record makes them the favorite to win over Fremont, Dirckx's Pathfinders are out to win today. Fremont's line is just as big as Lincoln's and Dirckx figures that with Clark functioning on all six, his eleven will chalk up a victory.

Four other games are listed for the City League elevens, the best being the Belmont-Hollywood affair. With the loss of three of its stars, Vic Kelley's outfit will have a tough time this afternoon. Ed Bradley, halfback, flunked out of school, while Dave Zabriskie, star tackle, and Sid Kahn, another backfield man, are out with injuries. Zabriskie's loss is the one that hurts, however, as the big blond was just about half the Hollywood line, Bill Merrill at center being the other haf.

Manual Arts makes the trip to Fairfax for a "breather" with the Colonial eleven, while the L.A. High Romans encounter the same type of opposition in the Garfield Bulldogs.

Coach Belford's Bulldogs have played three games so far this season, and, while losing all of them, have turned in creditable performances. Fremont eked out a 12-6 victory in the league opener, while Lincoln triumphed 14-0 the following Friday. Then came the Fairfax fracas, which resulted in no game being played because of the overenthusiasm of half a dozen Colonial fans. Fairfax forfeited to Garfield.

Last week, Roosevelt barely managed to scrape through with a 7-0 win, which means that Garfield isn't as weak as she is painted. However, there isn't much chance for a Bulldog victory today.

In the last game of the lot, Franklin and Jefferson collide on the Democrat field. If Frank Hess can keep the Panthers going full speed for four quarters, Franklin should turn in a victory, but if Franklin fades in the last period like it has done against Roosevelt, Hollywood and Lincoln, Harry Edelson's charges are likely to win.

REDLANDS, CHAFFEY TANGLE TODAY

COVINA, Nov. 13.—Coach Daniels's fast-coming Redlands Terriers will have their final opportunity to chalk up a league victory when they play host to Coach Howard Mitchell's potent Chaffey eleven tomorrow in the final game for both teams and the only Citrus Belt League contest scheduled for the afternoon. The Tigers are big favorites to cop the battle because of their fine record this season, being beaten but once in league competition. The Redlands outfit has performed like champions in their last two games, holding San Bernardino to a 7-6 score and playing a 6-6 tie with Archie Nisbet's Pomona Cardinals and they may upset the highly touted Tigers.

BOZEMAN, JORDAN IN BILLIARD TILT

J. Bozeman and Charles Jordan, the only undefeated players in the tournament, will meet tonight in the Clifford Jones Billiard Academy in the final match of the Southwest three-cushion championship tournament. The winner will go to San Francisco to play for the far western crown, and the victor will compete in the national tourney. In yesterday's matches, Jordan had a high run of six in forty-four innings to defeat J. Van Gelder, 50 to 48. Bozeman had a high run of seven in thirty-six innings to win from William Lane, 50-26. Lane plays Van Gelder in this afternoon's match.

HOWARD JONES MAY FLY EAST

Trojan Coach May Scout Notre Dame

(Continued from Eleventh Page)

of information won't be as great as Jones might wish.

The Trojan mentor personally scouted both Stanford and California this year and turned around and scored a point a minute in these two games. He has never gone back to see the Irish and his aides on the Trojan coaching staff are urging him to make the trip this time. They feel that good as Devine is as a scout, Jones, in watching the Ramblers against Northwestern, can pick up information which may mean the difference between victory and defeat. Jones will probably await word from Devine before he definitely makes up his mind about flying East.

Northwestern lost to Notre Dame, 26 to 6, last year, but this season's Purple aggregation is rated much stronger than the 1929 team. Whether it is good enough to extend the Irish is another question.

In the meantime the Trojans are bearing down in their preparations for tomorrow's game with the colorful University of Hawaii eleven. Jones stated last night that he will open the game with his first string. Gene Clarke will take Garrett Arbelbide's place at right end, but with this lone exception the varsity will take the field against the Roaring Rainbows.

"Hawaii uses the Notre Dame style of play to a considerable extent," said Jones last night. "And I want my regulars to get acquainted with this method of attack. Our next two games, Washington and Notre Dame, are against this shifting attack and we need all the practice we can get against it. I have no way of knowing how strong Hawaii is and therefore can't take any chances."

Otto Klum's team went through a spirited workout at the Rose Bowl yesterday afternoon and will come to the Coliseum for practice today. "I feel that we will show fans some real football," said Klum yesterday. "I haven't let my boys read the newspapers so they don't know much about those lop-sided victories over Stanford and California. They will not be looking for places to hide Saturday. The boys were a little boat weary when we arrived but today they got the kinks out of their systems and we will be ready for a great battle Saturday."

Hawaii played Oregon in the North last year and lost, 7 to 0, when Robinson of the Webfeet returned a punt 60 yards. Klum's team gained 202 yards from scrimmage, largely through use of the forward pass, and got to Oregon's 2-yard line on one occasion. Johnny Wise is rated an exceptionally accurate tosser and his heaves in practice at the Rose Bowl bear out this contention.

LOYOLA LIONS TRAVEL NORTH

Lieb and Squad Leave for Cal Aggie Game

A small band of some thirty-five Loyola University football players will board a Southern Pacific train at 6:10 this evening and proceed onward to Sacramento, where they are scheduled to meet Coach Crip Toomey's California Agriculture College football team on Saturday afternoon. Coach Tom Lieb is taking every member of the Lion squad on this trip, the only one of the season.

Loyola will be out to win Saturday's encounter in order to even up her won-and-lost column. So far this season she has lost to Fresno State and and St. Ignatius. She has one win and that over the College of the Pacific. If she wins Saturday her season will be evened up and it will look a lot better to Coach Tom Lieb.

This will be the third time the two institutions have met on the gridiron. Two years ago they met at Loyola Field and the Aggies walked away with a 6-to-0 victory. Then last year the Lions won and evened up the score. Both teams will be fighting their hardest for Saturday's victory.

Those making the trip are Coach Tom Lieb, Charles Riley, backfield coach; Doc Anderson, trainer; Tom Jefferson, manager; Reid, T. Sargent, B. Sargent, G. Sargent, D. McEachon, Karagozian, Lauerman, Haines, Weber, Flynn, Gergman, McNicholas, Kristovich, Gerrie, Stinton, Sullivan, Brubaker, Hannon, Euge, Strutzel, Pheasant, Hoose, Smith, Gleason, Hayes, Lane, T. McEachon, Amendola, Garvin and Kelleher.

PIRATE MIDGETS RUN OVER SEAHAWKS

San Pedro High School's crack C football team rang up a 21-to-0 victory over the Santa Monica midgets yesterday in a game played on the losers' gridiron. The Pirates outplayed the Seahawks throughout the game, scoring once in the first quarter and twice in the third period. Metzger starred for the winners, making two touchdowns on line plays and accounting for one conversion. Santaetta was responsible for the visitors' other marker, also made on a line buck. Vaquera converted twice for the Pirates.

STEIN, VONNEL IN HANDBALL FINALS

Dr. Art Stein and Russ Vonnel, Y.M.C.A., advanced to the final round of the Southern California senior doubles championship by defeating Lloyd Griffith and C. E. Miller, L.A.A.C., in two out of three hard-fought matches at the Elks' Club last night. The game scores were 20-12, 21-9, 21-4. In the other match Fred Olney and Fred Spaulding eliminated Vic Hayek and Ira Courtney, L.A.A.C., 12-21, 21-9, 21-4. The finals will be played tonight on the Elks' Club courts.

FIREMEN PLAY SAILOR SQUAD

Rose Bowl Will Be Scene of Smoke-eater Games

Pasadena's famous Rose Bowl will be the scene of the next two Los Angeles Fire Department football games, E. O. Barnett, athletic director announced yesterday. Sunday the Firemen play the U.S.S. California at the Crown City and one week later they clash with the San Diego Marines at the Rose Bowl.

Both of these games against service teams are looked upon as tough contests by the Firemen. To date the hook and ladder boys have won six victories while they have only tasted defeat once this season. Bill Blewett, coach of the Firemen, is confident his players will down the Gobs on Sunday without too much trouble.

The sailor team, however, is very likely to pull something in the way of a surprise, the harbor experts claim. The California players won their divisional fleet championship recently.

Tickets for the North Dakota game went on sale last week, E. O. Barnett announced. The North Dakota University team, one of the strongest in the Mid-West comes here Christmas Day to meet the Firemen. The ducats can be obtained at fire department headquarters or B. H. Dyas Company.

Hansen, center; Laverne Binder, end, and Cahn, tackle.

"Bud" Martin, football manager, and Marvin Haley, rally committee chairman, also were routed from their beds and joined the throng. Martin spoke, reiterating the stand taken by Cahn. The affair closed with the singing of "All Hail, California," about 5 a.m.

Following the action of the student executive committee that it would stand behind and support Price and the football team, Arthur M. Arlett, editor of the Daily Californian, who had been demanding immediate investigation into California and Pacific Coast football activities, today acknowledged editorially that after all "beat Stanford" should come first and that his investigation could wait until after the 22nd inst.

LIONS TAKE LEAD IN ICE HOCKEY LEAGUE

The Gilmore Lions took undisputed possession of first place in the Southern California Senior Ice Hockey League by nosing out the Union Oil Pirates, 9 to 7, at the Winter Garden rink last night. The feature of the game was the inability of the goal tenders to check the offensive thrusts of their opponents. The total of sixteen goals for one game is thought to be some kind of a scoring record for the Winter Garden. The Lions and Pirates, along with several other teams, were tied for the league lead until last night's game.

Papke, Richie King in Semi-Wind-up

BY KAY OWE

y should beat Vigo Doman ollywood American Legion night. Jack Kearns's heavyweight is in better shape than when he fought Les Kennedy and Royal Elliott and Doman isn't as good a fighter as either Kennedy or Elliott. That's the consensus of opinion in fight circles. Doman has a chance and it is his old right hand that has laid low many a heavyweight in front when the crash

is a pleasing fighter for a ight. He can't hit like the big boys, but he is aggressive. Fay is busy of the time he is and gives the fans pay for—action. He with Royal Elliott, who made the fight he had been less aggressive the Fay-Elliott fight been a farce. It aggressiveness that a great fight and he by getting a draw.

Papke fighting Richie King is the semi-wind-up is a fight that is attractive. Papke has been razzed for fighting what the fans believed set-ups. Papke is only a kid with fifteen professional fights and he can't be panned for taking on King. A year ago Richie would have made a sucker out of Papke, but the blond boy has started to slip and he may get stopped tonight like many other victims of Papke's famous wallop. Papke will be a favorite because Bobby Reister and Bobby La Salle have stopped King within the last six months.

The sailors on the Idaho are coming to Hollywood to back their heavyweight, Pickle Heintz, who fights Gus Heib in the special. Heintz is a 19-year-old kid who has about twenty knockouts. Old tars in the Navy claim he looks fully as good as did Jack Sharkey when he was a gob. Heintz is favorite.

Patterson left last night on the Los Angeles Limited to meet Sampson en route at Ogden, Utah.

CALLAHAN'S TEAM STARS

Playing to large crowds, and with twenty-four consecutive wins, Mushy Callahan's Haberdashers seem to be unbeatable in their stride to break all existing city indoor records. TIGERS OFF FOR SANTA BARBARA

Oxy, State Elevens Clash at Pershing Park Tonight

Unbeaten Roadrunners Have Caltech Tie to Credit

Twenty-nine Gridders Make Jaunt This Morning

The Oxy football aggregation, thirty-six strong, leaves at 8 o'clock this morning for Santa Barbara where they will meet the Santa Barbara State eleven tonight in what promises to be a hectic battle. The tilt tonight will be held in Pershing Park which was recently equipped with arc lights.

The Santa Barbara Roadrunners have the strongest team in their history, having a 7-7 tie score with Caltech to their credit. Caltech is leading the Southern California race with an undefeated record and has only to play San Diego State. Oxy lost to Caltech last Friday night by a 6-0 count, so this installs Santa Barbara a slight favorite tonight by dope. However, comparative scores mean little on the gridiron and a toss-up is perhaps the best prediction of the outcome of the game.

The Staters boast of a deceptive offense which includes passes, trick plays, spin plays and lateral passes. Their offensive threats are Pinky Greeson, flashy quarterback, who is a phenomenal passer; Fred Parutchy who assumes the role of the hard-plunging fullback, and Cecil Hickman, a fast open-field runner. Hal Davis, Santa Barbara coach, is formerly from Stanford where he coached the "Grays" and is using all of Pop Warner's bag of tricks.

Coach Eddie Kienholz will counter with a fast-running offense that features Dick Glover and Tuffy Reed doing the ball packing. The Tiger passes have been working better in the past two games and Stoney Johnston may uncork an aerial attack as well.

The Bengals making the trip this morning are: Chandler Ball, Ivan Bellman, Bob Blee, Art Buell, Capt. Jerry Chappell, Bud Davies, Warren Eppinette, Bob Freeman, Dick Glover, Larry Green, Bob Hibbitts, Ben Hilliard, Al Hunt, Martin Hansen, Stoney Johnston, Bernie Johnson, Norman McDonald, Bill Meyers, Howdy Marsh, Jimmy Meeks, Jack Parle, Johnny Reed, Jack Schurch, Meb Schroeder, Dave Snedden, Bob Snyder, Johnny Waddell, Don Bourell and Sanders.

In addition to the twenty-nine football men, two coaches, three managers, and two trainers are making the northern jaunt. They are Eddie Kienholz and Bill Anderson, coaches, Bob Williams, Si Johnson and Roy Dennis, managers, and Harry Bigger and Frank Flanagan, trainers.

ROADRUNNERS ALL SET FOR CLASH WITH BENGALS

SANTA BARBARA, Nov. 13.—Santa Barbara State College's Roadrunners will make their last bow of the season tomorrow night when they meet the Oxy Tigers in a homecoming game. The Tigers are the only obstacle between the Santa Barbara State and a perfect season, the Roadrunners being one of the few undefeated elevens on the Pacific Coast.

Coach Hal Davis's men have been put through a lot of new tricks these last few days, and a number of surprises are in store for the Tigers, it is believed here.

Cecil (Ace) Hickman, the 165-pound star half whose generalship led the home boys to a continuous string of victories, will be back in position after a ten-day layoff from injuries. This is his last college game.

Making a strong bid for entrance into the Southern California Conference, the Roadrunners this year have defeated Cal-Christian, La Verne, Whittier and Redlands, tied Caltech and are determined to add Oxy to their string.

Tomorrow night's starting State line-up will find Pierucci, Barnett, Hickman, Treloard in the backfield; Goodfield and Colton, ends; Barth and Allerdice, tackles; Davis and Imes, guards, and Capt. Johnson at center. Kessler and Greeson will alternate with Pierucci and Treloard at full and quarter, respectively.

against their November opponents." But look at the Tigers' November opponents! Chicago, Lehigh and Yale! One more big game, while Notre Dame has yet to meet Drake, Northwestern, Army and U.S.C. (glimpse a real schedule.) Roper, an inspirational coach above all things, apparently has weak material and a team weak in the fundamentals of football.

What a valedictory! Not a major game won in his last two seasons! The Tigers' record against Yale and Harvard since the war is exceptionally good, however. In eight games with the Crimson, 1919-1926, the Orange and Black has lost only one and tied two. And in the three years, 1924-1926, Princeton ran up 82 points to Harvard's 0! Against Yale, the Tiger has won six and lost five since the war.

BRUNDAGE CERTAIN TO RETAIN BERTH

NEW YORK, Nov. 13. (AP)—The re-election of Avery Brundage of Chicago as president of the Amateur Athletic Union at the national convention in Washington on Sunday, Monday and Tuesday was forecast in A.A.U. circles today. No other names have been mentioned in what little preconvention discussion there has been. Brundage, a former track-and-field athlete, has served as president for two years,

BRUINS IN HARD WORKOUT

Spaulding Preparing U.C.L.A. for Oregon State; Plans for Westwood Stadium Denied

Scrimmage against the tricky plays of the Oregon State football team occupied the football players of U.C.L.A. at practice yesterday afternoon on the Westwood field. The "goofs," inspired by the playing of Freddy Oster, frosh coach, at fullback, and the varsity battled away in scrimmage for nearly two hours.

Complete denial of rumors that U.C.L.A. would have a football stadium capable of holding 40,000 persons, to be constructed within the next two years, was made by Steve Cunningham, graduate manager, yesterday afternoon. "I don't know where the story came from," Cunningham said. "Some day, when the Associated Students can afford it, a medium-sized stadium may be built, but that date is not in sight now, and construction of a stadium is not being considered at the present. At present, no location has even been suggested, and no finances are available."

Construction of a stadium on the Westwood campus must be financed by the Associated Students just as the Memorial Stadium at Berkeley was. The new gymnasiums for men and women will be erected before a stadium in any event, Cunningham stated.

The entire Bruin grid squad will be back in perfect condition next week, according to Trainer Billy Burke. Dick Mulhaupt and Leonard Wellendorf, the two regular ends who have been on the bench with injuries most of the last two games, will be back this week for practice, and the other players who were bumped up at Oregon last Saturday are back in good shape now. Mulhaupt and Wellendorf will probably have a fight on their hands to stay on the first eleven, since both Leslie Haight and "Chuck" Smith played good games up north against the Webfeet.

The Oregon State game will be the last night game this year for the Bruins, and will be played a week from tonight at the Los Angeles Coliseum. Coach Leo Calland's Idaho Vandals meet Coach Spaulding's Westwooders on Saturday afternoon, the 29th inst., at the Coliseum in the season's finale for the Bruins.

LEADING SQUASH PLAYERS COLLECT

Two squash stars from the Los Angeles Athletic Club, and one each from the Hollywood A.C. and the University Club, won their matches last night in the senior national squash championship tournament now in progress at the L.A.A.C. Ackley (L.A.A.C.) defeated Castello (U.C.) 21-12, 21-10; Hopper (H.A.C.) defeated Stiles (L.A.A.C.) 21-5, 17-21, 21-10; Jones (U.C.) defeated Home (L.A.A.C.) 21-1, 21-16; Mullen (L.A.A.C.) defeated Graham (H.A.C.) 21-10, 21-15.

AMANN MEETS MAGRENA

Rube Amann, Whittier heavyweight prospect who hung up an impressive winning streak as an amateur, will meet Johnny Magrena in the six-round main event at the Pico Bowl next Wednesday night. It will be Amann's first professional start and in Magrena he is being given a tough opponent for the test.

ENGINEERS OFF FOR PALO ALTO

Caltech Hopes to Score on Stanford Tomorrow

Coach Fox Stanton and twenty-four Caltech football players boarded the Lark last night for Palo Alto, where the Engineers meet Stanford tomorrow.

The Engineers have no hopes of trimming Pop Warner's athletes, but they hope to keep the score well down and possibly push over a touchdown. Stanton's lateral pass offense is tricky and the Pasadena team expects to show the Cards something about handling the ball.

Players who made the trip are: Centers, Treig, Crawford; guards, Bernstein, Johnson, Pickett, Murdock, Gunderson, Pruden; tackles, Morris, Bruderlin, Shuler, Foss; ends, Crawford, Hayes, Keely, Mass; quarterbacks, Bennett, Goodman, Mathews; backs, Dickey, Foster, Eastman, Watson, Mendenhall.

ABIE MILLER PICKED TO WIN OVER GARCIA

Abie Miller, former national amateur bantamweight boxing champion, will be a slight favorite over Bobby Garcia in the six-round main event at the Main-street club tomorrow night. There are three other sixrounders and a four-rounder on the card. The sixes are: Al Herrera vs. Bet Sampson, 147 pounds; Joe Pimenthal vs. Louis Ramos, 128 pounds, and Vincent Martinez vs. Jack Keenan, 145 pounds. Jack Kay and Joe Stube, 145-pounders, will box the six-round curtain-raiser.

YOUNGSTERS IN SPOTLIGHT

Olympic Features Flock of Comers With Punch in Five Six-Round Battles Next Tuesday

Hoping to develop new main-event talent, the Olympic will stage an all-star card of juvenile mittmen Tuesday night. There will be five six-round bouts.

The card replaces the postponed Young Corbett-Paulie Walker battle. Corbett is on the sidelines with an infected tooth and may not be back in form until the middle of next month.

The bouts for next week are: Bobby Reister vs. Bert Anderson, Bobby Pacho vs. Benny Pelz, Wild Man Macias vs. Tony Portillo, Billy Papke, Jr., vs. Billy Wagner, and Chalky Wright vs. Ray Cervantes.

This layout includes just about all the sensational punchers now campaigning for bigger things. Reister, Macias, Papke and Wright are all known knockout punchers.

Reister has a record of thirteen knockouts in sixteen fights and Macias checks in with thirty-nine kayoes in fifty-three battles. Papke has been winning by knockouts in most of his professional fights.

Pelz, who meets Pacho, recently whipped Young Galvez, the Filipino conqueror of Young Papke. Macias knocked Matt Codan down eighteen times in four rounds for some kind of a new record.

Portillo, chosen to fight Macias, is a headliner in the Northwest and San Diego. Anderson hails from Butte, Mont., and, it is claimed, may beat Reister to the punch.

Cervantes, who faces Wright, comes to the big club with a draw registered against Jimmy Mack, flashy favorite at Hollywood.

The Olympic has Cecil Payne and Eddie Mack booked for the 25th inst., and Benny Bass, junior lightweight champion, may be Tod Morgan's opponent here a week later.

MACK FLOORS FOE IN PASADENA GO

Louis Ayala lasted less than a round against Jimmy Mack in the scheduled eight-round main event at Pasadena last night. Mack dropped Ayala five times in the first canto before the referee stopped the bout, giving it to Mack on a technical knockout verdict. The four-rounders: Leo Dominguez outpointed Rickey Hall; Dell Price drew with Hugh Shropshire; Ad Cadena outpointed Bobby Pierce; Joe Vasquez outpointed Vernon Center; Ray Pollock outpointed Curt Becker.

LONGSHOREMEN MEET VENTURA LEGION TEAM

LONG BEACH, Nov. 13. — Fresh from an impressive showing against Benny Lom's San Francisco Legionnaires, Manuel Laraneta's Longshoremen tackle the powerful Ventura County Legion at Long Beach Legion Field Sunday, 2:15, for the Southern California championship.

Ventura, an all-star aggregation picked from the Santa Paula and Santa Barbara Legion elevens, will be an even-money choice, against the Cargo Hookers. Santa Paula, single-handed, held the Laraneta outfit to an 8-0 score early in the season. Strengthened by the addition of several Santa Barbara stars, it hopes to reverse the decision this time.

Scores nearly 2 to 1 over Nearest Rival in City-wide Test of 4 leading Cigarettes

By ROBERT RIPLEY, Himself

"Believe it or not, folks . . . I wish OLD GOLD would lose one of these tests. It would add to the excitement. But I can't change the facts.

"So far, in the nine public tests I have conducted, OLD GOLD has been chosen as the best cigarette, by a rousing majority.

"At Philadelphia, it was the same old story. 984 smokers each smoked and compared the four leading cigarettes with the brand names covered up by a black band. They didn't know which cigarette was which. But when they indicated the cigarette that tasted best . . . the result was a landslide for OLD GOLD.

"Believe it or not . . . I accepted the invitation to conduct these tests on the distinct understanding that O. G. would publish its defeats as well as victories.

"But so far, I haven't been able to get any OLD GOLD defeats."

WATER POWER QUIZ DELAYED

Council Postpones Action on Survey for Week

Department Fights Plan for Financial Inquiry

Jacobson and Williams Also Oppose Proposal

Another week's delay was the result of a City Council committee session yesterday afternoon on the problem of making an unprejudiced and nonpolitical survey of the capital structure of the Department of Water and Power.

Burdett Moody, business manager of the department, and Thomas Ford, publicity man, headed a delegation of Power Bureau representatives in opposition to the proposed investigation.

The hearing was before the finance, water and power and public utilities committees, represented by Councilmen Cooke, as chairman, Burns, Sanborn, Davis, Williams, Jacobson and Randall. Present also were Budget Director Knox and General Manager Marsh of the Department of Public Utilities and Transportation.

SURVEY PROPOSED

The meeting had before it a recommendation that the Budget and Public Utilities Department make a survey of the Water and Power Department to determine the division of bond funds, interdepartmental charges, distribution of expense and required rates as between the Bureau of Water Works and Supply and the Bureau of Power and Light.

As explained by Councilman Cooke, it is the wish of the Council to know definitely if there is basis for the widespread charges that the Power Bureau takes financial advantage of the Water Bureau or vice versa.

He pointed out that last spring there was talk of raising water rates 5 cents per 100 cubic feet. If such a rate is proposed by the Water and Power Commission, it must be approved by the Council, and Cooke wishes to arm himself with figures in advance.

During the discussion, Ford asked the hypothetical question: "If the Power Bureau is 'robbing' the Water Bureau, what of it? The water users and power users are nearly the same."

DIFFERENCE ASSERTED

Councilman Burns replied there is a great deal of difference, and added that the Board of Education manages to keep high school and elementary school funds and expenditures separate.

Councilmen Jacobson and Williams voiced opposition to any such investigation. They contended that the department will answer any questions asked by the Council on finances.

Councilman Burns again brought up the matter of the building, erected from water funds, in which space is devoted to power uses. The answer was that the Power Bureau pays "rent," but it was not stated on what basis.

Burns moved adoption of the report, but after more discussion Jacobson's plea that there be another week to consider was agreed upon.

The committee spent a short time discussing a resolution of Councilman Williams, which asks for an investigation of charges of "sinister influences" and "political machinations," made by Mayor Porter and E. M. Scofield, recently ousted from the Water and Power Commission. This resolution comes before the Council this morning.

Women's Clubs Leader Points Way to Peace

"The way to peace is not along the path of education but along the path of emotion; you've got to love the right and not merely know it and then you will get something accomplished."

That was the counsel of Mrs. Thomas G. Winter, former president of the General Federation of Women's Clubs and now associated with the Motion-Picture Exhibitors' and Distributors' Association, in an address last night which was part of the Armistice program given at the City Club by the Council on International Relations, the League of Nations Association and the City Club.

The general topic was international understanding and Mrs. Winter explained how, in her opinion, the motion picture is becoming a great factor in promoting such understanding. It is because the motion picture's appeal is essentially emotional that she regards it as potentially one of the greatest forces in promoting human understanding and world peace, she said after she hd designated emotion as the main source of human motivation.

Other speakers were Mrs. Susan M. Dorsey, former superintendent of schools; Dr. Frank C. Touton, vice-president of the University of Southern California; Mrs. John C. Urquhart, chairman of the board of directors of the League of Nations Association, and Dr. Allan A. Hunter, chairman of the peace committee of the Church Federation of Los Angeles. Prof. J. Eugene Harley presided.

Woman Rails at Councilmen for Street Project

Shortly after the City Council adopted a report changing the plans for the extension of Hoover street northward to the Hollywood Hills a woman property owner in the district arose and engaged in a verbal encounter with the members in which she offered to bet that "not ten of you know what you're voting on."

She contended that the Council should not make such a radical change as to stub-end Hoover at Wilshire Boulevard. She retreated at last when informed she will have an opportunity to protest before the Street Opening and Widening Committee when the City Engineer brings in the modified plans.

The hearing of protests against the improvement of streets in the Courtney avenue and Courtney Terrace district was continued until the 21st inst. and the hearing of protests against the improvement of Eighty-eighth Place between Halldale and Normandie avenues was continued until May 14.
